Medicare and Medicaid Programs; Quarterly Listing of Program Issuances—Fourth Quarter, 1999 through First Quarter, 2002

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS. **ACTION:** Notice.

SUMMARY: This notice lists CMS manual instructions, substantive and interpretive regulations, and other Federal Register notices that were published from October 1999, through March 2002, relating to the Medicare and Medicaid programs. This notice also identifies certain devices with investigational device exemption numbers approved by the Food and Drug Administration that potentially may be covered under Medicare, and provides information on national coverage determinations affecting specific medical and health care services under Medicare.

Section 1871(c) of the Social Security Act requires that we publish a list of Medicare issuances in the **Federal Register** at least every 3 months. Although we are not mandated to do so by statute, for the sake of completeness of the listing, we are also including all Medicaid issuances and Medicare and Medicaid substantive and interpretive regulations (proposed and final) published during this timeframe.

FOR FURTHER INFORMATION CONTACT: It is possible that an interested party may have a specific information need and not be able to determine from the listed information whether the issuance or regulation would fulfill that need. Consequently, we are providing information contact persons to answer general questions concerning these items. Copies are not available through the contact persons.

Questions concerning Medicare items in Addendum III may be addressed to Karen Bowman, Office of Communications and Operations Support, Division of Regulations and Issuances, Centers for Medicare & Medicaid Services, C5–13–27, 7500 Security Boulevard, Baltimore, MD 21244–1850, (410) 786–5252.

Questions concerning Medicaid items in Addendum III may be addressed to Cindy Potter, Center for Medicaid State Operations, Policy Coordination and Planning Group, Centers for Medicare & Medicaid Services, S2–01–01, 7500 Security Boulevard, Baltimore, MD 21244–1850, (410) 786–6714.

Questions concerning Food and Drug Administration-approved investigational device exemptions may be addressed to Sharon Hippler, Office of Clinical Standards and Quality, Coverage and Analysis Group, Centers for Medicare & Medicaid Services, C4– 11–04, 7500 Security Boulevard, Baltimore, MD 21244–1850, (410) 786– 4633.

Questions concerning national coverage determinations should be directed to Kimberly Long, Office of Clinical Standards and Quality, Coverage and Analysis Group, Centers for Medicare & Medicaid Services, S3– 11–15, 7500 Security Boulevard, Baltimore, MD 21244–1850, (410) 786– 5702.

Questions concerning all other information may be addressed to Christopher McClintick, Office of Communications and Operations Support, Division of Regulations and Issuances, Centers for Medicare & Medicaid Services, C5–13–15, 7500 Security Boulevard, Baltimore, MD 21244–1850, (410) 786–4682.

SUPPLEMENTARY INFORMATION:

I. Program Issuances

The Centers for Medicare & Medicaid Services (CMS) is responsible for administering the Medicare and Medicaid programs. These programs pay for health care and related services for 39 million Medicare beneficiaries and 35 million Medicaid recipients. Administration of these programs involves (1) furnishing information to Medicare beneficiaries and Medicaid recipients, health care providers, and the public and (2) maintaining effective communications with regional offices, State governments, State Medicaid agencies, State survey agencies, various providers of health care, fiscal intermediaries and carriers that process claims and pay bills, and others. To implement the various statutes on which the programs are based, we issue regulations under the authority granted to the Secretary of the Department of Health and Human Services under sections 1102, 1871, 1902, and related provisions of the Social Security Act (the Act). We also issue various manuals, memoranda, and statements necessary to administer the programs efficiently.

Section 1871(c)(1) of the Act requires that we publish a list of all Medicare manual instructions, interpretive rules, statements of policy, and guidelines of general applicability not issued as regulations at least every 3 months in the **Federal Register**. We published our first notice June 9, 1988 (53 FR 21730). Although we are not mandated to do so by statute, for the sake of completeness of the listing of operational and policy statements, we are continuing our practice of including Medicare substantive and interpretive regulations (proposed and final) published during the 3-month time frame.

II. How To Use the Addenda

This notice is organized so that a reader may review the subjects of manual issuances, memoranda, substantive and interpretive regulations, and Food and Drug Administrationapproved investigational device exemptions, and national coverage determinations published during the timeframe to determine whether any are of particular interest. We expect this notice to be used in concert with previously published notices. Those unfamiliar with a description of our Medicare manuals may wish to review Table I of our first three notices (53 FR 21730, 53 FR 36891, and 53 FR 50577) published in 1988, and the notice published March 31, 1993 (58 FR 16837). Those desiring information on the Medicare Coverage Issues Manual may wish to review the August 21, 1989 publication (54 FR 34555). Those interested in the procedures used in making national coverage determinations may review the April 27, 1999 publication (64 FR 22619). In this publication, the 1989 proposed rule affecting national coverage procedures and decisions (54 FR 4302) was withdrawn, and the procedures for national coverage determinations established.

To aid the reader, we have organized and divided this current listing into six addenda:

• Addendum I lists the publication dates of the most recent quarterly listings of program issuances.

• Addendum II identifies previous Federal Register documents that contain a description of all previously published CMS Medicare and Medicaid manuals and memoranda.

• Addendum III lists a unique CMS transmittal number for each instruction in our manuals or Program Memoranda and its subject matter. A transmittal may consist of a single instruction or many. Often, it is necessary to use information in a transmittal in conjunction with information currently in the manuals.

• Addendum IV lists all substantive and interpretive Medicare and Medicaid regulations and general notices published in the **Federal Register** during the quarters covered by this notice. For each item we list the—

• Date published;

• Federal Register citation;

• Parts of the Code of Federal Regulations (CFR) that have changed (if applicable);

- Agency file code number;
- Title of the regulation;

• Ending date of the comment period (if applicable); and

• Effective date (if applicable).

• Addendum V includes listings of the Food and Drug Administrationapproved investigational device exemption numbers that have been approved or revised during the quarters covered by this notice. On September 19, 1995, we published a final rule (60 FR 48417) establishing in regulations at 42 CFR 405.201 et seq. that certain devices with an investigational device exemption approved by the Food and Drug Administration and certain services related to those devices may be covered under Medicare. It is our practice to announce all investigational device exemption categorizations, using the investigational device exemption numbers the Food and Drug Administration assigns. The listings are organized according to the categories to which the device numbers are assigned (that is, Category A or Category B, and identified by the investigational device exemption number).

• Addendum VI includes completed national coverage determinations from June 28, 1999, the effective date of Medicare's new coverage process. Completed decisions are identified by title, a brief description, effective date, and section in the appropriate federal publication.

III. How To Obtain Listed Material

A. Manuals

Those wishing to subscribe to program manuals should contact either the Government Printing Office (GPO) or the National Technical Information Service (NTIS) at the following addresses:

Superintendent of Documents, Government Printing Office, ATTN: New Orders, P.O. Box 371954, Pittsburgh, PA 15250–7954, Telephone (202) 512–1800, Fax number (202) 512– 2250 (for credit card orders); or

National Technical Information Service, Department of Commerce, 5825 Port Royal Road, Springfield, VA 22161, Telephone (703) 487–4630.

In addition, individual manual transmittals and Program Memoranda listed in this notice can be purchased from NTIS. Interested parties should identify the transmittal(s) they want. GPO or NTIS can give complete details on how to obtain the publications they sell. Additionally, most manuals are available at the following Internet address: http://www.hcfa.gov/ pubforms/progman.htm.

B. Regulations and Notices

Regulations and notices are published in the daily **Federal Register**. Interested individuals may purchase individual copies or subscribe to the **Federal Register** by contacting the GPO at the address given above. When ordering individual copies, it is necessary to cite either the date of publication or the volume number and page number.

The Federal Register is also available on 24x microfiche and as an online database through GPO Access. The online database is updated by 6 a.m. each day the Federal Register is published. The database includes both text and graphics from Volume 59, Number 1 (January 2, 1994) forward. Free public access is available on a Wide Area Information Server (WAIS) through the Internet and via asynchronous dial-in. Internet users can access the database by using the World Wide Web; the Superintendent of Documents home page address is http:/ /www.access.gpo.gov/nara/index.html, by using local WAIS client software, or by telnet to swais.access.gpo.gov, then log in as guest (no password required). Dial-in users should use communications software and modem to call (202) 512–1661; type swais, then log in as guest (no password required).

C. Rulings

We publish rulings on an infrequent basis. Interested individuals can obtain copies from the nearest CMS Regional Office or review them at the nearest regional depository library. We have, on occasion, published rulings in the **Federal Register**. Rulings, beginning with those released in 1995, are available online, through the CMS Home Page. The Internet address is http://www.hcfa.gov/regs/rulings.htm.

D. CMS's Compact Disk-Read Only Memory (CD–ROM)

Our laws, regulations, and manuals are also available on CD–ROM and may be purchased from GPO or NTIS on a subscription or single copy basis. The Superintendent of Documents list ID is HCLRM, and the stock number is 717– 139–00000–3. The following material is on the CD–ROM disk:

• Titles XI, XVIII, and XIX of the Act.

• CMS-related regulations.

• CMS manuals and monthly

revisions.

• CMS program memoranda.

The titles of the Compilation of the Social Security Laws are current as of January 1, 1999. (Updated titles of the Social Security Laws are available on the Internet at *http://www.ssa.gov/ OP_Home/ssact/comp-toc.htm.*) The remaining portions of CD–ROM are updated on a monthly basis.

Because of complaints about the unreadability of the Appendices (Interpretive Guidelines) in the State Operations Manual (SOM), as of March 1995, we deleted these appendices from CD–ROM. We intend to re-visit this issue in the near future and, with the aid of newer technology, we may again be able to include the appendices on CD–ROM.

Any cost report forms incorporated in the manuals are included on the CD– ROM disk as LOTUS files. LOTUS software is needed to view the reports once the files have been copied to a personal computer disk.

IV. How To Review Listed Material

Transmittals or Program Memoranda can be reviewed at a local Federal Depository Library (FDL). Under the FDL program, government publications are sent to approximately 1,400 designated libraries throughout the United States. Some FDLs may have arrangements to transfer material to a local library not designated as an FDL. Contact any library to locate the nearest FDL.

In addition, individuals may contact regional depository libraries that receive and retain at least one copy of most Federal Government publications, either in printed or microfilm form, for use by the general public. These libraries provide reference services and interlibrary loans; however, they are not sales outlets. Individuals may obtain information about the location of the nearest regional depository library from any library.

Superintendent of Documents numbers for each CMS publication are shown in Addendum III, along with the CMS publication and transmittal numbers. To help FDLs locate the materials, use the Superintendent of Documents number, plus the transmittal number. For example, to find the Intermediary Manual, Part 3—Claims Process, (HCFA Pub. 13–3) transmittal entitled "Mammography Screening," use the Superintendent of Documents No. HE 22.8/6 and the transmittal number 1782.

(Catalog of Federal Domestic Assistance Program No. 93.773, Medicare—Hospital Insurance, Program No. 93.774, Medicare— Supplementary Medical Insurance Program, and Program No. 93.714, Medical Assistance Program) Dated: June 20, 2002. Jacquelyn Y. White, Director, Office of Communications and Operations Support.

Addendum I

This addendum lists the publication dates of the most recent quarterly listings of program issuances. June 4, 1998 (63 FR 30499) August 11, 1998 (63 FR 42857) September 16, 1998 (63 FR 49598) December 9, 1998 (63 FR 67899) May 11, 1999 (64 FR 25351) November 2, 1999 (64 FR 59185) December 7, 1999 (64 FR 68357) January 10, 2000 (65 FR 1400) May 30, 2000 (65 FR 34481)

Addendum II—Description of Manuals, Memoranda, and HCFA Rulings

An extensive descriptive listing of Medicare manuals and memoranda was published on June 9, 1988, at 53 FR 21730 and supplemented on September 22, 1988, at 53 FR 36891 and December 16, 1988, at 53 FR 50577. Also, a complete description of the Medicare Coverage Issues Manual was published on August 21, 1989, at 54 FR 34555. (Please note that in this publication the 1989 proposed rule referred to, concerning the criteria for national coverage determinations, was withdrawn (64 FR 22619)). A brief description of the various Medicaid manuals and memoranda that we maintain was published on October 16, 1992 (57 FR 47468).

Addendum V—Categorization of Food and Drug Administration—Allowed **Investigational Device Exemptions**

Under the Food, Drug, and Cosmetic Act (21 U.S.C. 360c), devices fall into one of three classes. Also, under the new categorization process to assist CMS, the Food and Drug Administration assigns each device with a Food and Drug Administration-approved investigational device exemption to one of two categories. To obtain more information about the classes or categories, please refer to the Federal Register notice published on April 21, 1997 (62 FR 19328).

The following information presents the device number, category (A or B), and criterion code.

We include below all of the NCDs that have been effective since June 28, 1999, the effective date of Medicare's new coverage process. Please note that because we order the NCDs by effective date, some of the decisions are dated later than March 2002, the terminus for most of the other information listed in this notice. The entries below include information concerning completed decisions as well as sections on program and decision memoranda, which also announce impending decisions or, in some cases, explain why it was not appropriate to issue a NCD. We identify completed decisions by title, effective

please note that in some cases more than one NCD was made affecting a single procedure. Information on

completed decisions as well as pending decisions has also been posted on the

Decision Memoranda Announcing Maintenance of Existing National Coverage Determination

The following decision memoranda announce the agency's intention to issue

NCDs or they announce the agency's determination that NCDs are inappropriate and thus reasonable and necessary determinations are left to contractor discretion. The relevant sections of the Coverage Issues Manual, however, have not yet been revised. The revisions will occur at a later date.
