

pipelines. A state must submit an annual performance progress report to validate responsibility for regulating intrastate pipelines, and states who receive federal grant funding must also show the state has adequate damage prevention plans and associated records in place.

PHMSA uses this information to evaluate a state's eligibility for federal grants and to enforce regulatory compliance. This information collection request requires a participating state to annually submit a Gas Pipeline Safety Program Performance Progress Reports and/or a Hazardous Liquid Pipeline Safety Program Performance Progress Report to PHMSA's Office of Pipeline Safety showing compliance with the terms of the certification and to maintain records detailing a damage prevention plan. The purpose of the collection is to exercise oversight of the grant program and to ensure that states are compliant with federal pipeline safety regulations.

PHMSA intends to request renewal of this information collection and to make minor, editorial changes to instructions and definitions sections of Gas Pipeline Safety Program Performance Progress Report and a Hazardous Liquid Pipeline Safety Program Performance Progress Report in order to update and clarify how participating state agencies should report the required information.

Affected Public: State and local governments.

Annual Reporting and Recordkeeping Burden:

Total Annual Responses: 117.

Total Annual Burden Hours: 4,473.

Frequency of Collection: Annually.

Comments to Office of Management and Budget are invited on:

(a) The need for the proposed information, including whether the information will have practical utility in helping the agency to achieve its pipeline safety goals;

(b) The accuracy of the agency's estimate of the burden of the proposed collection;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.
