#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for a renewal of a  
currently approved information  
collection. The National Oceanic and  
Atmospheric Administration (NOAA)  
provides educators an opportunity to  
gain first-hand experience with field  
research activities through the Teacher  
at Sea Program. Through this program,  
educators spend up to three weeks at  
sea on a NOAA research vessel,  
participating in an on-going research  
project with NOAA scientists. Once  
educators are selected and participate  
on a cruise, they write a report detailing  
the events of the cruise and ideas for

classroom activities based on what they  
learned while at sea. These materials are  
then made available to other educators  
so they may benefit from the experience,  
without actually going to sea  
themselves. In order to better serve the  
participants, the Teacher at Sea Program  
will survey the teacher participants on  
their experience before, during, and  
after they return from sea. The survey  
will collect data only from teacher  
participants, not from applicants.

#### Certain Welded Carbon Steel Standard Pipes and Tubes From India: Extension of the Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration,

Department of Commerce.

**DATES:** *Effective Date:* October 15, 2010.

**FOR FURTHER INFORMATION CONTACT:**  
Michael A. Romani or Minoo Hatten,  
AD/CVD Operations, Office 5, Import  
Administration, International Trade  
Administration, U.S. Department of

1690, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 14, 2010, the Department of  
Commerce (the Department) published  
the preliminary results of the  
administrative review of the  
antidumping duty order on certain  
welded carbon steel standard pipes and  
tubes from India. *See Certain Welded  
Carbon Steel Standard Pipes and Tubes  
from India: Preliminary Results of  
Antidumping Duty Administrative  
Review*, 75 FR 33578 (June 14, 2010).  
The review covers the period May 1,  
2008, through April 30, 2009. The final  
results of the review are currently due  
no later than October 12, 2010.

##### Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act  
of 1930, as amended (the Act), requires  
the Department to issue the final results  
of an administrative review within 120  
days after the date on which the  
preliminary results are published. If it is  
not practicable to complete the review  
within this time period, section  
751(a)(3)(A) of the Act allows the  
Department to extend the time limit for  
the final results up to 180 days after the  
date on which the preliminary results  
are published.

We determine that it is not practicable  
to complete the final results of this  
review within the original time limit  
because we need additional time to  
analyze certain complicated issues  
relating to the universe of sales and the  
date of sale. Therefore, we are extending  
the time period for issuing the final  
results of this review by 24 days until  
November 5, 2010.
