This Notice also lists the following information:

Title of Proposal: Innovation of the Day Project.

OMB Control Number: XXXX-pending.

Description of the need for the information and proposed use: The Online Innovation Submission Form is necessary to collect information for sharing with the public through the Innovation of the Day Project.

"Innovation of the Day" is a new online submission and display platform located on HUD.gov, facilitated through the Office for International and Philanthropic Innovation (IPI) in PD&R at HUD. The simple and intuitive platform is designed to seek out and lift up the best models, practices and systems in the area of housing and community development, from both inside and outside HUD, and expose them to the public through continuous updates to the Innovation of the Day Web site. The submissions will be available to HUD and non-HUD employees to encourage a synergy within and without on these kinds of innovations. HUD employees will connect to the work as they begin to notice, search for and submit innovations from the field and from within HUD to the page. This will create a sense of ownership, awareness and connection to the work in the field and give HUD staff the chance to engage as they may not have previously. Non-HUD individuals will also develop a greater connection to HUD and its work in housing and community development. It will indirectly give some exposure to their own work as they fill out the submission and it is posted.

Members of affected public: Individuals.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

ESTIMATED RESPONDENT BURDEN HOURS AND COSTS
