SUPPLEMENTARY INFORMATION:**I. Background**

Section 4 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Pub. L. 91-513) requires the Secretary of Health and Human Services (the Secretary) to determine the appropriate methods of professional practice for the medical treatment of narcotic addiction. In addition, the Narcotic Addict Treatment Act of 1974 (Pub. L. 93-281) amended the Controlled Substances Act (21 U.S.C. 823) to require that practitioners who wish to dispense narcotic drugs to individuals for the maintenance treatment or detoxification treatment of narcotic addiction must be registered annually with the Department of Justice, Drug Enforcement Administration (DEA). Registration depends, in part, upon a determination by the Secretary that the applicant is qualified, under treatment standards established by the Secretary, to provide such treatment. In addition, the applicant must comply with standards established by the Secretary (after consultation with DEA) respecting the quantities of narcotic drugs that may be provided for unsupervised use by individuals in such treatment. Finally, the applicant must comply with standards established by DEA respecting security of stocks of narcotic drugs used
