The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public only.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States:

unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds

that such articles should not be excluded from entry.

19 U.S.C. 1337(d)(1).

The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation, specifically: A general exclusion order directed to certain apparatus and methods of opening containers that are imported, sold for importation, and/or sold after importation that infringe claim 12 of U.S. Patent No. 10,519,016. Comments should address whether issuance of the recommended remedial order in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

S&P Global Inc., 55 Water Street, New York, NY 10041, and IHS Markit Ltd., 4th Floor, Ropemaker Place, 25 Ropemaker Street, London, United Kingdom, EC2Y 9LY, Defendants.

Civil Action No.: 1:21-cv-3003-JEB

COMPLAINT

The United States of America, acting under the direction of the Attorney General of the United States, brings this civil antitrust action against S&P Global Inc. ("S&P") and IHS Markit Ltd. ("IHSM") to enjoin S&P's proposed merger with IHSM, to enjoin anticompetitive conduct by IHSM, and to obtain other equitable relief. The United States complains and alleges as follows:

I. Introduction

1. On November 30, 2020, S&P and IHSM announced a merger to combine in an all-stock transaction that values IHSM at approximately \$44 billion. S&P and IHSM are both financial and commodity information conglomerates, providing market data, indices, news, and analytical tools to participants in various financial and commodity markets around the world.

2. S&P and IHSM operate two of the four global price reporting agencies ("PRAs") and two of the three leading PRAs in the United States. S&P provides PRA services through its Platts division ("Platts"), while IHSM offers PRA services primarily through its Oil Price Information Services ("OPIS"), Coal, Metals, and Mining ("CMM"), and PetrochemWire ("PCW") businesses.

3. PRAs provide price assessments, news, and analysis related to numerous commodity markets around the world. PRAs sell their services to commodity industry participants (e.g., oil refiners, commodities traders, large fuel consumers like airlines), that use the information to inform supply and demand decisions, as a reference for price terms in supply contracts, and as the basis for settling hedging instruments like futures contracts.
