

for filing, and served it on the firm's clients, and the other who reviewed and redacted the document but failed to protect the other party's CBI.

Case 4. The Commission determined that an economic consultant breached the APO in a title VII investigation by making BPI available to unauthorized parties on three separate occasions.

The document that was the subject of all three breaches was a presentation slide prepared by the consultant's firm. The slide at issue contained unredacted BPI that revealed information in a chart about pricing data. The first breach occurred when copies of the slide were distributed during a meeting that included individuals who were not authorized under the APO to receive BPI. The second breach occurred at a second meeting, to additional unauthorized individuals who were not present at the first meeting. The third breach occurred at a public Commission hearing when the economic consulting firm displayed the slide in question on a large screen and distributed paper copies. At the conclusion of the presentation, a Commission employee approached the economic consultant to express concerns that the slide had exposed BPI. At the conclusion of the hearing, the economic consultant attempted to retrieve the paper copies from the recipients, which the Commission then collected.

In determining whether to issue a sanction for the breach, the Commission considered the following mitigating factors: (1) all three breaches were inadvertent and unintentional; (2) the breaching party took prompt action to remedy the third breach and prevent further dissemination of BPI; (3) the breaching party implemented new procedures to prevent against similar breaches in the future; and (4) the individual involved had not previously breached an APO in the two-year period preceding the dates of these breaches. The Commission also considered the following aggravating factors: (1) all three breaches resulted in the exposure of BPI to unauthorized individuals; (2) the breaching party violated the APO on three occasions; and (3) the breaching party did not discover the breaches.

The Commission issued a private letter of reprimand to the economic consultant responsible for creating, reviewing, and disseminating the slide to unauthorized individuals.

By order of the Commission.

Issued: December 17, 2024.

Secretary to the Commission.

## DEPARTMENT OF LABOR

### Bureau of Labor Statistics

#### Information Collection Activities; Comment Request

**AGENCY:** Bureau of Labor Statistics, Department of Labor.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed reinstatement with change of the "Contingent Work Supplement (CWS) to the Current Population Survey (CPS)" to be conducted in May 2025. A copy of the proposed information collection request can be obtained by contacting the individual listed below in the Addresses section of this notice.

**DATES:** Written comments must be submitted to the office listed in the Addresses section of this notice on or before February 21, 2025.

**ADDRESSES:** Send comments to Erin Good, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, by email to [BLS\\_PRA\\_Public@bls.gov](mailto:BLS_PRA_Public@bls.gov).

**FOR FURTHER INFORMATION CONTACT:** Erin Good, BLS Clearance Officer, at 202–691–7628 (this is not a toll-free number). (See **ADDRESSES** section.)

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The purpose of this request for review is for the Bureau of Labor Statistics (BLS) to obtain clearance for a reinstatement with change for the Contingent Work Supplement (CWS) to the Current Population Survey (CPS), which was last conducted in July 2023. The proposed CWS questions focus on people with contingent jobs—those that people do not expect to last or that are temporary—and workers in alternative employment arrangements, such as independent contractors, on-call

workers, temporary help agency workers, and workers provided by contract firms. There are also questions to identify digital labor platform workers, those who obtain work or pick tasks by using a digital labor platform mobile application (app) or website to directly connect them with customers or clients and arrange payment for the tasks.

Because this supplement is part of the CPS, the same detailed demographic information collected in the CPS will be available on respondents to the supplement. Comparisons will be possible across characteristics such as sex, race and ethnicity, age, and educational attainment of the respondent.

The CWS will provide information on the number and characteristics of workers in contingent jobs and alternative employment arrangements and those using digital labor platforms. The CWS was fielded periodically 5 times from 1995 to 2005 and then in May 2017 and July 2023. There is interest in more regular collection of these data to show how the number and characteristics of these workers are changing over time. The May 2025 CWS will allow researchers and policy makers to evaluate how the number and characteristics of these workers has evolved. Policy makers also can use these data to inform the design of regulations for different types of workers.

BLS is proposing modest changes to the May 2025 supplement, with the addition of three new questions about digital labor platform work. These questions will provide more information about the platforms, including whether the app controls the price or pay and how the app is used to get work.

## II. Current Action

Office of Management and Budget clearance is being sought for the Contingent Work Supplement to the CPS. A reinstatement with change of this previously approved collection, for which approval has expired, is needed to provide the Nation with timely information about contingent and alternative work arrangements.

## III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

*Title of Collection:* Contingent Work Supplement (CWS) to the Current Population Survey (CPS).

*OMB Number:* 1220–0153.

*Type of Review:* Reinstatement, with change.

*Affected Public:* Households.

*Total Number of Respondents:* 48,000.

*Frequency:* Once.

*Total Responses:* 48,000.

*Average Time per Response:* 3 minutes.

*Estimated Total Burden Hours:* 2,400 hours.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed on December 17, 2024.
