

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 23–287; RM–11961; DA 23–750; FR ID 166960]

Television Broadcasting Services Idaho Falls, Idaho

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by NPG of Idaho, Inc. (Petitioner), the licensee of KIFI-TV, channel 8, Idaho Falls, Idaho. The Petitioner requests the substitution of channel 18 for channel 8 at Idaho Falls in the Table of Allotments.

DATES: Comments must be filed on or before October 5, 2023 and reply comments on or before October 20, 2023.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: Patrick Cross, Esq., Brooks, Pierce, McLendon, Humphrey & Leonard, L.L.P., Wells Fargo Capitol Center, Suite 1700, Raleigh, NC 27601.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647; or Joyce Bernstein, Media Bureau, at Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: In support, the Petitioner states that its proposed channel substitution would serve the public interest by resolving reception issues currently experienced by a meaningful cross-section of viewers in KIFI-TV's service area, thereby expanding the availability of reliable, free over-the-air network television service within the market. According to the Petitioner, KIFI-TV has received numerous complaints about reception of its channel 8 facility since the end of the DTV transition in 2009, a common difficulty shared by other stations with VHF channel assignments in the Idaho Falls market. The Petitioner further states that the Commission has recognized that VHF channels pose challenges for their use in providing digital television service, including propagation characteristics of these channels that allow undesired signals and noise to be receivable at relatively farther distances and that nearby electrical devices tend to emit noise that can cause interference in this band and reception of VHF signal require physically larger antennas relative to

UHF channel antennas. Moreover, when compared to the Station's current channel 8 facility, the proposed channel 18 facility will create a predicted service loss of only 327 persons using the Commission's TVStudy software tool, a number which the Petitioner asserts is de minimis. The Petitioner also points out that this loss prediction fails to account for the longtime and ongoing service challenges many KIFI-TV viewers experience due to channel 8's inferior propagation characteristics, which it expects will be remedied by switching to a UHF channel.

This is a synopsis of the Commission's *Notice of Proposed Rulemaking*, MB Docket No. 23–287; RM–11961; DA 23–750, adopted August 23, 2023, and released August 23, 2023. DEPARTMENT OF LABOR

48 CFR Chapter 29

RIN 1291–AA43

DOL Acquisition Regulation: Department of Labor Acquisition Regulation System

AGENCY: Office of the Assistant Secretary for Administration and Management, Department of Labor.

ACTION: Notice of proposed rulemaking; request for comments.

SUMMARY: The Department of Labor (DOL) is proposing to revise the Department of Labor Acquisition Regulations (DOLAR), in its entirety in order to update and streamline agency procurement regulations consistent with the Federal Acquisition Reform Act, and the Federal Acquisition Streamlining Act. The proposed updates remove provisions that are redundant or obsolete and codify the use of certain contractual provisions that DOL has developed and deployed in recent years in order to put potential contractors on notice of these provisions and to formalize their usage. The provisions address a range of matters, including: government property, continuity of operations, system requirements,

records management, telework policy for contractor personnel, submission of invoices, mandatory training for contractors, organizational conflicts of interest, and changing the scope of a contract. Proposed edits have also been made to existing language for clarity and streamlining purposes and do not change the substantive meaning of those provisions. The proposed revision will also remove provisions in the current DOLAR that are DOL internal operating procedures, which need not be published in the Code of Federal Regulations in order for them to take effect. The current DOLAR supplements the executive branch-wide Federal Acquisition Regulations (FAR) to address matters specific to the Department of Labor relating to its procurement of goods and services. It also includes certain rules governing private entities doing business with DOL.

DATES: Comments must be received on or before November 6, 2023 to be considered in the formulation of the final rule.

ADDRESSES: Comments may be submitted through www.Regulations.gov. Follow the website instructions for submitting comments. The electronic Federal Docket Management System at www.regulations.gov will accept electronic comments until 11:59 p.m. Eastern Time on the comment due date. Comments received will be available at regulations.gov for public viewing, inspection, or copies.

FOR FURTHER INFORMATION CONTACT: Ms. Isela Martin, Office of Suspension and Debarment, N-2445, 200 Constitution Ave. NW, Washington, DC 20210, (202) 693-7294. (This is not a toll-free number.)

II. Discussion

A. Background—The FAR, the OFPP Act, and the DOLAR

When Federal agencies acquire supplies and services using appropriated funds, the purchase is governed by the government-wide FAR, set forth at Title 48 of the Code of Federal Regulations (CFR), Chapters 1 through 53, and by agency specific regulations that implement and supplement the FAR. DOL's agency specific procurement regulations are found in the DOLAR, which is set forth at Chapter 29 of Title 48 of the CFR, Parts 2901 to 2953. The purpose of the DOLAR is to implement the FAR within DOL, and to supplement the FAR to address certain subject matter not covered in the FAR.

This rulemaking is issued under the authority of the Office of Federal Procurement Policy (OFPP) Act which provides the authority for an agency head to issue agency acquisition regulations that implement or supplement the FAR. DOL is proposing to revise the DOLAR in its entirety in order to update and streamline agency procurement regulations consistent with the Federal Acquisition Reform Act, and the Federal Acquisition Streamlining Act. The proposed updates remove provisions that are redundant or obsolete and codify provisions addressing a range of matters, including:

government property, continuity of operations, system requirements, records management, telework policy for contractor personnel, submission of invoices, mandatory training for contractors, organizational conflicts of interest, and changing the scope of a contract. Proposed edits have also been made to existing language for clarity and streamlining purposes and do not change the substantive meaning of those provisions. The proposed revision will also remove provisions in the current DOLAR that are DOL internal operating procedures, which need not be published in the Code of Federal Regulations in order for them to take effect, per 41 U.S.C. 1707 and FAR 1.301(b), 1.303(b). These provisions are not expected to have significant cost or administrative impact on contractors or offerors.

Codified acquisition regulations may be amended and revised only through rulemaking. The DOLAR uses the regulatory structure and arrangement of the FAR, and headings and subject areas are consistent with FAR content. The DOLAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts and sections.

B. Relation of the FAR to the DOLAR

The FAR contains many requirements related to agency procurements, which will not be repeated in DOL's proposed revision of the DOLAR. If the DOLAR does not include provisions supplementing the FAR under the corresponding part or subpart, it is because the FAR language is considered sufficient. Where the DOLAR does not address a FAR subject, the FAR guidance is to be followed. The DOLAR is not by itself a complete document, as it must be read in conjunction with the FAR.

C. Purpose of the Proposed Regulatory Action

The current DOLAR was last revised effective May 27, 2004, 69 FR 22990 (April 27, 2004). The revisions proposed in this rule will, if finalized: align internal departmental guidance in the DOLAR with the FAR, remove outdated and duplicative requirements, streamline sections, remove extraneous procedural information that applies only to DOL's internal operating procedures, and incorporate new regulatory sections to align with internal agency procedures as contained in DOL policy orders and policy instructions. This rulemaking effort creates an efficient DOLAR that is more straightforward. The revised DOLAR

will supersede the current regulation in its entirety.

D. Analysis

As stated above, this NPRM seeks comments on proposed changes that revise the DOLAR in its entirety. The proposed changes will remove parts which contain internal DOL policy and operating procedures, as well as parts that duplicate or adopt the FAR by reference; add parts which codify clauses that are currently prescribed for incorporation in DOL contracts, when appropriate; and rename and renumber sections to streamline the DOLAR.

The following parts of the current DOLAR are being proposed for removal because they are believed to relate to internal operating procedures of DOL and need not be published in the **Federal Register** (per 41 U.S.C. 1707 and FAR 1.301(b) & 1.303(b)): Part 2906—Competition Requirements; Part 2908—Required Sources of Supplies and Services; Part 2922—Application of Labor Laws to Government Acquisitions; Part 2923—Environment, Energy and Water Efficiency, Renewable Energy Technologies, Occupational Safety, and Drug-Free Workplace; Part 2929—Taxes; Part 2931—Contract Cost Principles and Procedures; and Part 2953—Forms.

The following parts of the current DOLAR are being proposed for removal because they are duplicative of the FAR, or merely adopt it by reference: Part 2910—Market Research is duplicative of FAR 6.302–1(c) and 10.002(b); Part 2912—Acquisition of Commercial items

is duplicative of FAR 12.302(c); Part 2913—Simplified Acquisition Procedures is duplicative of FAR 1306–3(b) and FAR 13.307; Part 2914—Sealed Bidding is duplicative of 14.404–1(c) and (f), 14.407–3(e), 14.407–3(i), and 14.408–1; Part 2916—Contract Types is duplicative of FAR 16.505(b)(5) and 16.603–2(c); Part 2917—Special Contracting Methods duplicates and adopts by reference FAR 17.203(g)(2), FAR 17.205(a), FAR 17.207(f), and FAR 17.503; Part 2930—Cost Accounting Standards Administration adopts by reference FAR 30.201–5; Part 2936—Construction and Architect-Engineer Contracts adopts by reference FAR 36.201, 36.209, 36.516, 63.602–1(b), 36.602–2, 36.602–3(d), 36.602–1, 36.602–5(b), 36.603, 36.604, and 36.702(c); Part 2944—Subcontracting Policies and Procedures duplicates FAR 44.201–1(b) or FAR 44.201–2 and adopts by reference FAR 44.202–2(a)), 44.203, and 44.302(a).

DOL is proposing to codify the following 15 standard contract clauses at Part 2952, which are currently used in DOL contracts, when appropriate, but are new additions to the DOLAR: Clause 2952.201–70, Contracting Officer's Representative (COR) Clause; Clause 2952.204–70, Records Management Requirements; Clause 2952.207–70, Contractor Personnel Telework; Clause 2952.209–70, Organizational Conflict of Interest Clause—OCI–1 Exclusion From Future Agency Contracts; Clause at 2952.211–70, internet Protocol Version 6 (IPv6); Clause 2952.224–70, Privacy

Breach Notification Requirements; Clause at 2952.232–70, Limitation of Government's Obligation (LoGO); Clause 2952.232.71 Submission of Invoices Clause at 2952.237–70, Emergency Continuation of Essential Services; Clause 2952.242–70, Access to Contractor Business Systems; Clause 2952.242–71, DOL Mandatory Training Requirements; Clause at 2952.243–70, Contractor's Obligation to Notify the Contracting Officer of a Request to Change the Contract Scope (Contractor's Obligation Clause); Clause at 2952.245–70, Contractor Responsibility to Report Theft of Government Property; and Clause at 2952.245–71, Asset Reporting Requirements. In addition to being codified at section 2952.39–70, the clause covering Section 508 Requirements is being revised to avoid duplication with the FAR 508 provisions and to replace a generic "508" reference with the exact CFR reference. This NPRM also proposes to add the following two new parts to the DOLAR for the sole purpose of prescribing certain of the contractual clauses described above: Part 2924—Protection of Privacy and Freedom of Information and Part 2939—Acquisition of Information Technology.

Lastly, the table below details subparts/sections that are being proposed for renaming, renumbering or both. Seven provisions also contain edits either to provide clarity, remove internal policy and procedure, or remove duplicative regulations already set forth in the FAR.

Current DOLAR provision	Proposed renaming/renumbering/edits
2901.4 Deviations from the FAR and DOLAR	Renamed: Deviations from the DOLAR.
2901.403 Individual Deviations from the FAR	Renumbered and Renamed: 2901.401 Individual Deviations from the DOLAR. Additionally, proposing to edit language regarding the process for requesting individual deviations to provide clarity.
2901.404 Class deviations	Renumbered and Renamed: 2901.402 Class deviations from the DOLAR. Additionally, proposing to edit language regarding the process for requesting class deviations to provide clarity.
PART 2902—DEFINITIONS OF WORDS AND TERMS.	Renamed: PART 2902—DEFINITIONS.
Subpart 2.1 Definitions	Renumbered: 2902.1 Definitions.
Subpart 2903.1—Safeguards	Renamed: Subpart 2903.1 Definitions.
2903.101 Standards of Conduct	Renamed: 2903.101 Definitions.
2903.101–1 General	Renamed: 2903.101–1 Definitions. Also proposing to define Agency Ethics Official and remove instructions to DOL acquisition personnel on where to find statutory prohibitions, which are contained in internal policy and procedure.
2942.101 Policy	Renamed: 2942.101 Contract Audit Responsibilities. The proposed change will change this into simply a heading and proposes to eliminate the internal procedure for the establishment of billing rates and indirect cost rates since it is prescribed in FAR 42.7.
2945.104 Review and correction of contractors' property control systems.	Renamed: 2945.104 Responsibility and Liability for Government Property. The proposed change will transform this into simply a heading and proposes to eliminate procedures for the review of a contractor's property control system, because it is established in internal policy and procedure.
2945.105 Records of Government property	Renamed: Contractors' property management system compliance. The proposed change will transform this into simply a heading and proposes to eliminate internal process related to Government furnished Property (GFP) files maintained by the CO, because these procedures are located in internal policy and procedure.

Current DOLAR provision	Proposed renaming/renumbering/edits
2952.201–70 Contracting Officer's Technical Representative (COTR).	Renamed: 2952.201–70 Contracting Officer's Representative (COR) Clause. Proposes to update to the most recent version of this clause where only paragraph (a) is proposed to establish issuance of COR delegation memo upon contract awards. No change to paragraphs (b), and (c).

Attached to this rule is an Appendix that provides a complete list of the sections/sub-sections of the DOLAR that are being removed, renamed, or added. The table above and the Appendix will not be codified.

III. Regulatory Certifications

Executive Orders 12866 (Regulatory Planning and Review) and 13563 (Improving Regulation and Regulatory Review)

This regulation has been drafted and reviewed in accordance with Executive Orders 12866 and 13563. This rule is primarily limited to agency organization, management and personnel as described by E.O. 12866, section 3(d)(3) and, thus, is not a “regulation” as defined by that Executive Order. Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives. DOL has examined the economic, budgetary, and policy implications of its regulatory action, and has determined that the impact on the public is minimal. The regulation mainly relates to internal DOL policies and procedures that do not impact the public, and otherwise addresses certain rules governing private entities doing business with DOL that likewise do not materially impact the public.

Regulatory Flexibility Act/Small Business Regulatory Enforcement Fairness Act

The Regulatory Flexibility Act (RFA), at 5 U.S.C. 603(a), requires agencies to prepare and make available for public comment an initial regulatory flexibility analysis, which describes the impact of the proposed Rule on small entities. Section 605 of the RFA allows an agency to certify a Rule, in lieu of preparing an analysis, if the proposed rulemaking is not expected to have a significant economic impact on a substantial number of small entities. This proposed rule seeks to streamline DOL's procurement regulation by removing obsolete provisions, codifying currently in use clauses, removing provisions which are located in internal policy or the FAR, and edits that do not have a substantive impact on the regulation. Therefore, this proposed rule does not affect small entities as defined

in the RFA and will not have a significant economic impact on a substantial number of these small entities. As a result, no regulatory flexibility analysis is required here.

Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)) requires that DOL consider the impact of paperwork and other information collection burdens imposed on the public. DOL has determined that this rule does not alter any information collection burdens.

Executive Order 13132 (Federalism)

Section 6 of E.O. 13132 requires Federal agencies to consult with State entities when a regulation or policy may have a substantial direct effect on the States, the relationship between the National Government and the States, or the distribution of power and responsibilities among the various levels of government, within the meaning of the E.O. Section 3(b) of the E.O. further provides that Federal agencies must implement regulations that have a substantial direct effect only if statutory authority permits the regulation and it is of national significance.

This proposed rulemaking revises the DOLAR which is DOL's regulation to implement the FAR and to supplement the FAR when coverage is needed for subject matter not covered in the FAR. Because the DOLAR primarily addresses internal operating procedure, we have determined that it does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment, as set forth in E.O. 13132.

Unfunded Mandates Reform Act of 1995

This regulatory action has been reviewed in accordance with the Unfunded Mandates Reform Act of 1995 (the Reform Act). Under the Reform Act, a Federal agency must determine whether a regulation proposes a Federal mandate that would result in the increased expenditures by State, local, or tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any single year. This proposed rule primarily makes administrative changes with respect to federal procurement administration. The requirements of Title II of the Act,

therefore, do not apply, and DOL has not prepared a statement under the Act.

Executive Order 13175 (Indian Tribal Governments)

DOL has reviewed the NPRM under the terms of E.O. 13175 and DOL's Tribal Consultation Policy and have concluded that the changes to regulatory text which are the focus of the NPRM would not have tribal implications, as these changes do not have substantial direct effects on one or more Indian tribes, the relationship between the Federal government and Indian tribes, nor the distribution of power and responsibilities between the Federal government and Indian tribes. Therefore, no consultations with tribal governments, officials, or other tribal institutions were necessary.

Subpart 2901.0—Scope of Subpart

2901.001 Scope of Subpart.

This chapter may be referred to as the Department of Labor Acquisition Regulation DOLAR. This subpart sets forth introductory information about the DOLAR. This subpart explains the relationship of the DOLAR to the FAR and explains the DOLAR's purpose, authority, applicability, exclusions, and issuance.

Subpart 2901.1—Purpose, Authority, Issuance**2901.101 Purpose.**

(a) This chapter contains the DOLAR. The DOLAR is established within the FAR System, at Title 48 of the Code of Federal Regulations (CFR).

(b) The purpose of the DOLAR is to implement and supplement the FAR in accordance with FAR Subpart 1.3 and authorities cited therein. The DOLAR is not by itself a complete document, as it must be used in conjunction with the FAR.

2901.103 Authority.

The DOLAR is issued pursuant to the authority of the Secretary of Labor under 5 U.S.C. 301 and 40 U.S.C. 486(c). This authority has been delegated to the Assistant Secretary for Administration and Management in accordance with FAR 1.301(d)(3).

2901.105 Issuance.**2901.105–1 Publication and code arrangement.**

The DOLAR is published in the CFR, as Chapter 29 of Title 48.

2901.105–2 Arrangement of regulations.

(a) Where the DOLAR implements the FAR, the implementing part, subpart, section, or subsection of the DOLAR is numbered and captioned, to the extent feasible, the same as the FAR part, subpart, section, or subsection being implemented, except that the section or subsection being implemented is preceded with a “29” or a “290” such that there will always be four numbers to the left of the first decimal. For example, the DOLAR implementation of FAR 2.101 is 2902.101.

(b) The DOLAR may have gaps in its numbering scheme because a FAR rule may not require DOLAR implementation.

Destruction of records is EXPRESSLY PROHIBITED unless in accordance with Paragraph (4).

(f) The contractor is required to obtain the contracting officer's approval prior to

engaging in any contractual relationship (sub-contractor) in support of this contract requiring the disclosure of information, documentary material, and/or records generated under, or relating to, contracts. The contractor (and any sub-contractor) is required to abide by government and DOL guidance for protecting sensitive, proprietary information, classified, and controlled unclassified information.

(g) The contractor shall only use government IT equipment for purposes specifically tied to or authorized by the contract and in accordance with DOL policy.

(h) The contractor shall not create or maintain any records containing any non-public DOL information that are not specifically tied to or authorized by the contract.

(i) The contractor shall not retain, use, sell, or disseminate copies of any deliverable that contains information covered by the Privacy Act of 1974 or that which is generally protected from public disclosure by an exemption to the Freedom of Information Act.

(j) [Insert the following if no other data rights clause has been included in the contract] The DOL owns the rights to all data and records produced as part of this contract. All deliverables under the contract are the property of the U.S. Government for which DOL shall have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any contractor rights in the data or deliverables must be identified as required by FAR 52.227–11 through FAR 52.227–20.

(k) Training. All contractor employees assigned to this contract who create, work with, or otherwise handle records are required to take the annual mandatory records management training, provided by DOL, as directed by the Contracting Officer's Representative (COR). The training shall be completed in a timeframe specified by the COR. The contractor confirms training has been completed according to agency policies, including initial training and any annual or refresher training.

C. Flow Down of Requirements to Subcontractors

(a) The contractor shall incorporate the substance of this clause, its terms, and requirements, including this paragraph, in all subcontracts under this contract and require written subcontractor acknowledgment of same.

(End of Clause)

2952.209–70 Organizational Conflict of Interest Clause—OCI–1 Exclusion From Future Agency Contracts.

As prescribed in 2909.507–70, insert the following clause:

Organizational Conflict of Interest Clause—OCI–1 Exclusion From Future Agency Contracts (December 2012)

This clause supplements the FAR provisions on organizational conflicts of interest, located at FAR subpart 9.500 and should be read in conjunction with these provisions. To the extent there is any inconsistency or confusion between the two provisions, the FAR provision controls.

(a) Work under this contract may create a future organizational conflict of interest (OCI) that could prohibit the contractor from competing for, or being awarded, future government contracts.

The following examples illustrate situations in which organizational conflicts of interest may arise. They are not all inclusive, but will be used by the contracting officer as general guidance in individual contract situations:

(1) Unequal Access to Information. The performance of this contract may provide access to “nonpublic information,” which could provide the contractor an unfair competitive advantage in later solicitations or competitions for other DOL contracts. Such an advantage could be perceived as unfair by a competing vendor who is not given similar access to the same nonpublic information that is related to the future procurement action. If you, as a contractor, in performing this contract, obtain nonpublic information that is relevant to a future procurement action, you may be required to submit and negotiate an acceptable mitigation plan prior to being deemed eligible to compete on the future action. Alternatively, the “nonpublic information” may be provided to all offerors.

(2) Biased Ground Rules. Your contract with DOL may have, in some fashion, established important “ground rules” for another DOL procurement, in which you may desire to be a competitor. For example, this contract may involve you drafting the statement of work, specifications, or evaluation criteria for a future DOL procurement. The primary concern, in any such situation, is that any such firm could skew the competition, whether intentionally or not, or be perceived as having skewed the competition, in its own favor. If the requirements of this DOL contract anticipate the contractor may be placed in a position to establish important ground rules, including but not limited to those described herein, the contractor may be precluded from competing in the related action or, if possible, may be required to submit and negotiate an acceptable mitigation plan.

(3) Impaired Objectivity. The performance of this contract may result in the contractor being placed in a situation where it is able, or required, to provide assessment and evaluation findings concerning itself, another business division, a subsidiary or affiliate, or other entity with which it has a significant financial relationship. The concern in this case is that the contractor’s ability to render impartial advice to DOL could appear to be

undermined by the contractor’s financial or other business relationship to the entity whose work product is being assessed or evaluated. In these situations, a “walling off” of lines of communication between entities or divisions may be acceptable, but it also may not be sufficient to remove the perception that the objectivity of the contractor has been tainted. If the requirements of the DOL procurement indicate that a contractor may be placed in a position to provide evaluations and assessments of itself or other entities with which it has a significant financial relationship, the affected contractor should notify DOL immediately. The contractor may also be required to provide a mitigation plan that includes recusal by the contractor from one of the affected contracts. Such recusal might include divestiture of the work to a third party.

(b) In order to prevent a future OCI of any kind, the contractor shall be subject to the following restrictions:

(1) The contractor may be excluded from competition for, or award of, any government contracts as to which, in the course of performing another contract, the contractor has received nonpublic and competitively relevant information before such information has been made generally available to other persons or firms.

(2) The contractor may be excluded from competition for, or award of, any government contract for which the contractor actually assisted or participated in the development of specifications or statements of work.

(3) The contractor may be excluded from competition for or award of, any government contract which calls for it to evaluate itself, any affiliate, or any products or services produced or performed thereby.

(4) The contractor may be excluded from competition for, or award of, any government contract calling for the production or performance of any product or service for which the contractor participated in the development of requirements or definitions pursuant to another contract.

(c) This clause shall not exclude the contractor from performing work under any modification to this contract or from competing for award of any future contract for work that is the same or similar to work performed under this contract, so long as the conditions above are not present. This clause does not prohibit an incumbent from competing on a follow-on competition, but the contracting officer may require a mitigation plan or other steps as needed to ensure that there has not been an unequal access to nonpublic competitively sensitive information.

(d) The term “contractor” as used in this clause, includes any person, firm or corporation that owns or controls, or is owned or controlled by, the contractor. The term also includes the corporate officers of the contractor.

(e) The agency may in its sole discretion, waive any provisions of this clause if deemed in the best interest of the Government. The exclusions contained in this clause shall apply for the duration of this contract and for three (3) years after completion and acceptance of all work performed hereunder,

or such other period as the contracting officer shall direct.

(f) If any provision of this clause excludes the contractor from competition for, or award of any contract, the contractor shall not be permitted to serve as a subcontractor, at any tier, on such contract. This clause shall be incorporated into any subcontracts or consultant agreements awarded under this contract unless the contracting officer determines otherwise.

(End of Clause)

2952.211–70 Internet Protocol Version 6 (IPv6) Clause.

As prescribed in 2911.002–1, insert the following clause:

Internet Protocol Version 6 (IPv6) Clause (May 2015)

(a) Any system or product that includes: hardware, software, firmware, and/or networked components, including but not limited to, voice, video, or data that is developed, procured, or acquired in support and/or performance of this requirement shall be capable of transmitting, receiving, processing, or forwarding digital information across system boundaries that are formatted in accordance with commercial standards of internet Protocol (IP) version 6 (IPv6) as set forth in the USGv6 Profile (NIST Special Publication 500–267) and corresponding declarations of conformance defined in the USGv6 Test Program.

(b) This IPv6 capable system or product shall maintain interoperability with IPv4 systems and provide the same level of performance and reliability capabilities of IPv4 systems.

(c) This IPv6 capable system or product shall have available IPv4 and IPv6 technical support for development, implementation, and troubleshooting of the system.

(d) This IPv6 capable system or product can be upgraded, or the vendor will provide an appropriate migration path for industry-required changes to IPv6 as the technology evolves, at no additional cost to the Government.

(e) This IPv6 capable system or product must be able to operate on networks supporting IPv4 & IPv6, as well as networks that support both.

(f) Any system or product whose IPv6 non-compliance is discovered and made known to the vendor/contractor within 12 months of the start of performance shall be upgraded, modified, replaced, or brought into compliance at no additional cost to the Federal Government.

(End of Clause)

2952.224–70 Privacy Breach Notification Requirements.

As prescribed in 2924.103–70, insert the following clause:

Privacy Breach Notification Requirements (April 2018)

A. Definitions

“Breach” is defined as the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where—

(a) A person other than an authorized user accesses or potentially accesses Personally Identifiable Information (PII); or

(b) An authorized user accesses or potentially accesses PII for an unauthorized purpose.

Information” is defined as any communication or representation of knowledge such as facts, data, or opinions in any medium or form, including textual, numerical, graphic, cartographic, narrative, electronic, or audiovisual forms (See Office of Management and Budget (OMB) Circular No. A–130, Managing Federal Information as a Strategic Resource).

“Information System” is defined as a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

“Personally Identifiable Information” is defined as information that can be used to distinguish or trace an individual’s identity, either alone or when combined with other information that is linked or linkable to a specific individual. (See OMB Circular No. A–130, Managing Federal Information as a Strategic Resource).

B. Requirements

(a) Contractors and subcontractors who collect or maintain federal information on behalf of the agency or uses or operates an information system on behalf of the agency, shall comply with federal law *e.g.*, FISMA 2014, E-Government Act and the Privacy Act. Additionally, the contractor shall meet OMB directives and National Institute of Standards and Technology Standards to ensure processing of PII is adequately managed.

(b) The contractor shall:

(1) Properly encrypt PII in accordance with appropriate laws, regulations, directives, standards or guidelines;

(2) Report to DOL any suspected or confirmed breach in any medium or form, including paper, oral, and electronic within one hour of discovery;

(3) Cooperate with and exchange information with DOL (contracting officer and Contracting Officer’s Representative) as well as allow for an inspection, investigation, forensic analysis, as determined necessary by the DOL, in order to effectively report and manage a suspected or confirmed breach;

(4) Maintain capabilities to determine what DOL information was or could have been compromised and by whom, construct a timeline of user activity, determine methods and techniques used to access federal information, and identify the initial attack vector;

(5) Ensure staff that have access to DOL systems or information are regularly trained to identify and report a security incident. This includes the completion of any DOL mandatory training for contractors;

(6) Take steps to address security issues that have been identified, including steps to minimize further security risks to those individuals whose PII was lost, compromised, or potentially compromised.

(7) Report incidents per DOL incident management policy and US–CERT notification guidelines.

(c) Remedy:

(1) A report of a breach shall not, by itself, be interpreted as evidence that the contractor or its subcontractor (at any tier) failed to provide adequate safeguards for PII. If the contractor is determined to be at fault for the breach, the contractor may be financially liable for government costs incurred in the course of breach response and mitigation efforts;

(2) The contractor shall take steps to address security issues that have been identified, including steps to minimize further security risks to those individuals whose PII was lost, compromised, or potentially compromised. Additionally, the individual or individuals directly responsible for the data breach shall be removed from the contract within 45 days of the breach of data; and

(3) The Government reserves the right to exercise all available contract remedies including, but not limited to, a stop-work order on a temporary or permanent basis in order to address a breach or upon discovery of a contractor’s failure to report a breach as required by this clause. If the contractor is determined to be at fault for a breach, the contractor shall provide credit monitoring and privacy protection services for one year to any individual whose private information was accessed or disclosed. The individual shall be given the option, but the decision is theirs. Those services will be provided solely at the expense of the contractor and will not be reimbursed by the Federal Government.

(End of Clause)

2952.232–70 Limitation of Government’s Obligation (LoGO).

As prescribed in 2932.703–70, insert the following clause:

Limitation of Government’s Obligation (LoGO)—(July 2014)

(a) Contract line item(s) (\$ to be determined at the exercise of each option) through (\$ to be determined at the exercise of each option) are incrementally funded. For these item(s), the sum of (\$ to be determined at the exercise of each option) of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government’s convenience, approximates the total amount currently allotted to the contract. The contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled “Termination for Convenience of the Government.” As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the contractor will notify the contracting officer in writing at least thirty days prior to the date when, in the contractor’s best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 80 percent of the total amount presently allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the contracting officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the contractor’s notification, or by an agreed substitute date, the contracting officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled “Termination for Convenience of the Government.”

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance, which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled “Disputes.” In no event shall the equitable adjustment be more than the contract line item(s) price(s) in question.

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled “Default.” The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully

funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract \$ _____ *

(month) (day), (year) \$ _____ *

(month) (day), (year) \$ _____ *

(month) (day), (year) \$ _____ *

* To be inserted after negotiation.

(End of Clause)

Alternate I (July 2014). If only one line item will be incrementally funded, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) Contract line item _____ is incrementally funded. The sum of \$ * is presently available for payment and allotted to this contract. An allotment schedule is contained in paragraph (j) of this clause.

* To be inserted after negotiation.

2952.237-70 Emergency Continuation of Essential Services.

As prescribed in 2937.110, insert the following clause:

Emergency Continuation of Essential Services (March 2014)

(a) Essential Services. DOL has identified certain services under this agreement (contract, BPA, BOA, task/delivery order or other vehicle, hereinafter "requirement") as being essential to the DOL's missions and operations. Such essential services must continue to be performed, even if an event occurs (or is threatened to occur) that would disrupt or interfere with operations at, or access to, facilities where services ordinarily take place. Such an event may include, but is not limited to, emergencies that may be natural (e.g., earthquake, flood, hurricane, tornado, public health emergencies, including pandemic influenza), man-made (e.g., civil unrest, chemical spill, cyber or terrorist threats or attacks), or technological (e.g., building fire, utility outage), and which may affect one or more facilities or locations, including federal facilities, where the contractor normally performs services hereunder.

(b) Contingency Plans. Unless already included in the requirement, within 30 days of the commencement of performance (or the bi-lateral incorporation of this clause), the

contractor shall submit the following contingency plans to the contracting officer (CO) and the Contracting Officer's Representative (COR):

(1) A contingency plan to continue performance off-site for a period of between one and thirty days; and

(2) A contingency plan to continue performance off-site for more than thirty days, until the event described above is resolved.

(3) Such contingency plans will become an obligation of the contractor under the requirement.

(c) Contents of the Contingency Plans. The contingency plans referenced in paragraph above shall, at a minimum, address:

(1) How the contractor plans to continue performance of essential services for the duration of an event, including identifying and securing suitable off-site workplaces, personnel, and resources;

(2) The contractor's use of off-site facilities, including allowing its essential personnel to work from an alternative site or other remote locations to perform essential services;

(3) Alert and notification procedures for mobilizing and communicating with DOL and with essential personnel, and for communicating expectations to its personnel regarding their roles and responsibilities during the event;

(4) A list of telephone numbers and email addresses (with alternates if available) for all managers currently performing under the requirement; and

(d) Approval of the Contingency Plans. The CO, in consultation as appropriate with the COR, shall review both contingency plans within 14 days of receipt, or as agreed, and shall either accept them or advise the contractor of any reason for disapproval. If either plan is not accepted by the CO, the contractor shall resubmit a revised plan within 7 days, or as agreed.

(e) Activation of a Contingency Plan. The Agency Head, CO, COR, or other authorized agency official, may activate the contractor's Contingency Plan by notifying the contractor either orally or in writing. In the event of an oral instruction, a written confirmation of the activation will follow shortly after the resumption of normal activities. Once a contingency plan has been activated, services hereunder shall continue without delay or interruption, notwithstanding the "Excusable Delay" Clause, or any other provision of the contract (or requirement if this contract vehicle is BPA, BOA, or similar vehicle).

(f) Failure to Execute a Plan. In the event the contractor is unable or unwilling to perform the essential services identified under the requirement, as determined by DOL in its sole discretion, DOL reserves the right, in addition to any other right it may have, to use federal employees or other contract support, either from existing contracts or new contracts, to continue those critical services. DOL may view the contractor's failure to implement the Contingency Plan as not performing a

contractual requirement and reserves all rights to seek remedies associated with any such nonperformance. Any new contracting efforts would be conducted in accordance with the FAR, OFPP's January 14, 2011 Emergency Acquisition Guide, or any other subsequent emergency guidance that may be issued.

(d) *Non-Compliance:* Before final Acceptance of ICT, including updates and replacements, DOL shall determine that the furnished ICT is in compliance with the Revised 508 Standards (36 CFR 1194.1 Appendices A & C). If the furnished ICT is determined to be non-compliant, the contracting officer shall notify the contractor of this determination, within 15 business days of determination of non-compliance. The contractor shall, at no cost to DOL, repair or replace the non-compliant products or services within the period specified by the contracting officer.
