

Stevens Act and the three FMPs. This rule was issued under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

30. Atlantic Coastal Fisheries Cooperative Management Act Provisions; Horseshoe Crab Fishery; Closed Area, RIN 0648-AO02 (66 FR 8906, Feb. 5, 2001). NMFS issued this final rule to prohibit fishing for horseshoe crabs and limit possession of them in an area in the EEZ encompassing a 30-nautical mile radius (in a shape roughly equivalent to a rectangle) seaward from the midpoint of the territorial sea line at the mouth of Delaware Bay. The intent of the final rule was to provide protection for the Atlantic coast stock of horseshoe crab and to promote the effectiveness of the Atlantic States Marine Fisheries Commission's Interstate FMP for horseshoe crab. This rule was issued under the authority of the Atlantic Coastal Fisheries Cooperative Management Act, 16 U.S.C. 5101.

31. Fisheries of the Northeastern United States, Fishery Management Plan for Tilefish, RIN 0648-AF87 (66 FR 49136, Sept. 26, 2001). This final rule was issued to implement the FMP for Tilefish. Specifically, it was designed to eliminate overfishing, as defined in that FMP, and to rebuild the tilefish stock in the northwest Atlantic Ocean by implementing: a stock rebuilding strategy; a limited entry program; a tiered commercial quota; permit and reporting requirements for commercial vessels, operators, and dealers; a prohibition on the use of gear other than longline gear by limited-access tilefish vessels; and an annual specification and framework adjustment process. This rule was issued under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

32. Fisheries off West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Groundfish Observer Program, RIN 0648-AN27 (66 FR 20609, April 24, 2001). NMFS issued this final rule to amend the regulations implementing the Pacific Coast Groundfish FMP to provide for an at-sea observation program on all limited entry and open access catcher vessels. It required vessels in the groundfish fishery to carry observers when notified by NMFS or its designated agent; established notification requirements for vessels that may be required to carry observers; and established responsibilities and defined prohibited actions for vessels that are required to carry observers. The at-sea observation program was intended to improve estimates of total catch and fishing mortality. This rule was issued under

the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

33. Fisheries off West Coast States and in the Western Pacific; West Coast Salmon Fisheries; Amendment 14, RIN 0648-AL51 (66 FR 29238, May 30, 2001). NMFS issued this final rule to implement portions of Amendment 14 to the FMP for Commercial and Recreational Salmon Fisheries off the Coasts of Washington, Oregon, and California. The final rule made minor changes to language regarding spawning escapement and management goals; implemented a new recreational allocation to the Port of La Push and adjusted the Neah Bay allocation accordingly; added preseason flexibility for recreational port allocations north of Cape Falcon; and implemented preseason flexibility in setting recreational port allocations or recreational and commercial allocations north of Cape Falcon to take advantage of selective fishing opportunities for marked hatchery fish. The intended effect of the final rule was to employ management measures that minimize impacts to species, stocks, or size/age classes of concern, while maximizing access to harvestable fish. This rule was issued under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

34. Fisheries off West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Amendment 13, RIN 0648-AO41 (66 FR 29729, June 1, 2001). NMFS issued this final rule to implement Amendment 13 to the Pacific Coast Groundfish FMP. It established an increased utilization program for catcher/processor and mother ships in the at-sea whiting fisheries which carry multiple observers for at least 90 percent of the fishing days during a cumulative trip limit period, by revising the regulatory provisions for the routine management measures process, and by removing regulatory references to limited entry permit endorsements other than the "A" endorsement. This rule was issued under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

35. Fisheries off West Coast States and in the Western Pacific; Pacific Coast Groundfish Fishery; Amendment 14, RIN 0648-AO97 (66 FR 41152, Aug. 7, 2001). This rule implemented Amendment 14 to the Pacific Coast Groundfish FMP, which created a permit stacking program for limited entry permits with sablefish endorsements. The program was intended to lengthen the duration of the limited entry, fixed gear primary sablefish fishery; increase safety in that fishery; provide flexibility to participants; and reduce capacity in the limited entry fixed gear fleet. This rule

was issued under the authority of the Magnuson-Stevens Act, 16 U.S.C. 1801.

36. International Fisheries Regulations; Pacific Tuna Fisheries, RIN 0648-AO42 (66 FR 49317, Sept. 27, 2001). This rule was issued to implement fishery conservation and management measures for the U.S. purse seine fishery in the eastern Pacific Ocean (EPO) to reduce bycatch of juvenile tuna, non-target fish species, and non-fish species. These measures were recommended by the Inter-American Tropical Tuna Commission (IATTC) and approved by the U.S. Department of State, in accordance with the Tuna Conventions Act of 1950. In addition, this rule established reporting requirements for U.S. vessels fishing for tuna in the EPO in order to gather information that NMFS could provide to the IATTC for a regional vessel register. The vessel register was created to promote consistent compliance across all IATTC member nations by ensuring constant attention to fleets active in the area and aiding in identification of vessels engaged in illegal, unreported or undocumented fishing in the EPO. This rule was issued under the authority of the Tuna Conventions Act, 16 U.S.C. 1801.
