

If not, we expensed the grant in the year of receipt. DSM received no disbursements in the POI. If the grant exceeded 0.5 percent of sales in the year of approval, we treated it as a zero-rate loan. For "loans" outstanding during the POI, the subsidy was less than 0.005 percent under any calculation methodology. Therefore, we are not computing a benefit for this program. See the February 14, 2001, *Preliminary Affirmative Countervailing Duty Determination: Pure Magnesium from Israel* Calculation Memorandum for DSM.

II. Programs Preliminarily Determined To Be Not Used

The following programs were not used:

- A. ECIL Tax Rate benefits
- B. ECIL Depreciation Preferences
- C. Magnesium Research Institute (MRI) and Consortium Research Programs

Verification

In accordance with section 782(i)(1) of the Act, we will verify the information submitted by the respondents prior to making our final determination.

Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we have calculated an individual rate for DSM, the sole manufacturer of the subject merchandise. We preliminarily determine that the total estimated net countervailable subsidy rate is 13.39 percent *ad valorem*. Because we only investigated one producer/exporter, DSM's rate will also serve as the "all others" rate. Therefore, the "all others" rate is 13.39 percent *ad valorem*.

In accordance with section 703(d) of the Act, we are directing the U.S. Customs Service to suspend liquidation of all entries of pure magnesium from Israel which are entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register**, and to require a cash deposit or bond for such entries of the merchandise in the amounts indicated above. This suspension will remain in effect until further notice.

ITC Notification

In accordance with section 703(f) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all nonprivileged and nonproprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will

not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Import Administration. If our final determination is affirmative, the ITC will make its final determination within 45 days after the Department makes its final determination.

Public Comment

In accordance with 19 CFR 351.310, we will hold a public hearing, if requested, to afford interested parties an opportunity to comment on this preliminary determination. The hearing is tentatively scheduled to be held 57 days from the date of publication of the preliminary determination or the next business day thereafter, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Individuals who wish to request a hearing must submit a written request within 30 days of the publication of this notice in the **Federal Register** to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time. Requests for a public hearing should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and, (3) to the extent practicable, an identification of the arguments to be raised at the hearing. In addition, six copies of the business proprietary version and six copies of the nonproprietary version of the case briefs must be submitted to the Assistant Secretary no later than 50 days from the date of publication of the preliminary determination.

As part of the case brief, parties are encouraged to provide a summary of the arguments, not to exceed five pages, and a table of statutes, regulations, and cases cited. Six copies of the business proprietary version and six copies of the non-proprietary version of the rebuttal briefs must be submitted to the Assistant Secretary no later than 5 days from the date of filing of the case briefs. An interested party may make an affirmative presentation only on arguments included in that party's case or rebuttal briefs. Written arguments should be submitted in accordance with 19 CFR 351.309 and will be considered if received within the time limits specified above.

This determination is published pursuant to sections 703(f) and 777(i) of the Act. Effective January 20, 2001, Bernard T. Carreau is fulfilling the

duties of the Assistant Secretary for Import Administration.

Dated: February 14, 2001.

Bernard T. Carreau,

Deputy Assistant Secretary, AD/CVD Enforcement II.

- Agenda Development for June 2001 Meeting
- Wrap-Up

Note that agenda items may change without notice because of possible unexpected schedule conflicts of presenters.

Public Participation

The Board agenda will include a period of time, not to exceed thirty minutes, for oral comments and questions from the public. Each speaker will be limited to five minutes. Members of the public who are interested in speaking are asked to contact the Board Secretariat at the telephone number indicated below. In addition, written statements are invited and may be submitted to the Board at any time. Written statements should be directed to the CSSPAB Secretariat, Information Technology Laboratory, 100 Bureau Drive, Stop 8930, National Institute of Standards and Technology, Gaithersburg, MD 20899-8930. It would be appreciated if 35 copies of written material were submitted for distribution to the Board and attendees no later than March 1, 2001. Approximately 15 seats will be available for the public and media.

FOR FURTHER INFORMATION CONTACT: Mr. Edward Roback, Board Secretariat, Information Technology Laboratory, National Institute of Standards and Technology, 100 Bureau Drive, Stop 8930, Gaithersburg, MD 20899-8930, telephone: (301) 975-3696.

Dated: February 12, 2001.

Financial Assistance for Research and Development Projects in the Gulf of Mexico and Off the U.S. South Atlantic Coastal States; Marine Fisheries Initiative (MARFIN)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: Subject to the availability of funds, NMFS, through its MARFIN program, financially assists persons in carrying out research and development projects that optimize the use of fisheries in the Gulf of Mexico and off the South Atlantic States of North Carolina, South Carolina, Georgia, and Florida involving the U.S. fishing industry (recreational and commercial), including fishery biology, resource assessment, socio-economic assessment, management and conservation, selected harvesting methods, and fish handling and processing. This notice describes how to apply for such assistance and how NMFS selects applications for funding.

DATES: Applications for funding under this program will be accepted between February 22, 2001 and 5 p.m. eastern daylight time on April 23, 2001. Applications received after that time will not be considered for funding. No facsimile applications will be accepted.

ADDRESSES: Send applications to: Ellie Francisco Roche, Chief, State/Federal Liaison Office, Southeast Regional Office, NMFS, 9721 Executive Center Drive, N., St. Petersburg, FL 33702.

FOR FURTHER INFORMATION CONTACT: Ellie Roche; telephone (727) 570-5324.

SUPPLEMENTARY INFORMATION:

I. Authority

The Secretary of Commerce (Secretary) is authorized under 15 U.S.C. 713c-3(d) to carry out a national program of research and development addressed to such aspects of U.S. fisheries (including, but not limited to, harvesting, processing, marketing and to associated infrastructures), if not adequately covered by projects assisted under 15 U.S.C. 713c-3(c), as the Secretary deems appropriate.

II. Catalog of Federal Domestic Assistance

This program is described in the "Catalog of Federal Domestic Assistance" (CFDA) under program number 11.433, Marine Fisheries Initiative (MARFIN).

III. Program Description

MARFIN is a competitive Federal assistance program that funds projects that seek to optimize research and development benefits from U.S. marine fishery resources through cooperative efforts involving the best research and management talents to accomplish priority activities. Projects funded under MARFIN provide answers for fishery needs covered by the NMFS Strategic Plan, available from the Southeast Regional Office (see **ADDRESSES**),

particularly those goals relating to: rebuilding overfished marine fisheries, maintaining currently productive fisheries, and integrating conservation of protected species and fisheries management. Areas of emphasis for MARFIN are formulated from recommendations received from non-Federal scientific and technical experts, and from NMFS research and operations officials.

IV. Funding Availability

Approximately \$2.20 million may be available in fiscal year (FY) 2001 for funding projects. This amount includes possible in-house projects and \$750,000 for 1-year projects for red snapper research. (See XI. Project Funding Priorities.) Publication of this notice does not obligate NMFS to award any specific cooperative agreement nor to obligate all or any parts of the available funds.

Project proposals accepted for funding for a project period over 1 year that include multiple project components and severable tasks to be funded during each budget period do not compete for funding in subsequent budget periods within the approved project period. However, funding for subsequent project components is contingent upon the availability of funds and satisfactory performance and will be at the sole discretion of the agency.

V. No Matching Requirements

Cost-sharing is not required for the MARFIN program. Applications must provide the total budget necessary to accomplish the project, including contributions and/or donations. The appropriateness of all cost-sharing will be determined on the basis of guidance provided in applicable Federal cost principles. If an applicant chooses to cost-share, and if that application is selected for funding, the applicant will be bound by the percentage of the cost share reflected in the cooperative agreement award.

The non-Federal share may include the value of in-kind contributions by the applicant or third parties or funds received from private sources or from state or local governments. Federal funds may not be used to meet the non-Federal share of matching funds, except as provided by Federal statute. Third party in-kind contributions may be in the form of, but are not limited to, personal services rendered in carrying out functions related to the project and use of real or personal property owned by others (for which consideration is not required) in carrying out the projects. 15 U.S.C. 713c-3(c)(4)(B) provides that the amount of the grant is no less than 50
