[EOIR No. 130I; AG Order No. 2607–2002]

RIN 1125–AA33

Executive Office for Immigration Review; Section 212(c) Relief for Aliens with Certain Criminal Convictions Before April 1, 1997

AGENCY: Executive Office for Immigration Review, Justice.

ACTION: Correction to proposed rule.

SUMMARY: This document contains a correction to the proposed rule published Tuesday, August 13, 2002, at 67 FR 52627, relating to relief under section 212(c) of the Immigration and Nationality Act for aliens with certain criminal convictions before April 1, 1997.

FOR FURTHER INFORMATION CONTACT: Charles Adkins-Blanch, General Counsel, Executive Office for Immigration Review, Suite 2600, 5107 Leesburg Pike, Falls Church, Virginia, 22041, telephone number (703) 305–0470 (not a toll free call).

SUPPLEMENTARY INFORMATION: The proposed rule that is the subject of these corrections amends Department of Justice regulations by establishing procedures for certain lawful permanent residents (LPRs) to apply for relief from deportation or removal pursuant to former section 212(c) of the Immigration and Nationality Act and sets forth procedures for filing special motions to seek such relief before an Immigration Judge or the Board of Immigration Appeals for LPRs currently in proceedings or under final orders for deportation or removal.

Need for Correction

As published, the proposed rule contains a typographical error that may cause confusion and therefore is in need of clarification. In proposed § 3.44(d),

the rule describes the effect of a prior denial of section 212(c) relief on discretionary grounds. As currently published, the rule states that if an LPR had been previously denied relief, a new motion to seek relief would be granted. The actual effect of a previous denial of section 212(c) on discretionary grounds is that a new motion seeking relief would be denied.

Correction

§ 3.44 [Corrected]

1. On page 52632, in the second column, line 13, in paragraph (d) of § 3.44, the words “will be granted” are deleted and the words “will not be granted” are added in lieu thereof.

Federal Register Liaison Officer.

RIN 3150–AG90

Event Notification Requirements

AGENCY: Nuclear Regulatory Commission.

ACTION: Proposed rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is proposing to amend its event notification regulations that apply to an Independent Spent Fuel Storage Installation (ISFSI) and to a Monitored Retrievable Storage (MRS) installation. The proposed rule would also amend safeguards event notification requirements that apply to facilities subject to part 73, such as reactor facilities, fuel cycle facilities, ISFSIs, an MRS, licensees who possess or transport special nuclear material or spent fuel, a geological repository operations area, and the gaseous diffusion plants. With respect to both the event notification requirements and the safeguards event notification requirements, the changes are intended to align these requirements with recent changes to the power reactor event notification requirements. The changes would reduce licensee burden through the consolidation of some notifications and lengthening the reporting period for

other notifications. However, some new requirements would be added to permit the NRC to more effectively carry out its responsibilities during emergencies and in responding to public, media, and other stakeholder inquiries during events or conditions at licensees' facilities.

DATES: The comment period expires November 5, 2002. Comments received after this date will be considered if it is practical to do so, but the NRC is able to assure consideration only for comments received on or before this date.

ADDRESSES: Submit comments to: Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Attn: Rulemakings and Adjudications Staff.

Deliver comments to 11555 Rockville Pike, Rockville, MD, between 7:30 a.m. and 4:15 p.m. on Federal workdays.

You may also provide comments via the NRC's interactive rulemaking Web site (<http://ruleforum.llnl.gov>). This site provides the capability to upload comments as files (any format) if your web browser supports that function.
