#### The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

#### PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40113, 44701.

##### § 39.13 [Amended]

2. Section 39.13 is amended by adding the following new airworthiness directive:

##### **Fokker Services B.V.: Docket 98–NM–122–AD.**

**Applicability:** All Model F.28 Mark 0070 and 0100 series airplanes, certificated in any category.

**Note 1:** This AD applies to each airplane identified in the preceding applicability provision, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

**Compliance:** Required as indicated, unless accomplished previously.

To ensure continued structural integrity of these airplanes, accomplish the following:

#### Airworthiness Limitations Revision

(a) Within 30 days after the effective date of this AD, revise the Airworthiness Limitations Section (ALS) of the Instructions for Continued Airworthiness by incorporating Report SE-623, "Airworthiness Limitation Items and Safe Life Items," of Appendix 1 of Fokker 70/100 Maintenance Review Board Document, dated June 1, 2000, into the ALS.

(b) Except as provided in paragraph (c) of this AD: After the actions specified in paragraph (a) of this AD have been accomplished, no alternative inspections or inspection intervals may be approved for the structural elements specified in the document listed in paragraph (a) of this AD.

#### Alternative Methods of Compliance

(c) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, International Branch, ANM-116, FAA, Transport Airplane Directorate. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, International Branch, ANM-116.

**Note 2:** Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the International Branch, ANM-116.

#### Special Flight Permits

(d) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

**Note 3:** The subject of this AD is addressed in Dutch airworthiness directive BLA No. 1997-065.(A), dated July 31, 1997.

Issued in Renton, Washington, on October 6, 2000.

#### FEDERAL TRADE COMMISSION

##### 16 CFR Part 307

#### Reopening and Extension of Time for Comments Concerning Regulations Implementing the Comprehensive Smokeless Tobacco Health Education Act of 1986

**AGENCY:** Federal Trade Commission.

**ACTION:** Notice of reopening and extension of comment period.

**SUMMARY:** The Federal Trade Commission (the "Commission") has reopened and extended the date by

which comments must be submitted concerning the review of its regulations ("smokeless tobacco regulations" or "the regulations") implementing the Comprehensive Smokeless Tobacco Health Education Act of 1986 ("Smokeless Tobacco Act"). This document informs prospective commenters of the change and sets a new date of October 16, 2000 for the end of the comment period.

**DATES:** Comments must be submitted on or before October 16, 2000.

**ADDRESSES:** Written comments should be identified as "16 CFR Part 307" and sent to the Secretary, Federal Trade Commission, Room H-159, 600 Pennsylvania Avenue, NW., Washington, DC 20580. The Commission requests that the original comment be filed with five copies, if feasible. The Commission also requests, if possible, that the comments be submitted in electronic form on a computer disc. (Programs based on DOS or Windows are preferred. Files from other operating systems should be submitted in ASCII text format.) The disc label should identify the commenter's name and the name and version of the word processing program used to create the document.

All comments will be placed on the public record and will be available for public inspection in accordance with the Freedom of Information Act, 5 U.S.C. 552, and the Commission's Rules of Practice, 16 CFR 4.11, during normal business days from 8:30 a.m. to 5 p.m., at the Public Reference Room, Room H-130, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington DC 20580. In addition, comments will be placed on the Internet at the FTC web site: <http://www.ftc.gov>.

**SUPPLEMENTARY INFORMATION:** On March 7, 2000, the Commission published in the **Federal Register** a Request for Comment on its regulations ("smokeless tobacco regulations" or "the regulations") implementing the Comprehensive Smokeless Tobacco Health Education Act of 1986 ("Smokeless Tobacco Act"), 16 CFR Part 307, as part of its regulatory review program. 65 FR 11944. The regulations set forth the manner in which smokeless tobacco manufacturers, importers, and packagers must display and rotate the three health warnings mandated by the Smokeless Tobacco Act. The **Federal**

**Register** Notice ("notice") posed twelve questions in all; some were general regulatory review questions, while others asked about material issues that are specific to the smokeless tobacco regulations. The notice requested commenters to provide answers where possible, and specifically asked for consumer research, studies or other data to support comments submitted to the Commission. Pursuant to the **Federal Register** Notice, the initial comment period ended on April 24, 2000. The Commission subsequently reopened and extended that comment period to July 21, 2000.

After the comment period ended, United States Tobacco Company requested an opportunity to submit an untimely comment. In particular, the company would like an opportunity to respond to the comment submitted by the Massachusetts Department of Health and the two statistical surveys filed as part of that comment, and to respond to questions posed in the Commission's **Federal Register** Notice regarding potential burdens that may result from any suggested changes to the existing regulations.

The Commission is mindful that United States Tobacco Company has both notice and opportunity to file a timely comment. The Commission likewise appreciates the need to deal with this matter as expeditiously as possible. At the same time, the Commission recognizes the need to obtain comments from parties that are directly affected by these regulations. Accordingly, in order to provide an opportunity for this and other interested parties to submit comments, the Commission has decided to reopen the public comment period and extend the deadline for comments until October 16, 2000.
