

(1,640 acres)—Houma Terrebonne Airport and Industrial Park, 10264 East Main Street, Houma; and, *Proposed Site 2* (684 acres)—Terrebonne Port, 383 Main Court Port, Houma. Both sites are owned by Terrebonne Parish with the Houma-Terrebonne Airport Commission and Terrebonne Port Commission managing each site, respectively. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted.

The application indicates a need for zone services in Houma/Terrebonne Parish, Louisiana. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities for a variety of products. Specific manufacturing approvals are not being sought at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is February 11, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to February 28, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via <http://www.trade.gov/ftz>. Corrosion-Resistant Carbon Steel Flat Products From the Republic of Korea: Notice of Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Victoria Cho, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone (202) 482-3797.

Background

On September 22, 2009, the U.S. Department of Commerce (Department) published a notice of initiation of the administrative review of the antidumping duty order on corrosion-resistant carbon steel flat products from Korea, covering the period August 1, 2008, to July 31, 2009. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 48224 (September 22, 2009).

On September 14, 2010, the Department published the preliminary results of this review. *See Certain Corrosion-Resistant Carbon Steel Flat Products From the Republic of Korea: Notice of Preliminary Results of the Sixteenth Antidumping Duty Administrative Review*, 75 FR 55769 (September 14, 2010). The final results of this review are currently due no later than January 12, 2011.

Extension of Time Limit of the Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of a review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days. *See also* 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the original time limit because we scheduled post-preliminary results verifications, which we just completed and have not yet issued the verification reports. Therefore, the

Department is fully extending the time limit for the final results. The final results are now due no later than March 13, 2011. As that day falls on a Sunday, the final results are due no later than March 14, 2011. *See Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant of the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

This extension is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2). This notice is published pursuant to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 6, 2010.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

The council is supported by four committees: An Executive Committee chaired by the Sanctuary Advisory Council Chair, a Research Committee chaired by the Research Representative, an Education Committee chaired by the Education Representative, and a Conservation Committee chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection.

The council represents the coordination link between the sanctuary and the State and Federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the humpback whale and its habitat around the main Hawaiian Islands.

SUPPLEMENTARY INFORMATION: The subject amendment to Permit No. 14334 is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Permit No. 14334, issued on August 17, 2009 (74 FR 44822), authorizes the permit holder to investigate reproductive physiology of adult Steller sea lions (*Eumetopias jubatus*; permanently captive, eastern stock) and survival, growth, and physiology of captive-bred offspring. Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.
