10. Section 6(c) of the Act permits the Commission to exempt any persons or transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. Section 12(d)(1)(J) of the Act provides that the Commission may exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision of section 12(d)(1) if the exemption is consistent with the public interest and the protection of investors. Section 17(b) of the Act authorizes the Commission to grant an order permitting a transaction otherwise prohibited by section 17(a) if it finds that (a) the terms of the proposed transaction are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policies of each registered investment company involved; and (c) the proposed transaction is consistent with the general purposes of the Act.

For the Commission, by the Division of Investment Management, under delegated authority.

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:
Rule 204A-1

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget for extension and approval.

The title for the collection of information is "Rule 204A-1 (17 CFR 275.204A-1) under the Investment Advisers Act of 1940" (15 U.S.C. 80b-1 *et seq.*) Rule 204A-1 (the "Code of Ethics Rule") requires investment advisers registered with the Commission to (i) set forth standards of conduct expected of advisory personnel (including compliance with the federal securities laws); (ii) safeguard material nonpublic information about client transactions; and (iii) require the adviser's "access persons" to report their personal securities transactions, including transactions in any mutual fund managed by the adviser. The Code of Ethics Rule requires access persons to obtain the adviser's approval before investing in an initial public offering or private placement. The Code of Ethics Rule also requires prompt reporting, to the adviser's chief compliance officer or another person designated in the code of ethics, of any violations of the code. Finally, the Code of Ethics Rule requires the adviser to provide each supervised person with a copy of the code and any amendments, and require the supervised persons to acknowledge, in writing, their receipt of these copies.

The purposes of the information collection requirements are to: (i) Ensure that advisers maintain codes of ethics applicable to their supervised persons; (ii) provide advisers with information about the personal securities transactions of their access persons for purposes of monitoring such transactions; (iii) provide advisory clients with information with which to evaluate advisers' codes of ethics; and (iv) assist the Commission's examination staff in assessing the adequacy of advisers' codes of ethics and assessing personal trading activity by advisers' supervised persons.

The respondents to this information collection are investment advisers registered with the Commission. The Commission has estimated that compliance with rule 204A-1 imposes a burden of approximately 91 hours per adviser annually for an estimated total annual burden of 1,194,133 hours.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate

of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Charles Riddle, Acting Director/Chief Information Officer, Securities and Exchange Commission, C/O Candace Kenner, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

Dated: June 13, 2019.

[Release No. 34-86094; File No. SR-CboeEDGX-2019-037]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Amend the Fat Finger Check With Respect to Limit Orders in Rule 21.17

June 12, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 10, 2019, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to

Rule 21.17. Additional Price Protection Mechanisms and Risk Controls

The System's acceptance and execution of orders, quotes, and bulk messages, as applicable, are subject to the price protection mechanisms and risk controls in Rule 21.16, this Rule 21.17 (related to all orders other than complex orders), Rule 21.20 (related to complex orders) and as otherwise set forth in the Rules. All numeric values established by the Exchange pursuant to this Rule will be maintained by the Exchange in publicly available specifications and/or published in a Regulatory Circular. Unless otherwise specified the price protections set forth in this Rule, including the numeric values established by the Exchange, may not be disabled or adjusted. The Exchange may share any of a User's risk settings with the Clearing Member that clears transactions on behalf of the User.

(a) No change.

(b) Limit Order Fat Finger Check. If a User submits a buy (sell) limit order to the System with a price that is more than a buffer amount established by the Exchange above (below) the NBO (NBB), or, in the case of an order received prior to [9:30 a.m.] *the conclusion of the RTH opening auction process*, [above (below) the midpoint of the NBBO at the close of the market on the previous trading day] *(i) the last disseminated NBBO on that trading day, or (ii) the midpoint of the prior trading day's closing NBBO, if no NBBO has been disseminated on that trading day*, the System will reject or cancel back to the User the limit order. This check does not apply to bulk messages.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change amends the fat finger check with respect to limit orders in Rule 21.17. Current Rule 21.17(b) states if a User submits a buy (sell) limit order to the System with a price that is more than a buffer amount established by the Exchange above (below) the NBO (NBB), or, in the case of an order received prior to 9:30 a.m., above (below) the midpoint of the NBBO at the close of the market on the previous trading day, the System will reject or cancel back to the User the limit order.

The Exchange recently adopted a global trading hours ("GTH") trading session, which will occur from 8:30 to 9:15 a.m. Eastern Time, which the Exchange intends to implement on June 24, 2019.⁵ For classes that trade during the GTH trading session, there may be an NBBO disseminated prior to 9:30 a.m. Therefore, the Exchange proposes to update the fat finger check for limit orders to reflect a GTH trading session. Specifically, the Exchange proposes that in the case of an order received prior to the conclusion of the RTH opening auction process then the fat finger check amount will be the last disseminated NBBO on that trading day, or the midpoint of the prior trading day's NBBO, if no NBBO has been disseminated on that trading day.

First, the Exchange notes that it is updating the fat finger check amount to be the last disseminated NBBO on that trading day (which accounts for NBBOs disseminated during GTH),⁶ or the midpoint of the prior trading day's closing NBBO, if no NBBO has been disseminated on that trading day in order to accommodate the new GTH trading session and the fact that there may be an NBBO disseminated prior to 9:30 a.m. for classes that will trade during the GTH session. For example, if it is 9:25 a.m. the check would use the last disseminated NBBO from the GTH

session (*i.e.*, on that trading day), and, if no NBBO has been disseminated on that trading day then the System would pull the midpoint of the prior trading day's closing NBBO, as it currently does today. The Exchange also notes that this proposed language is substantively identical to that of the corresponding limit order fat finger rule under its affiliated exchange, Cboe C2 Exchange, Inc. ("C2"), recently filed with the Commission.⁷

Second, the Exchange notes that it is also updating the language that refers to an order received prior to 9:30 a.m. to refer to an order received prior to the conclusion of the RTH opening auction process. The Exchange notes that the conclusion of the RTH opening auction process occurs within the 9:30 a.m. minute and that the System currently applies the limit order fat finger check to orders received prior to the conclusion of the RTH opening auction process within this minute. Moreover, upon the implementation of the GTH trading session, this proposed timeframe will serve to encompass orders received from the beginning of the GTH opening process⁸ through the RTH opening process. As such, the Exchange is amending this language to more accurately reflect the timeframe in which the System already applies the fat finger check, and will continue to apply the fat finger check upon the implementation of the GTH trading session.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to

⁵ See Securities Exchange Act Release No. 85797 (May 7, 2019), 84 FR 20920 (May 13, 2019) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Amend the Exchange's Opening Process and Add a Global Trading Hours Session for XSP Options) (SR-CboeEDGX-2019-027). The changes in SR-CboeEDGX-2019-027 are currently effective but not yet operative; however, the proposed rule changes assume operativeness of those effective changes.

⁶ See Rule 16.1 which states that a trading day includes both trading sessions on that day.

⁷ See Securities Exchange Act Release No. 86066 (June 7, 2019) (SR-C2-2019-015). The changes in SR-C2-2019-015 are currently effective but not yet operative; however, the proposed rule changes assume operativeness of those effective changes.

⁸ The Exchange notes this includes the queuing period as defined under Rule 21.7 which provides for the opening auction process.

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(5).

and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that by updating the fat finger check for limit orders to account for the recently adopted GTH trading session, the proposed rule change serves to remove impediments to and perfect the mechanism of a free and open market and a national market system. As described above, the check will function as it does today and the proposed change merely provides an added step that the System will take in order to account for the fact that there will be two trading sessions on the Exchange, one before 9:30 a.m. in which an NBBO may be disseminated. In addition to this, the proposed change updates language regarding the timeframe in which the System currently applies the fat finger check amounts under Rule 21.17(b). Therefore, the Exchange believes that by amending rule language to reflect the earlier GTH session time and potential NBBO dissemination during that session in connection with the fat finger check and by updating language to reflect the timeframe in which the System currently applies (and will apply with the implementation of GTH) the fat finger check to orders it receives, it will remove impediments to and perfect the mechanism of a free and open market, thereby protecting investors, by increasing transparency of the Exchange's fat finger price protection mechanism as it relates to the earlier GTH trading session and current System functionality. The Exchange also notes that this proposed change is substantively the same as the limit order fat finger check rule of its affiliated exchange, C2, recently filed with the Commission. As a result, the Exchange believes that the proposed rule change will serve to protect investors by providing similar price protection mechanisms between the affiliated exchanges, thereby bolstering understanding of the affiliated exchanges' rules and functionality for those participating across both exchanges.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues, but rather to update a current price protection mechanism in connection with the addition of a GTH trading session. The Exchange does not believe that the proposed rule change to update the fat finger check as it relates to the GTH trading session will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because it will apply in the same manner to all Users' limit orders prior to the conclusion of the RTH opening auction process. Furthermore, the Exchange does not believe that the proposed change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed change merely updates a price protection mechanism already in place on the Exchange and applicable only to trading on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)¹⁵ the Commission

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁴ 17 CFR 240.19b-4(f)(6).

¹⁵ 17 CFR 240.19b-4(f)(6)(iii).

may designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange has asked the Commission to waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change is substantively similar to the limit order fat finger check rule of its affiliated exchange, C2, recently filed with the Commission.¹⁶ Thus, as represented by the Exchange, the proposed rule change does not introduce any new or novel issues. For this reason, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CboeEDGX-2019-037 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

¹⁶ See *supra* note 7.

¹⁷ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Rule 14f–1

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995

(44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Under Exchange Act Rule 14f–1 (17 CFR 240.14f–1), if a person or persons have acquired securities of an issuer in a transaction subject to Sections 13(d) or 14(d) of the Exchange Act, and changes a majority of the directors of the issuer otherwise than at a meeting of security holders, then the issuer must file with the Commission and transmit to security holders information related to the change in directors within 10 days prior to the date the new majority takes office as directors. The information filed under Rule 14f–1 must be filed with the Commission and is publicly available. We estimate that it takes approximately 18 burden hours to provide the information required under Rule 14f–1 and that the information is filed by approximately 64 respondents for a total annual reporting burden of 1,152 hours (18 hours per response × 64 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to Charles Riddle, Acting Director/Chief Information Officer, Securities and Exchange Commission, c/o Candace Kenner, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.
