Magnesium Metal from the People's Republic of China: Preliminary Results of the 2008-2009 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on magnesium metal from the People's Republic of China ("PRC"), covering the period April 1, 2008, through March 31, 2009. This administrative review covers one exporter of the subject merchandise.

We have preliminarily determined that the respondent in this administrative review has not made sales in the United States at prices below normal value during the period of review ("POR"). If these preliminary results are adopted in our final results of this review, we will instruct U.S. Customs and Border Protection ("CBP") to liquidate entries of subject merchandise during the POR without regard to antidumping duties.

We invite interested parties to comment on these preliminary results. Parties who submit comments are requested to submit with each argument a summary of the argument. We intend to issue the final results no later than 120 days from the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act").
