

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648–XA764]

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 72 Workshop for Gulf of Mexico Gag Grouper.

SUMMARY: The SEDAR 72 assessment process of Gulf of Mexico gag grouper will consist of a series of data and assessment webinars. See

SUPPLEMENTARY INFORMATION.

DATES: The SEDAR 72 Gag Grouper Workshop will be held via webinar February 9, 2021 through February 11, 2021, from 9 a.m. to 1 p.m., Eastern each day.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) a Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and

monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Workshop are as follows:

- Panelists will review the data sets being considered for the assessment and discuss initial modeling efforts.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C 1801 *et seq.*

Dated: January 7, 2021.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Review of Nomination for Lake Erie Quadrangle National Marine Sanctuary**

AGENCY: Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice; request for written comments.

SUMMARY: The Office of National Marine Sanctuaries of the National Oceanic and Atmospheric Administration is requesting written comments to facilitate ONMS' five year review of the nomination for the Lake Erie Quadrangle National Marine Sanctuary (NMS). In particular, NOAA is requesting relevant information as it pertains to its evaluation criteria for inclusion in the inventory (these criteria are detailed at <https://nominate.noaa.gov/guide.html>). In this five year review, NOAA will pay particular attention to any new information about the nomination's resources, changes to any threats towards these resources, and any updates to the management framework of the area. NOAA will also assess the continuity and breadth of community-based support for the nomination. NOAA has provided the original nominating party an opportunity to share its views on these same questions. Following this information gathering and internal analysis, NOAA will make a final determination on whether or not the Lake Erie Quadrangle NMS nomination will remain in the inventory for another five year period.

DATES: Written comments must be received by February 11, 2021.

ADDRESSES: Comments may be submitted by the following method:

Federal eRulemaking Portal: <https://www.regulations.gov>. Submit electronic comments via the Federal eRulemaking Portal with Docket Number NOAA–NOS–2020–0167.

Instructions: All comments received are a part of the public record. All personal identifying information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information. NOAA will accept anonymous comments (enter N/A in the required fields to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Ellen Brody, Great Lakes Regional

Coordinator, 4840 South State Road, Ann Arbor, MI 48108 or at ellen.brody@noaa.gov, 734-741-2270.

SUPPLEMENTARY INFORMATION:

Background Information

In 2014, NOAA issued a final rule establishing the sanctuary nomination process (SNP), which details how communities may submit nominations to NOAA for consideration of national marine sanctuary designation (79 FR 33851). NOAA moves successful nominations to an inventory of areas that could be considered for national marine sanctuary designation. The final rule establishing the SNP included a five-year limit on any nomination added to the inventory that NOAA does not advance for designation.

In November 2019, NOAA issued a notice (84 FR 61546) to clarify procedures for evaluating and updating a nomination as it approaches the five-year mark on the inventory of areas that could be considered for national marine sanctuary designation. The nomination for Lake Erie Quadrangle NMS was accepted to the national inventory on February 22, 2016, and is therefore scheduled to expire on February 22, 2021. The full nomination can be found at <https://nominate.noaa.gov/nominations/>.

NOAA is not proposing to designate the Lake Erie Quadrangle NMS or any other new national marine sanctuary with this action. Instead, NOAA is seeking public comment on ONMS' five year review of the nomination for the Lake Erie Quadrangle NMS. Accordingly, written comments submitted as part of this request should not focus on whether NOAA should initiate the designation process for the Lake Erie Quadrangle. Rather, comments should address the relevance of the nomination towards NOAA's evaluation criteria and any new information NOAA should consider about the nominated area. Comments that do not pertain to the evaluation criteria, or present new information on the Lake Erie Quadrangle NMS nomination, will not be considered as part of this five year review.

Whether removing or maintaining the nomination for Lake Erie Quadrangle NMS, NOAA would follow the same procedure for notifying the public as was followed when the nomination was submitted, including a letter to the nominator, a notice in the **Federal Register**, and posting information on "nominate.noaa.gov".

Authority: 16 U.S.C. 1431 *et seq.*

John Armor,

Director, Office of National Marine Sanctuaries, National Ocean Service, National Oceanic and Atmospheric Administration.

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of scoping meetings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a series of scoping meetings via webinar pertaining to Amendment 50 to the Fishery Management Plan for the Snapper Grouper Fishery of the South Atlantic Region. The amendment addresses catch levels, rebuilding plan, sector allocations, accountability measures, and management measures for red porgy.

DATES: The scoping meetings will be held via webinar on February 3 and 4, 2021.

ADDRESSES: *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The scoping meetings will be conducted via webinar and accessible via the internet from the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/>. The scoping meetings will begin at 6 p.m. Registration for the webinars is required. Registration information, a copy of the scoping materials, an online public comment form and any additional information as needed will be posted on the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/> as it becomes available. Public comments must be received by 5 p.m. on February 5, 2021.

Amendment 50 to the Snapper Grouper FMP

The Council must adjust catch levels for red porgy in response to the most recent stock assessment for the species in the region (SEDAR 60 2020). The stock assessment results indicated the stock continues to be overfished and is undergoing overfishing. Consequently, catch levels must be adjusted based on the acceptable biological catch recommended by the South Atlantic Council's Scientific and Statistical Committee (SSC) and the rebuilding schedule must be revised. In addition, the Council is considering modifications to sector allocations, accountability measures, and commercial and recreational management measures to end overfishing and rebuild the red porgy stock.

During the scoping meetings, Council staff will present an overview of the amendment and will be available for informal discussions and to answer questions via webinar. Members of the public will have an opportunity to go on record to provide their comments for consideration by the Council.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.
