Submission for OMB Review; Comment Request

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: United States Naval Academy

Sponsor Program; OMB Control Number 0703–0054.

Type of Request: Extension.

Number of Respondents: 800.

Responses per Respondent: 1.

Annual Responses: 800.

Average Burden per Response: 1 hour.

Annual Burden Hours: 800.

Needs and Uses: The U.S. Naval Academy (USNA) Plebe Sponsor Program is a unique program offered through the Naval Academy that pairs midshipmen with faculty, staff, and local community area families to provide local support and a “home away from home” for midshipmen that is mutually beneficial to both the midshipman and the sponsor. This information collection is needed in order to determine the eligibility and overall compatibility between sponsor applicants and fourth class midshipmen at the USNA. In their first year, midshipmen desiring to participate in the program are assigned a sponsor from the local community area. An analysis of the information collected is performed by the Sponsor Program Officer in Charge in order to best match sponsor with a midshipman. Without this information collection, the sponsor program would not be able to determine if a sponsor family was “safe” to place a midshipman with nor appropriately match the interests of the midshipman with those of the sponsor family.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Title of Collection: IES Research Training Program Surveys.

OMB Control Number: 1850-0873.

Type of Review: A revision of a currently approved collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 537.

Total Estimated Number of Annual Burden Hours: 180.

Abstract: The surveys are for participants in the fellowship research training programs and the non-fellowship research training programs funded by Institute of Education Sciences (IES). IES's fellowship programs include predoctoral training under the National Center for Education Research (NCER) and postdoctoral training under NCER and the National Center for Special Education Research (NCSEER). These programs provide universities support to provide training in education research and special education research to graduate students (predoctoral program) and postdoctoral fellows. IES also supports non-fellowship research training through its current programs, e.g., NCER's Methods Research Training program and NCER's Undergraduate Pathways program. IES would like to collect satisfaction information from the participants in these programs and other similar training programs funded through NCER or NCSEER grant programs. The results of the surveys will be used both to improve the training programs as well as to provide information on the

programs to the participants, policymakers, practitioners, and the general public. All information released to the public will be in aggregate so that no one program or training group can be distinguished.
