

*Date:* Saturday, July 17, 2004.

*Place of Meeting:* Superintendent's Conference Room, Taylor Hall, Building 600, 2nd floor, West Point, NY 10928.

*Start Time of Meeting:* Approximately 9 a.m.

*For Further Information Contact:*

Lieutenant Colonel Edward C. Clark, United States Military Academy, West Point, NY 10996-5000, (845) 938-4200.

*Supplementary Information: Proposed Agenda:* Summer Meeting of the Board of Visitors. Review of the Academic, Military and Physical Programs at the USMA. All proceedings are open.

**Brenda S. Bowen,**

*Alternate Army Federal Register Liaison Officer.*

## DEPARTMENT OF DEFENSE

### Department of the Army

#### Intent To Grant an Exclusive License of a U.S. Government-Owned Patent

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 35 U.S.C. 209 and 37 CFR 404.7(a)(1)(i), announcement is made of the intent to grant an exclusive, royalty-bearing, revocable license within the geographic area of the United States of America and its territories and possessions to U.S. Patent No. 6,058,763, issued May 9, 2000 entitled "Apparatus and Method for Automated Biomonitoring of Water Quality;" U.S. Patent No. 6,393,899 issued May 28, 2002, entitled "An Apparatus and Method for Automated Biomonitoring of Water Quality;" and U.S. Patent Application S.N. 10/774,639, filed February 3, 2004 and claiming the benefit of S.N. 60/444,202, filed February 3, 2003, entitled "Apparatus and Method for Portable Automated Biomonitoring of Water Quality" to Intelligent Automation Corporation with its principal place of business at 13029 Danielson St., Suite 200, Poway, CA 92064.

**ADDRESSES:** Commander, U.S. Army Medical Research and Materiel Command, ATTN: Command Judge Advocate, MCMR-JA, 504 Scott Street, Fort Detrick, Frederick, MD 21702-5012.

**FOR FURTHER INFORMATION CONTACT:** For patent issues, Ms. Elizabeth Arwine, Patent Attorney, (301) 619-7808. For licensing issues, Dr. Paul Mele, Office of Research & Technology Assessment, (301) 619-6664, both at telefax (301) 619-5034.

**SUPPLEMENTARY INFORMATION:** Anyone wishing to object to the grant of this license can file written objections along with supporting evidence, if any, within 15 days from the date of this publication. Written objections are to be filed with the Command Judge Advocate, U.S. Army Medical Research and Materiel Command, 504 Scott Street, Fort Detrick, Frederick, Maryland 21702-5012.

**Brenda S. Bowen,**

*Alternate Army Federal Register Liaison Officer.*

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent To Prepare an Environmental Impact Statement for the Ala Wai Canal Project, Hawaii

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice; correction.

**SUMMARY:** The notice published in the **Federal Register** of June 14, 2004 (69 FR 32996) contained an incorrect contact telephone number for Mr. Derek Chow.

**FOR FURTHER INFORMATION CONTACT:** Mr. Derek Chow, (808) 438-7009.

#### Correction

In the **Federal Register** of June 14, 2004, in FR Doc. 04-13269, on page 32996, in the third column, correct Mr. Chow's telephone number in the **FOR FURTHER INFORMATION CONTACT** caption to read: 808-438-7009.

**Brenda S. Bowen,**

*Alternate Army Federal Register Liaison Officer.*

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent To Grant an Exclusive License to Sediment Control Systems, Inc.

**AGENCY:** Department of the Army, U.S. Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** In accordance with 37 CFR 404.7(a)(1)(i), announcement is made of a prospective exclusive license of the U.S. patent 6,584,709 which is more fully described in **SUPPLEMENTARY INFORMATION** section

**DATES:** Written objections must be filed not later than July 13, 2004.

**ADDRESSES:** Send written objections to: United States Army Engineer Research and Development Center, Cold Regions Research and Engineering Laboratory, 7701 Telegraph Road, Kingman Building, Alexandria, VA 22315-3860.

**FOR FURTHER INFORMATION CONTACT:** Ms. Sharon Borland, ATTN: CEERD-ZA-TT; (703) 428-9112, FAX (703) 428-6275; e-mail: [Sharon.L.Borland@usace.army.mil](mailto:Sharon.L.Borland@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** Patent No. 6,584,709 entitled "Device for Removing Sludge from the Bottom of a Lagoon", inventors C. James Martel, Jr. and Dennis J. Lambert, issued July 1, 2003. The United States of America as represented by the Secretary of the Army intends to grant an exclusive license in the manufacture, use, and sale of the patented technology in the territories and possessions of the U.S.A., to Sediment Control Systems, Inc., 454 Shaker Blvd, Enfield, NH 03748. Pursuant to 37 CFR 404.7(b)(1)(I), any interested party may file a written objection to this prospective exclusive license agreement.

**Richard L. Frenette,**  
*Counsel.*

**BILLING CODE 3710-92-M**

## DELAWARE RIVER BASIN COMMISSION

### Notice of Commission Meeting and Public Hearing

Notice is hereby given that the Delaware River Basin Commission will hold an informal conference followed by a public hearing on Tuesday, July 13, 2004. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the Delaware River Basin Commission in West Trenton, New Jersey.

The conference among the commissioners and staff will begin at 9:30 a.m. Topics of discussion will include: An update on the Water Resources Plan for the Delaware River Basin ("Basin Plan") and the Watershed Summit scheduled for September 13-15; a proposed resolution for the minutes to finalize and produce copies of the Basin Plan for the Watershed Summit; a summary and discussion of feedback from commissioners and the Water Quality Advisory Committee on the Lower Delaware Water Quality

Monitoring Report and on a staff recommendation that the Lower Delaware be designated a Special Protection Water; a discussion regarding the role of project review in connection with an upgrade of an undocketed point source discharge to Special Protection Waters; a discussion regarding preliminary feedback and alternatives to a draft rule to require waste minimization plans for point and non-point dischargers; report and recommendations of the Data Quality Subcommittee of the Toxics Advisory Committee; and an update on letters to be sent to dischargers to require additional monitoring in accordance with DRBC Resolution No. 2003-27.

The subjects of the public hearing to be held during the 1:30 p.m. business meeting include the dockets listed below:

1. *TXU Pedricktown Cogeneration Co., L.P. D-92-37* 2. An application for the renewal of a ground water withdrawal project to continue withdrawal of 24.55 million gallons per 30 days (mg/30 days) to supply the applicant's cogeneration facility from existing Wells Nos. PW-1, PW-2 and PW-3 in the Potomac-Raritan-Magothy Formation in the Oldmans Creek Watershed. The project is located in Oldmans Township, Salem County, New Jersey.

2. *Pennsylvania American Water Company D-99-30 CP* 2. An application for approval of a ground water withdrawal project to supply up to 5.83 mg/30 days of water to the applicant's Glen Alsace public water supply distribution system from replacement Well GL-2A in the Brunswick Formation, and to retain the existing withdrawal from all wells at 50 mg/30 days. Proposed replacement Well No. GL-2A will replace former Well No. GL-2 and is planned to be used as a regular source to the Glen Alsace distribution system. The project also includes two existing interconnections from the Reading Area Water Authority (45 mg/30 days) and the Mount Penn Water Authority (6 mg/30 days). The project is located in the Antietam Creek Watershed in Exeter Township, Berks County, Pennsylvania.

3. *Evesham Municipal Utilities Authority D-2000-29 CP*. An application to modify the discharge of the applicant's Elmwood sewage treatment plant (STP) to allow for rerouting of up to 0.3 million gallons per day (mgd) of treated effluent for irrigation of the Evesham Township Indian Spring Golf Course, located approximately one-half mile southwest of the STP off Marlton Pike and Elmwood Road in Evesham Township,

Burlington County, New Jersey. The project withdrawal will replace the 0.2 mgd of water currently utilized from an on-site well in the New Jersey Critical Area of the PRM aquifer. The STP will continue to discharge an average monthly flow of 1.67 mgd to Southwest Branch Rancocas Creek during periods of peak usage.

4. *Town of Bovina D-2002-18 CP*. An application to construct a subsurface septic treatment system to process up to 0.025 mgd from the Hamlet of Bovina Center in the Town of Bovina, Delaware County, New York, which is adjacent to the Little Delaware River upstream from the Cannonsville Reservoir in the West Branch Delaware River Watershed. The hamlet is currently served by individual septic systems, many of which are failing. Following detention and treatment in large septic tanks, wastewater will be distributed to an absorption field for final treatment and disposal; therefore, no discharge to surface water is proposed.

5. *Village of Fleischmanns D-2002-33 CP*. An application to construct a 0.146 mgd Sewage Treatment Plant (STP) to replace on-lot septic systems and to provide tertiary level treatment to the predominantly residential area of the Village of Fleischmanns in the Town of Middletown, Delaware County, New York. The plant will be constructed off Main Street between Grocholl and Town Roads, within the village, which it will exclusively serve. Following chemically enhanced sequencing batch reactor processing, STP effluent will be filtered, disinfected, and discharged to Bush Kill upstream from Pepacton Reservoir in the drainage area of the Delaware River Basin Commission Special Protection Waters.

6. *Borough of East Greenville D-2004-3 CP*. An application for approval of a ground water withdrawal project to supply up to 10.368 mg/30 days of water to the applicant's public water distribution system from existing Well No. 1 in the Brunswick Formation and up to 350,000 gallons per day from an intake on Perkiomen Creek, and to limit the withdrawal from all sources to 10.5 mg/30 days. The project well is located in the Perkiomen-Macoby Creek Watershed in Upper Hanover Township, Montgomery County in the Southeastern Pennsylvania Ground Water Protected Area.

7. *Delaware Valley Fish Company D-2004-8* 1. An application for a ground water withdrawal project to increase withdrawal from 2.8 mg/30 days to 5.7 mg/30 days of water to supply the applicant's fish holding tanks from existing Well No. DV-1 in the Stockton Formation. The project is located in the

Stony Creek Watershed in Norristown Borough, Montgomery County in the Southeastern Pennsylvania Ground Water Protected Area.

8. *Vineland Kosher Poultry Company, Inc. D-2004-9*. An application for approval of a ground water withdrawal project to supply up to 7.2 mg/30 days of water to the applicant's poultry processing facility from new Well No. 4 in the Kirkwood-Cohansey Formation, and to retain the existing withdrawal from all wells of 7.2 mg/30 days. The project well is located in the Maurice River watershed in the City of Vineland, Cumberland County, New Jersey.

9. *Riverton Borough D-2004-14 CP*. An application to revise Docket D-89-92 CP to reflect the recent construction of a sequencing batch reactor system needed to replace the trickling filter process at the Riverton Sewage Treatment Plant, which is located at the intersection of Third Street and Martha's Lane in Riverton Borough, Burlington County, New Jersey. The project modification continues to provide secondary treatment and effluent equalization, plus ultraviolet light disinfection prior to submerged discharge to Pompeston Creek at its confluence with the Delaware River in Water Quality Zone 2. The wastewater treatment capacity has remained at 0.22 mgd and the plant will continue to serve only Riverton Borough.

10. *Tidewater Utilities, Inc. D-2004-24 CP* 1. An application for approval of a ground water withdrawal project to supply up to 18.5055 mg/30 days of water to the applicant's public supply distribution system from Wells Nos. C01, C02, RG01, RG02, GG02 and GG03 in the Cheswold Formation, and to limit the existing withdrawal from all wells to 18.5055 mg/30 days. The project is located in the Saint Jones River Watershed in the Towns of Camden and Wyoming and the City of Dover, all in Kent County, Delaware.

The Commission's 1:30 p.m. business meeting also may include resolutions for the minutes to finalize and produce copies of the Basin Plan; initiate notice and comment rulemaking processes to amend the Water Quality Regulations, Water Code and Comprehensive Plan by (1) authorizing the Commission to require waste minimization plans for certain pollutants and classes of dischargers and (2) to designate the section of the main stem Delaware River known as the "Lower Delaware" as a Special Protection Water. These actions will depend upon the outcome of discussion during the morning conference session. In addition, the meeting will include: adoption of the Minutes of the June 2, 2004 business

meeting; announcements; a report on Basin hydrologic conditions; a report by the executive director; and a report by the Commission's general counsel.

Draft dockets scheduled for public hearing on July 13, 2004 are posted on the Commission's web site, <http://www.drbc.net>, where they can be accessed through the Notice of Commission Meeting and Public Hearing. Additional documents relating to the dockets and other items may be examined at the Commission's offices. Please contact William Muszynski at 609-883-9500 ext. 221 with any docket-related questions.

Individuals in need of an accommodation as provided for in the Americans with Disabilities Act who wish to attend the informational meeting, conference session or hearings should contact the Commission secretary directly at 609-883-9500 ext. 203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how the Commission may accommodate your needs.

Dated: June 22, 2004.

**Pamela M. Bush,**

*Commission Secretary.*

BILLING CODE 6360-01-U

## DEPARTMENT OF EDUCATION

### Office of Special Education and Rehabilitative Services; Overview Information; Technology and Media Services for Individuals With Disabilities—Technology Implementation Center; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2004

*Catalog of Federal Domestic Assistance (CFDA) Number: 84.327M.*

#### Dates:

*Applications Available:* June 28, 2004.

*Deadline for Transmittal of*

*Applications:* July 30, 2004.

*Deadline for Intergovernmental Review:* September 28, 2004.

*Eligible Applicants:* State educational agencies (SEAs), local educational agencies (LEAs), institutions of higher education (IHEs), other public agencies, nonprofit private organizations, outlying areas, freely associated States, Indian tribes or tribal organizations, and for-profit organizations.

*Estimated Available Funds:*

\$1,000,000.

*Maximum Award:* We will reject any application that proposes a budget exceeding \$1,000,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and

Rehabilitative Services may change the maximum amount through a notice published in the **Federal Register**.

*Number of Awards:* 1.

**Note:** The Department is not bound by any estimates in this notice.

*Project Period:* Up to 60 months.

### Full Text of Announcement

#### I. Funding Opportunity Description

*Purpose of Program:* The purpose of the Technology and Media Services for Individuals With Disabilities—Technology Implementation Center competition is to: (1) Improve results for children with disabilities by promoting the development, demonstration, and use of technology; (2) support educational media activities designed to be of educational value to children with disabilities; (3) provide support for some captioning, and video description; and (4) provide cultural experiences through appropriate nonprofit organizations.

*Priority:* In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from allowable activities specified in the statute (*see* sections 661(e)(2) and 687 of the Individuals with Disabilities Education Act, as amended (IDEA)).

*Absolute Priority:* For FY 2004 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

*Technology and Media Services for Individuals with Disabilities—Technology Implementation Center.*

*Background:* The IDEA and the No Child Left Behind Act of 2001 (NCLB) emphasized the importance of linking research and practice to improving educational results for children with disabilities. In more than 20 years of supporting special education technology research, the Office of Special Education Programs (OSEP) has tested practices that indicate that appropriate technology, embedded in strong education practice, holds significant promise for helping students with disabilities achieve at higher levels. These practices have varying degrees of research validation. Some are backed by significant research support and might appropriately undergo the high level of scientific review offered by the What Works Clearinghouse. Other practices have some research support and classroom success, and should be considered promising but not yet validated.

Introducing technology as a tool is not enough, however, the infusion of technology into instructional practices requires systematic, sustained training and classroom support. Building

capacity is at the heart of an effective system. To support such a system means providing States and local school districts with sufficient information and support to provide an underpinning for large-scale implementation efforts. Such activities can play a pivotal role in building the capacity States and local districts need to support school-wide change.

*Priority:* This priority will support a cooperative agreement for a center (Center) to support SEAs and LEAs in implementing and evaluating selected practices that integrate technology into sound teaching so children with disabilities will have access to the general education curriculum and will achieve to high educational standards.

The Center's activities in selecting practices and in assisting SEAs and LEAs in implementing practices must include, but are not limited to, the following:

(a) Selecting existing evidence-based and promising practices that integrate technology into teaching and learning appropriate for students with disabilities. These may include validated practices with high levels of research support, but also may include promising practices with incomplete research support as long as the latter clearly are identified as needing more validation. Applicants are encouraged to focus on practices selected from the What Works Clearinghouse, the National Study of the Effectiveness of Educational Technology required by NCLB, and rigorous research syntheses. The Center, however, also may conduct research syntheses and meta-analyses in areas that are not being addressed by other projects, or supplement available research evidence with additional evidence related to students with disabilities.

(b) Developing implementation strategies to support SEAs and LEAs in implementing practices that integrate technology into sound teaching for students with disabilities. The implementation strategies must provide for the continued implementation of the practices after Federal support ends.

(c) Identifying and recruiting SEAs and LEAs to implement the practices. In selecting sites, the Center must consider such elements as cultural and linguistic diversity, family income, urban and rural settings, regional geographic location, and cost effectiveness.

(d) Providing professional development and technical assistance aligned with current national, State, and local policies to motivate and build capacity of administrative leaders, decisionmakers, and teachers to implement practices that integrate
