SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau, with support from the National Science Foundation, plans to conduct a pre-canvass for the 2008 Business Research and Development Survey (formerly the Survey of Industrial Research and Development).

The pre-canvass will be conducted to improve the efficiency and accuracy of the sample frame for the 2008 Business Research and Development Survey. It will contain a small number of questions (approximately 3 to 5), in the form of check boxes, to determine if the company has research and development expenditures and if so, a range of the volume of those expenditures. Census will eliminate, from the sample frame, companies that do not have R&D expenditures, improving the resulting sample for the 2008 survey.

II. Method of Collection

The Census Bureau will use mail out/mail back survey forms and a web-based

collection for the pre-canvass. Companies will be asked to respond within 30 days of the initial mail out.
