Abstract: AmeriCorps seeks renewal of the current information collection pursuant to the Domestic Volunteer Service Act of 1973 (42 U.S.C. 4950 *et seq.*) and the National and Community Service Act of 1990, (42 U.S.C. 12501 *et seq.*) The information collected will be used to help AmeriCorps more effectively utilize its deployable resources to meet the needs of disaster affected communities. A better understanding of the participating programs will allow AmeriCorps to match the capabilities of the programs to the needs of the communities and will allow better asset mapping and resource typing. Additionally, the information collected will allow AmeriCorps to conduct better outreach to interested programs by providing them with more information about AmeriCorps disaster procedures, reimbursement requirements, and support services offered.

The revisions are intended to streamline the application process and ensure interested programs meet the appropriate programmatic and fiscal requirements to successfully execute disaster response activities. Additionally, the supporting forms will help AmeriCorps identify and deploy programs more effectively and efficiently, matching the capabilities of the programs to the needs of the communities requesting assistance.

The additional tools and forms under the DRCA will allow for effective information collection during a disaster event as well as assess the capacity of all DRCA programs throughout the year.

The information collection will otherwise be used in the same manner as the existing application. AmeriCorps also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on March 31, 2021.

Title of Collection: College Affordability and Transparency Explanation Form (CATEF) 2021-2023.
OMB Control Number: 1840-0822.

Abstract: The Office of Postsecondary Education (OPE) is seeking a renewed three-year clearance for the College Affordability and Transparency Explanation Form (CATEF) data collection. OPE has collected this information since 2011-12 and the collection of information through CATEF is required by § 132 of the Higher Education Act of 1965 as amended (HEA), 20 U.S.C. 1015a with the goal of increasing the transparency of college tuition prices for consumers. This submission is for the 2021-22, 2022-23, and 2023-24 collection years. CATEF collects follow-up information from institutions that appear on the tuition and fees and/or net price increase College Affordability and Transparency Center (CATC) Lists for being in the five percent of institutions in their institutional sector that have the highest increases, expressed as a percentage change, over the three-year time period for which the most recent data are available. The information collected through CATEF is used to write a summary report for Congress which is also posted on the CATC website (accessible through the College Navigator).

Minor changes are being requested to the data collection instruments that were approved in November 2012 (OMB# 1840-0822 v.2). We will continue to use two CATEF forms: (1) Net Price and (2) Tuition and Fees. Analysis of past open-ended data questions in both surveys revealed that the open-ended items could be replaced with multi-choice items, resulting in burden reduction of 812 hours.
