

**ROUTINE USES OF THE SYSTEM RECORDS, INCLUDING CATEGORIES OF USERS AND THEIR PURPOSES FOR USING THE SYSTEM:**

In addition to the purpose for this system of records, information from this system also may be disclosed as a routine use:

a. In any criminal, civil or administrative legal proceeding, where pertinent, to which GSA, a GSA employee, or the United States or other entity of the United States Government is a party before a court or administrative body.

b. To a Federal, State, local, or foreign agency responsible for investigating, prosecuting, enforcing, or carrying out a statute, rule, regulation, or order when GSA becomes aware of a violation or potential violation of civil or criminal law or regulation; or to an agency, individual or organization, if there is reason to believe that such agency, individual or organization possesses information or is responsible for acquiring information relating to the investigation, trial or hearing, and the dissemination is reasonably necessary to elicit such information or to obtain the cooperation of a witness or an informant.

c. To an appeal, grievance, hearing, or complaints examiner; an equal employment opportunity investigator, arbitrator, or mediator; and/or an exclusive representative or other person authorized to investigate or settle a grievance, complaint, or appeal filed by an individual who is the subject of the record.

d. To the Office of Personnel Management (OPM), the Office of Management and Budget (OMB), and the Government Accountability Office (GAO) in accordance with their responsibilities for evaluating Federal programs.

e. To a Member of Congress or his or her staff on behalf of and at the request of the individual who is the subject of the record.

f. To an expert, consultant, or contractor of GSA in the performance of a Federal duty related to the contract or appointment to which the information is relevant.

g. To the National Archives and Records Administration (NARA) for records management purposes.

h. To appropriate agencies, entities, and persons when (1) the Agency suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised, (2) the Agency has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or

fraud, or harm to the security or integrity of this system or other systems or programs (whether maintained by GSA or another agency or entity) that rely upon the compromised information, and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with GSA's efforts to respond to the suspected or confirmed compromise and prevent, minimize or remedy such harm.

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, AND RETAINING, AND DISPOSING OF SYSTEM RECORDS:****STORAGE:**

**Proposed Project: Evaluation of the IT Professionals in Health Care: University-Based Training—OMB No. 0090-NEW-ONC**

**Abstract:** Currently, the Office of the National Coordinator for Health Information Technology's (ONC) Office of Economic Analysis, Evaluation, and Modeling is soliciting comments on a series of data collection efforts for the

Evaluation of the IT Professionals in Health Care: University-Based Training. The Workforce Program, created under Section 3016 of the HITECH Act, was intended to provide "assistance to institutions of higher education (or consortia thereof) to establish or expand health informatics education programs, including certification, undergraduate, and masters degree programs, for both health care and information technology students." The evaluation of the Workforce Program is a new information collection activity which will explore program challenges, provide critical formative feedback to the Workforce grantee institutions on their activities, and determine whether the Workforce Program overall was successful in helping to build a skilled workforce equipped to meet the heightened

demands of the current environment. The data collection efforts include a web-based baseline survey and a web-based follow-up survey of university students.

ONC is interested in developing a comprehensive understanding of the planning, implementation, and effectiveness of the Workforce Grant Program. The evaluation will determine how the Workforce Grant Program has contributed to the development of comprehensive, integrated health IT training programs across community colleges, universities, and other programs. This study will use surveys and other forms of data collection, such as focus groups and interviews, to assess the outcomes associated with participation in the program and to provide useful feedback to the

Workforce grantee institutions for continuous improvement. The data collection efforts include a web-based baseline survey and a web-based follow-up survey of university students enrolled in ONC funded programs.

The anticipated data collection will begin in June 2011. Data collection will occur continuously through the 24 months of the campaign. The data collected will help identify program challenges, provide critical formative feedback to the Workforce grantee institutions on their activities, and determine whether the Workforce Program overall was successful in helping to build a skilled workforce equipped to meet the heightened demands of the current environment.
