[Docket No. 120517080-2132-02]

Petition for Inclusion of the Arab-American Community in the Groups Eligible for MBDA Services

AGENCY: Minority Business Development Agency, Commerce.

ACTION: Notice of proposed rulemaking and request for comments; amendment.

SUMMARY: On May 30, 2012, the Minority Business Development Agency (MBDA) published a notice of proposed rulemaking and request for comments regarding a petition received on January 11, 2012 from the American-Arab Anti-Discrimination Committee (ADC) requesting formal designation of Arab-Americans as a minority group that is socially or economically disadvantaged pursuant to 15 CFR part 1400. The Notice includes a thirty-day comment deadline of June 29, 2012, but also states that MBDA will make a decision on the petition no later than June 27, 2012.

Due to the complexity of the subject matter, the Department finds that it is not practicable to complete an in depth review of the issues involved in the petition, give adequate consideration to all comments, and make a reasoned determination on the petition by June 27, 2012. Therefore, the Department has determined that it is necessary to extend the time in which it will make its decision on the petition until July 30, 2012. This extension will not prejudice the petitioner. The deadline for the comments on the petition remains unchanged, and continues to be June 29, 2012.

FOR FURTHER INFORMATION CONTACT: For further information about this Notice, contact Josephine Arnold, Minority Business Development Agency, 1401 Constitution Avenue NW, Room 5053, Washington, DC 20230, (202) 482-2332, and jarnold@mbda.gov.

SUPPLEMENTARY INFORMATION:

Background

This document proposes amendments to § 1.1366-2 of the Income Tax Regulations. In addition, this document proposes conforming changes to the effective date rules provided in § 1.1366-5.

Under section 1366(d)(1) of the Internal Revenue Code (Code), the aggregate amount of losses and deductions that a shareholder takes into account for any taxable year cannot exceed the sum of that shareholder's adjusted basis in stock and adjusted basis of any indebtedness of the S corporation to that shareholder. The Senate Report discussing section 1374 (the predecessor statute to section 1366) illustrates Congress's intent to limit the loss that a shareholder takes into account to that shareholder's investment in the corporation; that is, to the adjusted basis of the stock in the corporation owned by the shareholder and the adjusted basis of any indebtedness of the corporation to the

shareholder. S. Rept. 1983, 85th Cong., 2d Sess. 219-220 (1958) (1958-3 CB 922, 1141).

Section 1.1366-2 provides rules relating to limitations on deduction of passthrough items of an S corporation to its shareholder. Under § 1.1366-2(a)(1), a shareholder's aggregate amount of losses and deductions taken into account under § 1.1366-1(a)(2), (3), and (4) for any taxable year of the S corporation cannot exceed that shareholder's adjusted basis in stock in the corporation and adjusted basis of any indebtedness of the corporation to that shareholder. These proposed amendments to the regulations provide that, in order to increase a shareholder's basis of indebtedness, a loan must represent bona fide indebtedness of the S corporation that runs directly to the shareholder. These proposed regulations also reaffirm that a shareholder acting as guarantor of S corporation indebtedness does not create or increase basis of indebtedness simply by becoming a guarantor.

Explanation of Provisions

Section 1366(d)(1) provides that a shareholder can take into account losses and deductions to the extent of the adjusted basis of the shareholder's stock and the adjusted basis of any indebtedness of the S corporation to the shareholder (basis of indebtedness). The Code does not define basis of indebtedness, but several court cases involving passthrough losses from an S corporation interpret section 1366 to require an investment in the S corporation that constitutes "an actual economic outlay" by the shareholder to create basis of indebtedness. See, for example, *Maloolf v. Comm'r*, 456 F.3d 645, 649-650 (6th Cir. 2006); *Spencer v. Comm'r*, 110 T.C. 62, 78-79 (1998), aff'd without published opinion, 194 F.3d 1324 (11th Cir. 1999); *Hitchins v. Comm'r*, 103 T.C. 711, 715 (1994); *Perry v. Comm'r*, 54 T.C. 1293, 1296 (1970). Often, the cases involve attempts by an S corporation shareholder to obtain basis of indebtedness by borrowing from another person—typically, a related entity—and then lending the proceeds to the S corporation (a back-to-back loan transaction). Alternatively, an S corporation shareholder might seek to restructure an existing loan of the S corporation into a back-to-back loan by assuming the S corporation's liability on the loan and creating a commensurate obligation from the S corporation to the shareholder. Disputes continue to arise concerning when a back-to-back loan gives rise to an actual economic outlay,
