**SUPPLEMENTARY INFORMATION:**

*Title:* Organic Producer and Marketer Exemption From Assessment Under Research and Promotion Programs.

*OMB Number:* 0581-0217.

*Expiration Date, as approved by OMB:* 01/31/2008.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* National research and promotion programs: 7 CFR parts 1150 (dairy), 1160 (fluid milk), 1205 (cotton), 1206 (mango), 1207 (potato), 1209 (mushroom), 1210 (watermelon), 1215

(popcorn), 1216 (peanut), 1218 (blueberry), 1219 (Hass avocado), 1220 (soybean), 1230 (pork), 1240 (honey), 1250 (egg), 1260 (beef), and 1280 (lamb) are under AMS oversight, and are wholly industry-funded and -operated. These programs are charged with creating and expanding markets for the agricultural commodities they represent. Producers, handlers, importers, and/or others in the marketing chain pay assessments to these commodity boards to fund the programs. Research and promotion programs allow industries to establish, finance, and carry out coordinated programs of research, producer and consumer education, and promotion to improve, maintain, and develop markets for their commodities.

Any person that produces and markets solely 100 percent organic products, and does not produce any conventional or non-organic products, is exempt from paying assessments under a commodity promotion law with respect to any agricultural commodity that is produced on a certified organic farm as defined in Section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502). To be exempt from paying assessments under a research and promotion program, an application—Organic Exemption Request Form—must be submitted to the applicable board or council prior to or during the initial applicable assessment period, and annually thereafter, as long as the applicant continues to be eligible for the exemption. The information request requires the following: applicant's name, name and address of the company, telephone and fax numbers, type of operation, list of commodities produced, a copy of the applicant's organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent under the Organic Foods Production Act of 1990 (7 U.S.C. 6502), and a signed certification that the applicant meets all of the requirements specified for an assessment exemption. If the applicant complies with these requirements and is eligible for a promotion assessment exemption, the board or council will approve the exemption and notify the applicant within 30 days of receiving the application. If the application is disapproved, the board or council will notify the applicant of the reason(s) for disapproval. The Secretary may review any decisions made by the boards or councils at her or his discretion.

The form covered under this collection requires the minimum information necessary to effectively carry out the requirements under Section 501 the Federal Agriculture

Improvement and Reform Act (7 U.S.C. 7401), and every effort has been made to minimize any unnecessary recordkeeping requirements. AMS has determined that there is no practical method for collecting the required information without the use of this form. The form is available from the boards and councils in hard copy and electronic fillable format. The information collection is used only by authorized board or council employees and representatives of USDA, including AMS staff. Authorized board and council employees are the primary users of the information, and AMS is the secondary user.

AMS is committed to complying with the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.

Upon OMB approval, this burden will be merged into the information collection currently approved under OMB No. 0581-0093 for National Research, Promotion, and Consumer Information Programs.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 0.50 hours per response.

*Respondents:* Eligible certified organic producers and marketers.

*Estimated Number of Respondents:* 2,165.

*Estimated Total Annual Responses:* 2,165.

*Estimated Number of Responses per Respondent:* 1.

*Estimated Total Annual Burden on Respondents:* 1,082.5 hours

Copies of this information collection can be obtained from Angela C. Snyder, Research and Promotion; Standards, Promotion & Technology Branch at (202) 720-0976.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received will be available for public inspection during regular business hours at the above address and may be viewed at <http://www.regulations.gov>. [Docket No. AMS-FV-07-0108; FV07-996-2 N]

#### Peanut Standards Board

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Notice; request for nominations to fill vacancies.

**SUMMARY:** The Farm Security and Rural Investment Act of 2002 requires the Secretary of Agriculture to establish a Peanut Standards Board (Board) for the purpose of advising the Secretary on quality and handling standards for domestically produced and imported peanuts. The initial Board was appointed by the Secretary and announced on December 5, 2002. USDA seeks nominations for individuals to be considered for selection to the Board to fill two vacant Board positions for the remainder of a term of office ending June 30, 2010. The Board consists of 18 members representing producers and industry representatives.

**DATES:** Written nominations must be received on or before September 27, 2007.

**ADDRESSES:** Nominations should be sent to Dawana J. Clark, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, Unit 155, 4700 River Road, Riverdale, MD 20737; Telephone: (301) 734-5243; Fax: (301) 734-5275; E-mail: [Dawana.Clark@usda.gov](mailto:Dawana.Clark@usda.gov).

**SUPPLEMENTARY INFORMATION:** Section 1308 of the Farm Security and Rural Investment Act of 2002 (Farm Bill) requires the Secretary of Agriculture to establish a Peanut Standards Board (Board) for the purpose of advising the Secretary regarding the establishment of quality and handling standards for all domestic and imported peanuts marketed in the United States. The Farm

Bill requires the Secretary to consult with the Board before the Secretary establishes or changes quality and handling standards for peanuts.

The Farm Bill provides that the Board consist of 18 members, with three producers and three industry representatives from the States specified in each of the following producing regions: (a) Southeast (Alabama, Georgia, and Florida); (b) Southwest (Texas, Oklahoma, and New Mexico); and (c) Virginia/Carolina (Virginia and North Carolina).

For the initial appointments, the Farm Bill required the Secretary to stagger the terms of the members so that: (a) One producer member and peanut industry member from each peanut producing region serves a one-year term; (b) one producer member and peanut industry member from each peanut producing region serves a two-year term; and (c) one producer member and peanut industry member from each peanut producing region serves a three-year term. The term "peanut industry representatives" includes, but is not limited to, representatives of shellers, manufacturers, buying points, marketing associations and marketing cooperatives. The Farm Bill exempted the appointment of the Board from the requirements of the Federal Advisory Committee Act. The initial Board was appointed by the Secretary and announced on December 5, 2002.

USDA invites those individuals, organizations, and groups affiliated with the categories listed above to nominate individuals for membership on the Board. Nominees sought by this action would fill one vacant producer member position in each of the Southeast and Virginia-Carolina producing regions. The new members would serve for the remainder of a 3-year term of office ending June 30, 2010.

Nominees should complete a Peanut Standards Board Background Information form and submit it to Mrs. Clark. Copies of this form may be obtained at the internet site: <http://www.ams.usda.gov/fv/peanut-farmbill.htm>, or from Mrs. Clark. USDA seeks a diverse group of members representing the peanut industry. Equal opportunity practices will be followed in all appointments to the Board in accordance with USDA policies. To ensure that the recommendations of the Board have taken into account the needs of the diverse groups within the peanut industry, membership shall include, to the extent practicable, individuals with demonstrated abilities to represent minorities, women, persons with disabilities, and limited resource agriculture producers.
