AGENCY: Environmental Protection Agency.

The draft guidelines are also available on the EPA Office of Ground Water and Drinking Water website at <http://www.epa.gov/safewater/tribal.html>.

FOR FURTHER INFORMATION CONTACT: The Safe Drinking Water Hotline, toll free (800) 426-4791, can be contacted for general information about and copies of this document. For technical inquiries, contact Staci Gatica, Implementation and Assistance Division, Office of Ground Water and Drinking Water (4606), Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Ave. NW, Washington DC 20460. SUPPLEMENTARY INFORMATION: The Safe Drinking Water Act (SDWA) Amendments of 1996 direct the EPA, in cooperation with the States, to develop guidelines specifying minimum standards for certification and recertification of operators of State community and nontransient noncommunity public water systems. The requirements pertaining to States do not apply to Tribes but because having a certified operator is a key factor in public health protection, EPA is developing, in cooperation with Tribes, a voluntary Tribal Drinking Water Operator Certification Program. This program is intended to protect public health by providing Tribes with additional opportunities to become trained and certified, by developing base standards for non-State organizations certifying operators of tribal systems and by establishing a consistent method of assessing, tracking, and addressing certification and training needs on tribal lands.

Director, Office of Ground Water and Drinking Water, U.S. Environmental Protection Agency.
