

Endangered Species Act (ESA)

Under section 7 of the ESA, NMFS has begun consultation on the proposed issuance of an IHA for this project. Consultation will be concluded upon completion of the comment period and consideration of those comments in the final determination on issuance of an authorization.

National Environmental Policy Act (NEPA)

In conjunction with the promulgation of regulations implementing section 101(a)(5)(D) of the MMPA, NMFS completed an Environmental Assessment (EA) on May 9, 1995 that addressed the impacts on the human environment from issuance of IHAs and the alternatives to that action. NMFS' analysis resulted in a Finding of No Significant Impact (FONSI). In addition, this proposed action, including pile driving, will use pile driving equipment that is less intense and will, therefore, have a lower impact on the marine environment than pile driving equipment used in other surveys for which EAs and resulting FONSI's have been prepared previously. Accordingly, this proposed action qualifies for a categorical exclusion under NEPA and, therefore, a new EA will not be prepared.

Preliminary Conclusions

NMFS has preliminarily determined that the short-term impact of the floating dock installation, as described in this document and in USCG (2002), should result, at worst, in the temporary modification in behavior by California sea lions and Pacific harbor seals. While behavioral modifications, including temporarily vacating the haulout, may be made by these species to avoid the resultant visual and acoustic disturbance, this action is expected to have a negligible impact on the animals. In addition, no take by injury and/or death is anticipated, and harassment takes will be at the lowest level practicable due to incorporation of the mitigation measures mentioned previously in this document.

Proposed Authorization

NMFS proposes to issue an IHA to the USCG for the potential harassment of small numbers of harbor seals and California sea lions incidental to floating dock installation, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. NMFS has preliminarily determined that the proposed activity would result in the harassment of only small numbers of harbor seals and California sea lions and

will have no more than a negligible impact on these marine mammal stocks.

Information Solicited

NMFS requests interested persons to submit comments, information, and suggestions concerning this request (see **ADDRESSES**).

Dated: January 31, 2003.

Laurie K. Allen,

*Acting Director, Office of Protected Resources,
National Marine Fisheries Service.*

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 012903F]

Mid-Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (Council) Demersal Species Committee and the Atlantic States Marine Fisheries Commission's (ASMFC) Summer Flounder, Scup and Black Sea Bass Board, will hold a public meeting. **DATES:** The meeting will be held on Tuesday, February 25, 2003, from 1 p.m. to 3 p.m.

ADDRESSES: The meeting will be held at the Doubletree Hotel, Crystal City, 300 Army Navy Drive, Arlington, VA; telephone: 703-416-4100 or 800-222-8733.

Council address: Mid-Atlantic Fishery Management Council, 300 S. New Street, Dover, DE 19904; telephone: 302-674-2331.

FOR FURTHER INFORMATION CONTACT: Daniel T. Furlong, Executive Director, Mid-Atlantic Fishery Management Council; telephone: 302-674-2331, ext. 19.

SUPPLEMENTARY INFORMATION: The main agenda item for this meeting is to discuss 2003 planning priorities for summer flounder, scup, and black sea bass.

Although non-emergency issues not contained in this agenda may come before the Council and ASMFC for discussion, these issues can not be the subject of formal Council action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues

arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Joanna Davis at the Council (see **ADDRESSES**) least 5 days prior to the meeting date.

Dated: January 29, 2003.

Theophilus R. Brainerd,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[I.D. 012903E]

Mid-Atlantic Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's (MAFMC) Atlantic Mackerel, Squid, and Butterfish Committee, together with Industry Advisors, will hold a public meeting.

DATES: The meeting will be held on Thursday, February 20, 2003, from 10 a.m. until 4 p.m.

ADDRESSES: This meeting will be held at the Renaissance Hotel Philadelphia Airport, 500 Stevens Drive, Philadelphia, PA; telephone: 610-521-8954.

Council address: Mid-Atlantic Fishery Management Council, Room 2115, 300 S. New Street, Dover, DE 19904.

FOR FURTHER INFORMATION CONTACT: Daniel T. Furlong, Executive Director, Mid-Atlantic Fishery Management Council; telephone: 302-674-2331, ext. 19.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is to discuss possible management measures to address over-capacity in the *Loligo* fishery including additional limited entry provisions, seasonal allocation of quota, trip limits, and individual fishing quotas for inclusion in Amendment 10

to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the MAFMC's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Joanna Davis at the Mid-Atlantic Council Office (see **ADDRESSES**) at least 5 days prior to the meeting date.

Dated: January 29, 2003.

Patent and Trademark Office

[Docket No. 2002-C-001]

Patent and Trademark Office Acquisition Guidelines (PTAG)

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Notice of promulgation of guidelines.

SUMMARY: The United States Patent and Trademark Office (USPTO) is publishing guidelines which will apply to its acquisitions.

EFFECTIVE DATE: The guidelines will be adopted on March 10, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Susan Messina, Procurement Analyst, USPTO, Office of Procurement, at 703-305-8014.

SUPPLEMENTARY INFORMATION:

Background

The USPTO published the proposed guidelines and requested comments on October 23, 2002 (67 FR 65092). No comments were received in response to this notice and request for comments.

Nature of Guidelines

Neither the Federal Acquisition Regulation (FAR) nor the procedures set

forth in this notice will be binding on USPTO contracting officers or other USPTO employees involved in the procurement process. However, USPTO employees may assume that following either the FAR procedures or, to the extent applicable, the alternate procedures set forth in this notice will ensure compliance with applicable legal requirements and result in fair and appropriate decisions. USPTO employees may use procedures other than those set forth in the FAR and this notice so long as these procedures comply with all applicable statutes, Executive Orders and regulations, will further the legitimate interests of the USPTO and are calculated to result in fair decisions.

Neither the FAR nor the alternate guidance provided in this notice is binding on USPTO vendors or any other member of the public, except to the extent provisions therefrom are incorporated in legally enforceable contracts. Instructions set forth in solicitations or other procurement documents are also binding in that they may establish conditions on an offeror's continued participation in the procurement process.

The alternate procedures set forth in this notice are intended to incorporate brevity of content, streamlined procedures, innovation in process, flexibility, and discretion to the acquisition process while ensuring objectivity and maximum reasonable competition. The following are highlights of the benefits the USPTO hopes to achieve through this alternate guidance:

- Increase the competitive threshold from \$2500 to \$5000 to decrease processing time and costs.
- Use "maximum reasonable competition" instead of "full and open competition" for a more efficient procurement process.
- Reflect the USPTO's increased flexibility in procuring printing services.
- Increase the threshold for the use of simplified acquisition procedures for commercial items from \$5 million to \$10 million to reduce the lead time for processing requirements and decrease acquisition costs.
- Provide guidance on the use of an Alternative Streamlined Contracting Approach. This process involves the early identification of highly qualified vendors, which will reduce the investment of vendor time and resources, provide greater flexibility, and establish better partnerships with the vendor community. The use of a pre-set number of firms for the

competitive range also reduces unreasonable contractor expectations.

- Permit limited discussions after the establishment of the competitive range in lieu of making an award without discussions. USPTO hopes to reduce processing time and administrative burdens associated with proposal revisions.

- Permit use of contract types not included in the FAR (*i.e.*, contract types that combine elements of the various contract types listed in the FAR (Labor Hour Award Fee, for one example). This provides greater flexibility to improve mission accomplishment and improved partnering relationships with vendors.

Guidelines

Expanded Use of Electronic Commerce

Recognizing that the Internet provides a valuable means of disseminating information, USPTO intends to continue and expand its use of electronic commerce to facilitate streamlining of the acquisition process. While the USPTO will continue to synopsise proposed actions and contract awards, the objective is to use the USPTO Office of Procurement web site as the foremost method of publicizing requirements, business opportunities, and providing procurement information to the business community.

Competition

The USPTO will endeavor to acquire products and services to the maximum extent possible in all acquisitions on a competitive basis; however, it is exempt from the requirement to meet the test of "full and open competition" as defined in FAR part 6.

The USPTO will use competition as a principal tool in achieving results and intends to adopt means of affording competition that it determines will effectively serve the performance goals established for particular acquisitions.

It is the policy of the USPTO to promote competition to the maximum extent possible. Competition reduces the risk of having to rely on only one source for critical goods or services and reduces costs. USPTO intends to balance these considerations with the program benefits that can be gained from developing a reduced supplier base and building strategic alliances with its suppliers. The degree of competition sought will be influenced by knowledge of the marketplace and successful past performance records, with competition in most cases limited to a reasonable number of capable sources.

Under the USPTO process, all firms will be apprised of opportunities, but
