CMS–10102 National Implementation of the Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) Survey

Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Application for Enrollment in Medicare Part B (Medical Insurance); *Use:* Medicare Part B is a voluntary program, financed from premium payments by enrollees, together with contributions from funds appropriated by the Federal government. The Social Security Act (the Act) at section 226(a) provides that individuals who are age 65 or older and eligible for, or entitled to, Social Security or Railroad Retirement Board

(RRB) benefits shall be entitled to premium-free Part A upon filing an application for such benefits. Section 1836 of the Act permits individuals with Medicare premium-free Part A to enroll in Part B.

The CMS–40B provides the necessary information to determine eligibility and to process the beneficiary's request for enrollment for Medicare Part B coverage. This form is only used for enrollment by beneficiaries who already have Part A, but not Part B. Form CMS–40B is completed by the person with Medicare or occasionally by an SSA representative using information provided by the Medicare enrollee during an in-person interview. The form is owned by CMS, but not completed by CMS staff. SSA processes Medicare enrollments on behalf of CMS. *Form Number:* CMS–40B (OMB control number: 0938–1230); *Frequency:* Once; *Affected Public:* Individuals or households; *Number of Respondents:* 1,132,000; *Number of Responses:* 1,132,000; *Total Annual Hours:* 192,440. (For policy questions regarding this collection, contact Candace Carter at 410–786–8466.)

2. *Type of Information Collection Request:* Extension without change of currently approved collection; *Title of Information Collection:* National Implementation of the Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) Survey; *Use:* The HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) Survey is the first national, standardized, publicly reported survey of patients' perspectives of their hospital care. HCAHPS is a 29-item survey instrument and data collection methodology for measuring patients' perceptions of their hospital experience. Since 2008, HCAHPS has allowed valid comparisons to be made across hospitals locally, regionally and nationally.

Three broad goals have shaped HCAHPS. First, the standardized survey and implementation protocol produce data that allow objective and meaningful comparisons of hospitals on topics that are important to consumers. Second, public reporting of HCAHPS results creates new incentives for hospitals to improve quality of care. Third, public reporting enhances accountability in health care by increasing transparency of the quality of hospital care provided in return for the public investment. *Form Number:* CMS–10102 (OMB control number: 0938–0981); *Frequency:* Occasionally; *Affected Public:* Private Sector, Business or other for-profits, Not-for-profits institutions; *Number of Respondents:*

2,304,450; *Number of Responses*: 2,304,450; *Total Annual Hours*: 282,366. (For policy questions regarding this collection, contact William G. Lehrman at 410–786–1037.)

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Ambulatory Surgical Center Covered Procedures List (ASC CPL); *Use:* The ASC CPL (Ambulatory Surgical Center Covered Procedures List) was authorized in accordance with section 1833(i)(1) of the Social Security Act, which requires the Secretary to specify surgical procedures which are appropriately performed on an inpatient basis in a hospital but which also can be performed safely on an ambulatory basis in an ASC, critical access hospital, or hospital outpatient department. The statute also requires the Secretary to regularly review and update the ASC CPL.

During rulemaking, CMS receives surgical procedure code nominations from a variety of external interested parties and evaluates them for inclusion to the CPL in the OPPTS/ASC proposed rule. After reviewing the nominations

and evaluating them against the criteria, CMS proposes the list of procedures that they will add to the CPL for the following calendar year. The public has 60 days to comment on the proposals, CMS takes these perspectives into account, and the final list of procedure nominations are finalized in the OPPTS/ASC final rule.

The information collected in this request will be used by CMS annually to determine what covered surgical procedures should be added to the ASC CPL. Specifically, the policy analysts and medical officers in the Division of Outpatient Care will individually review each procedure nomination, as well as any supporting evidence (clinical studies, literature, data or letters of support) submitted. The agency will use this information to propose a list of covered surgical procedures for the OPPTS/ASC Proposed Rule starting with the CY 2025 Proposed Rule. *Form Number:* CMS–10809 (OMB control number: 0938–New); *Frequency:* Yearly; *Affected Public:* Private Sector, Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 15; *Total Annual Responses:* 100; *Total Annual Hours:* 50. (For policy questions regarding this collection contact Nate Vercauteren at Nathan.Vercauteren@cms.hhs.gov.)
