#### **B. Determination To Extend Certain** Exclusions

Based on the evaluation of the factors set out in the July 11 notice and February 5 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to extend for 12 months certain product exclusions covered by the February 5 notice, as set out in the Annex to this notice. The U.S. Trade Representative's determination also takes into account advice from advisory committees and any public comments concerning the extension of the pertinent exclusion.

In accordance with the July 11 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the 10-digit HTSUS headings and product descriptions in the Annex to this notice, and not by the product descriptions set out in any particular request for exclusion.

As set out in the Annex, the U.S. Trade Representative has determined to extend the following exclusions granted under the April 18, 2019 notice under heading 9903.88.07 and under U.S. note 20(j) to subchapter III of chapter 99 of the HTSUS: (2), (4), (6), (7), (11), (12), (14), and (21).

[Docket No. FAA-2020-0379]

**Agency Information Collection Activities: Requests for Comments;** Clearance of a New Approval of **Information Collection: Operational Waivers for Small Unmanned Aircraft** Systems

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for

comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval for a new information collection. The FAA proposes collecting information about requests for waivers from certain operational rules that apply to small unmanned aircraft systems (sUAS). The FAA will use the collected information to make determinations whether to authorize or deny the requested operations of sUAS. The proposed information collection is

necessary to issue such authorizations or denials consistent with the FAA's mandate to ensure safe and efficient use of national airspace.

DATES: Written comments should be submitted by June 9, 2020.

ADDRESSES: Please send written comments:

By Electronic Docket: www.regulations.gov (Enter docket number into search field).

By mail: Dwayne C. Morris, 800 Independence Ave. SW, Washington, DC 20591.

By fax: (202) 267–1078.

#### SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-XXXX. Title: Operational Waivers for Small Unmanned Aircraft Systems.

Form Numbers: N/Ă (Online Portal). Type of Review: New.

Background: The FAA has seen increased operations of small unmanned aircraft systems (sUAS) flying under 14 CFR part 107. Under 14 CFR 107.205, operators of small UAS may seek waivers from certain operational rules. The FAA is updating and modernizing the process for applying for such waivers using the DroneZone website. These improvements will facilitate the process of collecting and submitting the information required as part of a waiver application. The reporting burdens for operational waiver applications are currently covered by Information Collection Request (ICR) 2120-0768. As part of this effort, the FAA is creating a new ICR just for operational waiver applications. In order to process operational waiver requests, the FAA requires the operator's name, the operator's contact information, and information related to the date, place, and time of the requested small UAS operation. Additional information is required related to the proposed waiver and any necessary mitigations. The FAA will use the requested information to

determine if the proposed UAS operation can be conducted safely. This information is necessary for the FAA to meet its statutory mandate of maintaining a safe and efficient national airspace. See 49 U.S.C. 40103, 44701 and 44708.

Respondents: sUAS Operators: 8,034 per year.

Frequency: On occasion. For requests for operational waivers, a respondent will need to provide the information once at the time of the request for the waiver. If granted, operational waivers may be valid for up to four (4) years.

Estimated Average Burden per Response: 0.65 hours per response. Estimated Total Annual Burden: 5,222 hours.

Issued in Washington, DC, on April 7, 2020.

# II. Legal Basis

Under Section 32918 of the Moving Ahead for Progress in the 21st Century Act, Public Law 112-141, 126 Stat. 405 (MAP-21), all brokers and freight forwarders subject to FMCSA's jurisdiction must maintain \$75,000 in financial security. 49 U.S.C. 13906(b)(3), (c)(4). Such financial security must be in the form of a surety bond or trust fund. 49 CFR 387.307(a); 49 CFR 387.403T(c). Under 49 U.S.C. 13541(a), the Secretary of Transportation (Secretary) "shall exempt a person, class of persons, or a transaction or service from the application, in whole or in part, of a provision of [49 U.S.C. Part B (Chapters 131-149)], or use this exemption authority to modify the application of a provision of [49 U.S.C. Part B (Chapters 131-149)] as it applies to such person, class, transaction, or service when the Secretary . . . finds that the application  $% \left( 1\right) =\left( 1\right) \left( 1\right) \left($ of that provision:

- (1) Is not necessary to carry out the transportation policy of [49 U.S.C.]13101;
- (2) is not needed to protect shippers from the abuse of market power or that the transaction or service is of limited scope; and
- (3) is in the public interest." 49 U.S.C. 13541(a).

In a September 10, 2019, letter to FMCSA (SBTC Petition for Exemption), SBTC seeks a 5-year exemption from the \$75,000 financial security requirements at 49 U.S.C. 13906(b) and (c) for certain small business brokers and freight forwarders with revenues below \$15.01
