

Administration's (SBA) regulations at 13 CFR 121.201; (2) a small governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of today's Direct Final rule on small entities, I certify that this proposed rule will not have a significant economic impact on a substantial number of small entities. This action proposes only a minor change to the manifest printing specifications, and the effect of this proposed change would make it easier for printers to comply with the manifest printing specification by providing additional options. Therefore, this proposed rule would not impose any new burden or costs on printers or users of the manifest, including printers and users who are small entities as defined by the RFA. Since the rule would not have any significant adverse economic impact on small entities, the RFA does not require EPA to perform a regulatory flexibility analysis.

Various organizations submitted requests to extend the comment period by an additional sixty (60) days or more. ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before September 20, 2011.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.
