FOR FURTHER INFORMATION CONTACT:

Stephen L. Sharfman, General Counsel, at 202-789-6820 (case-related information) or DocketAdmins@prc.gov (electronic filing assistance).

SUPPLEMENTARY INFORMATION: Notice is hereby given that, pursuant to 39 U.S.C. 404(d), the Commission received two petitions for review of the Postal Service's determination to close the Santa Fe post office in Santa Fe, Missouri. The first petition for review received January 18, 2012, was filed by Valena Booth. The second petition for review received January 20, 2012, was filed by Robert F. Young. The earliest postmark date is January 6, 2012.

The Commission hereby institutes a proceeding under 39 U.S.C. 404(d)(5) and establishes Docket No. A2012-120 to consider Petitioners' appeal. If Petitioners would like to further explain their position with supplemental information or facts, Petitioners may either file a Participant Statement on PRC Form 61 or file a brief with the Commission no later than February 22, 2012.

Issue apparently raised. Petitioners contend that the Postal Service failed to consider the effect of the closing on the community. See 39 U.S.C. 404(d)(2)(A)(i).

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than the one set forth above, or that the Postal Service's determination disposes of one or more of those issues. The due date for any responsive pleading by the Postal Service to this Notice is February 13, 2012.

Notwithstanding the Postal Service's determination to close this post office, on December 15, 2011, the Postal Service advised the Commission that it "will delay the closing or consolidation of any Post Office until May 15, 2012".¹ The Postal Service further indicated that it "will proceed with the discontinuance process for any Post Office in which a Final Determination was already posted as of December 12, 2011, including all pending appeals." *Id.* It stated that the only "Post Offices" subject to closing prior to May 16, 2012

are those that were not in operation on, and for which a Final Determination was posted as of, December 12, 2011. It affirmed that it "will not close or consolidate any other Post Office prior to May 16, 2012." *Id.* Lastly, the Postal Service requested the Commission "to continue adjudicating appeals as provided in the 120-day decisional schedule for each proceeding." *Id.*

The Postal Service's Notice outlines the parameters of its newly announced discontinuance policy. Pursuant to the Postal Service's request, the Commission will fulfill its appellate responsibilities under 39 U.S.C. 404(d)(5).

Availability; Web site posting. The Commission has posted the appeal and supporting material on its Web site at <http://www.prc.gov>. POSTAL SERVICE

Notice of Availability: Programmatic Environmental Assessment for Mail Processing Network Rationalization Initiative (Formerly Known as the "Network Optimization" Initiative), Nationwide

AGENCY: Postal Service.

ACTION: Notice of availability of a Programmatic Environmental Assessment.

SUMMARY: To comply with the requirements of the National Environmental Policy Act (NEPA), the Postal Service has prepared and is making available a Programmatic Environmental Assessment (PEA) for the Mail Processing Network Rationalization Initiative (the "Proposed Action"), which is national in scope. This PEA evaluated the environmental impacts of the Proposed Action versus taking No Action. Based on the results of the PEA, the Postal Service has issued a Finding of No Significant Impact (FONSI) indicating that the Proposed Action will not have a significant impact on the environment.

DATES: The PEA and FONSI are available as of February 6, 2012.

ADDRESSES: Interested parties may direct questions or requests for additional information, including

requests for copies of the PEA and FONSI documents, to: Mr. Thomas G. Day, Chief Sustainability Officer, U.S. Postal Service, 475 L'Enfant Plaza SW., Room 2737, Washington, DC 20260; (202) 268-7488.

SUPPLEMENTARY INFORMATION: The Postal Service is undertaking a Mail Processing Network Rationalization Initiative to create a more streamlined processing and distribution network using fewer facilities to handle an existing and projected decline in mail volumes. The proposal under consideration includes possible closure or consolidation of mail processing for approximately 250 processing facilities, reducing mail processing equipment by as much as 50 percent, dramatically decreasing the nationwide transportation network, adjusting the mail processing workforce size by as many as 35,000 positions, and revising service standards for mail services, including the elimination of the expectation of overnight service for significant portions of First-Class Mail and Periodicals.

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, the Postal Service's implementing procedures at 39 CFR part 775, and the President's Council on Environmental Quality Regulations (40 CFR parts 1500-1508), the Postal Service has prepared a Programmatic Environmental Assessment (PEA) to evaluate the environmental impacts of the Proposed Action versus the No Action Alternative. Based on the results

of the PEA, the Postal Service has issued a Finding of No Significant Impact (FONSI) indicating that the Proposed Action will not have a significant impact on the environment.

The No Action Alternative was analyzed as an alternative to the Proposed Action. Based upon the No Action Alternative, the Postal Service would not implement the Mail Processing Network Rationalization Initiative. Postal Service mail processing operations would continue essentially as is, at current capacity. No consolidation or closure of mail processing facilities, modification of current service standards for First-Class Mail and Periodicals, scaling back of the nationwide transportation network, or workforce adjustments would occur. Under the No Action Alternative the Postal Service would maintain current operating methods and protocols and would continue to operate at a budget deficit due to insufficient income to maintain current operating expenses.
