#### SUPPLEMENTARY INFORMATION:

*Title:* National Conservation Practice Adoption Motivations Survey.

OMB Control Number: 0535–NEW. Type of Request: Intent to seek approval to create a new information collection for a period of three years.

Abstract: The purpose of the survey is to target operations who own or operate cropland and/or concentrated livestock feeding operations. NASS will collect information about these types of operations to understand conservation practices within the United States in terms of the following: (1) How often are specific conservation practices adopted without assistance, with technical assistance and/or financial assistance. (2) How does adoption evolve over time? What proportion of producers who "try" a given practice continue or expand use over time? How many discontinue the practice? (3) What motivates farmers to initially try a practice and then continue, expand, or discontinue use? The questions reflect a range of factors including conservation need(s), experience(s) of neighbors, financial benefits or costs, producer's time and effort, availability of technical and financial assistance, regulation or conservation compliance, and concern about the environmental quality. The United States Department of Agriculture's Natural Resources Conservation Service has entered into an interagency agreement with NASS to conduct this survey.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data

collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to nonaggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–113, 44 U.S.C. 3501, et seq.) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," Federal Register, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 60 minutes per response. NASS plans to mail out publicity materials prior to the questionnaires to inform respondents of the importance of this survey. Respondents will be able to reply to the mailed questionnaires by either an online link or by U.S. Postal Service. After two questionnaire mailings, NASS will mail a reminder, pressure sealed postcard to non-respondents with a link to the internet data collection tools, followed up with phone and personal enumeration of non-respondents to increase response rates and to minimize data collection costs.

Respondents: The 2022 survey will target operations who own or operate cropland as well as concentrated livestock feeding operations. Operators who have grazing land or forestry land will be done at a later date.

Estimated Number of Respondents: 35,200.

Estimated Total Annual Burden on Respondents: 35,614 hours.

*Comments:* Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be

summarized in the request for OMB approval.

Signed at Washington, DC, June 28, 2021. **Kevin L. Barnes**,

[Docket No. RUS-21-Agency-0011]

OneRD Annual Notice of Guarantee Fee Rates, Periodic Retention Fee Rates, Loan Guarantee Percentage and Fee for Issuance of the Loan Note Guarantee Prior to Construction Completion for Fiscal Year 2022

**AGENCY:** Rural Business-Cooperative Service, Rural Housing Service and Rural Utilities Service, USDA.

**ACTION:** Notice.

**SUMMARY:** The Rural Business-Cooperative Service (RBCS), Rural Housing Service (RHS), and the Rural Utilities Service (RUS), agencies of the Rural Development mission area within the U.S. Department of Agriculture (USDA), hereinafter collectively referred to as the Agency, offer loan guarantees through four programs: Community Facilities (CF) administered by RHS; Water and Waste Disposal (WWD) administered by the RUS; and Business and Industry (B&I) and Rural Energy for America Program (REAP) administered by the RBCS. This notice provides applicants with the Guarantee Fee rates, Guarantee percent for Guaranteed Loans, the Periodic Retention Fee, and Fee for Issuance of the Loan Note Guarantee Prior to Construction Completion for Fiscal Year (FY) 2022, to be used when applying for guaranteed loans under the aforementioned guaranteed loan types. This notice is being published prior to the passage of a FY 2022 appropriation. Should the fees need to be adjusted after passage of the FY 2022 appropriation bill, the agency will publish a subsequent notice in the Federal Register.

**DATES:** The fees in this notice are applicable October 1, 2021.

FOR FURTHER INFORMATION CONTACT: For information specific to this notice contact Michele Brooks, Director, Regulations Management, Rural Development Innovation Center—Regulations Management, USDA, 1400 Independence Avenue SW, Washington, DC 20250–1522. Telephone: (202) 690–1078. Email: michele.brooks@usda.gov. For information regarding implementation, contact your respective Rural Development State Office listed here: http://www.rd.usda.gov/browsestate.

SUPPLEMENTARY INFORMATION: As set forth in 7 CFR part 5001, the Agency is authorized to charge a guarantee fee, a periodic guarantee retention fee, a fee for the issuance of the loan note guarantee prior to construction completion, and establish a loan guarantee percentage for guaranteed loans made under this rule. Pursuant to this and other applicable authority, and subject to the current appropriated authority, the Agency is establishing the following for FY 2022:

Loan type	Guarantee fee (%)	Periodic guarantee retention fee (%)	Loan guarantee percentage (%)	Fee for issuance of loan note guarantee prior to construction completion (%)
B&I	3.0 1.0	0.5 0.5	80 80	0.5 0.5
B&I project in a high cost, isolated rural area of the State of Alaska that is				
not connected to a road system	1.0	0.5	90	0.5
CF	1.25	0.5	80	0.5
REAP	1.0	0.25	80	0.5
WWD	1.0	N/A	80	0.5

The initial guarantee fee is paid at the time the loan note guarantee is issued. The periodic guarantee retention fee is paid by the lender to the Agency once a year. Payment of the periodic guarantee retention fee is required in order to maintain the enforceability of the guarantee. The fee for issuance of the loan note guarantee prior to construction completion DOES NOT apply to all construction loans. This additional fee only applies to loans requesting to receive a loan note guarantee prior to project completion. For loans where the Loan Note Guarantee is issued between October 1 and December 31, the first periodic retention fee payment is due January 31 of the second year following the date the Loan Note Guarantee was issued.

Unless precluded by a subsequent FY 2022 appropriation, these rates will apply to all guaranteed loans obligated in FY 2022. The amount of the periodic retention fee on each guaranteed loan will be determined by multiplying the periodic retention fee rate by the outstanding principal loan balance as of December 31, multiplied by the percentage of guarantee.
