**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of this expedited sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on tapered roller bearings (TRBs) from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Expedited Sunset Review” section of this notice.

**DATES:** Applicable December 15, 2023.

**FOR FURTHER INFORMATION CONTACT:** Benjamin Nathan, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3834.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On June 15, 1987, Commerce published in the *Federal Register* the AD order on TRBs from China.<sup>1</sup> On September 1, 2023, Commerce published the *Initiation Notice* of the fifth sunset review of the *Order* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> In accordance with 19 CFR 351.218(d)(1)(i) and (ii), Commerce received a notice of intent to participate in this sunset review from The Timken Company (the domestic interested party) within 15 days after the date of publication of the *Initiation Notice*.<sup>3</sup> The domestic

interested party claimed interested party status under section 771(9)(C) of the Act as a producer of a domestic like product in the United States.

Commerce received a timely, adequate substantive response to the *Initiation Notice* from the domestic interested party within the 30-day period specified in 19 CFR 351.218(d)(3)(i).<sup>4</sup> Commerce did not receive substantive responses from any other interested parties, and no party requested a hearing.

On October 25, 2023, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from other interested parties.<sup>5</sup> As a result, in accordance with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited, *i.e.*, 120-day, sunset review of the *Order*.

##### **Scope of the Order**

The products covered by the *Order* are tapered roller bearings and parts thereof, finished and unfinished, from China; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.<sup>6</sup>

##### **Analysis of Comments Received**

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the *Order* were revoked.<sup>7</sup> A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's

the Antidumping Duty Order on Tapered Roller Bearings from China (Case No. A–570–601),” dated September 13, 2023.

### Final Results of Expedited Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would likely lead to the continuation or recurrence of dumping and that the magnitude of the margin of dumping likely to prevail would be at a rate up to 60.25 percent.

### Administrative Protective Order

**ACTION:** Notice of public workshops.

**SUMMARY:** Free Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops will be held in January, February, and March of 2024. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted in 2024 and will be announced in a future notice. In addition, NMFS has implemented online recertification workshops for persons who have already taken an in-person training.

**DATES:** The Atlantic Shark Identification Workshops will be held on January 18, 2024, February 22, 2024, and March 21, 2024. The Safe Handling, Release, and Identification Workshops will be held on January 16, 2024, February 2, 2024, and March 7, 2024.

**ADDRESSES:** The Atlantic Shark Identification Workshops will be held in Kenner, LA, Fort Pierce, FL, and Medford, NY. The Safe Handling, Release, and Identification Workshops will be held in Portsmouth, NH, Key Colony Beach, FL, and Houston, TX.

**FOR FURTHER INFORMATION CONTACT:** Elsa Gutierrez by email at [elsa.gutierrez@noaa.gov](mailto:elsa.gutierrez@noaa.gov) or by phone at 301–427–8503.

**SUPPLEMENTARY INFORMATION:** Atlantic highly migratory species (HMS) fisheries are managed under the 2006 Consolidated HMS Fishery Management Plan (FMP) and its amendments, pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and consistent with the

Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). HMS implementing regulations are at 50 CFR part 635. Section 635.8 describes the requirements for the Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops. The workshop schedules, registration information, and a list of frequently asked questions regarding the Atlantic Shark Identification and Safe Handling, Release, and Identification workshops are available online at: <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-shark-identification-workshops> and <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/safe-handling-release-and-identification-workshops>.

### Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057, October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Thus, certificates that were initially issued in 2021 will expire in 2024.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit that first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate must be in any trucks or other conveyances that are extensions of a dealer's place of business.
