

eligibility requirements above, and would experience severe economic hardship for reasons described above may apply for employment authorization under the otherwise applicable guidelines described in 80 FR 69237. However, an F-1 student seeking employment authorization due to severe economic hardship, in applying for such authorization based upon the separate emergent circumstances as determined by the Secretary as described above in this notice, must demonstrate to the Designated School Official (DSO) that the hardship would be precipitated by a cessation of previously authorized employment. For an F-1 student seeking off-campus employment authorization, in making the recommendation that the student be approved for such employment, the DSO, in addition to certifying the otherwise applicable information, will certify the student is a citizen of Nepal and requires employment pursuant to this notice to avoid severe economic hardship that otherwise would result from the immediate, abrupt cessation of the temporarily suspended regulatory requirements governing the employment that the student was previously afforded due to the damage caused by the earthquake in Nepal of April 25, 2015.

This notice extends the time period during which such F-1 students may seek employment authorization. All interested F-1 students should follow the otherwise applicable instructions listed in the original notice.
