

system in performance of their official duties and by authorized personnel who are properly screened and cleared based upon a need to know. Records are stored in locked rooms and cabinets. Those in computer storage devices are protected by computer system software.

RETENTION AND DISPOSAL:

Destroy 2 years after the case is closed.

SYSTEM MANAGER(S) AND ADDRESS:

The Commander who initiated an investigation or that Commander's successor in command, at that Commander's installation office. Official Air Force mailing addresses are published as an appendix to the Air Force's compilation of record systems notices.

NOTIFICATION PROCEDURE:

Individuals seeking to determine whether this system of records contains information about themselves should address written inquiries to the Commander who initiated the investigation, or that Commander's successor, at the Commander's installation office.

Individual should provide their full name, mailing address, and Social Security Number.

RECORD ACCESS PROCEDURES:

Individuals seeking to access records about themselves contained in this system should address request to the Commander who initiated the investigation, or that Commander's successor in command, at the Commander's installation office.

Individual should provide their full name, mailing address, and Social Security Number.

CONTESTING RECORD PROCEDURES:

The Air Force rules for accessing records, and for contesting contents and appealing initial agency determinations are published in Air Force Instruction 37-132; 32 CFR part 806b; or may be obtained from the system manager.

RECORD SOURCE CATEGORIES:

Complainants, subjects, investigations, witnesses, official records, third parties, and Members of Congress. Information from almost any source can be included if it is relevant and material to the investigation, inquiry, or subsequent command action.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

Investigatory material compiled for law enforcement purposes, other than material within the scope of subsection 5 U.S.C. 552a(j)(2), may be exempt pursuant to 5 U.S.C. 552a(k)(2).

However, if an individual is denied any right, privilege, or benefit for which he would otherwise be entitled by Federal law or for which he would otherwise be eligible, as a result of the maintenance of the information, the individual will be provided access to the information exempt to the extent that disclosure would reveal the identity of a confidential source. **Note:** When claimed, this exemption allows limited protection of investigative reports maintained in a system of records used in personnel or administrative actions.

An exemption rule for this system has been promulgated in accordance with requirements of 5 U.S.C. 553(b)(1), (2), and (3), (c) and (e) published in 32 CFR part 806b. For additional information contact the system manager.

Department of the Army

Notice of Availability (NOA) for the Draft Environmental Impact Statement (DEIS) for the Transformation of the 2nd Brigade, 25th Infantry Division (Light) to a Striker Brigade Combat Team (SBCT) in Hawaii

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Proposed Action includes training to be conducted at Schofield Barracks Military Reservation (SBMR), Dillingham Military Reservation, Kahuku Training Area and Kaiwaloa Training Area on Oahu and the Pōhakuloa Training Area on the island of Hawaii. Twenty-eight projects are proposed that would improve the existing support structure and facilities to provide the necessary field training required for an SBCT. These projects include construction of ranges, airfield upgrades, land acquisition, and new equipment such as new and modernized vehicles (namely the Stryker, an eight-wheeled, 20-ton combat vehicle) and weapons systems (105mm cannon and 120mm mortar). The number of soldiers and vehicles stationed at SBMR also would increase. The Army would acquire land on Oahu (approximately 1,400 acres) and on the island of Hawaii (approximately 23,000 acres) for training areas and road construction.

DATES: The comment period for the DEIS will end 45 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: To obtain a copy of the DEIS, ask questions or submit written comments, contact Ms. Cindy Barger, U.S. Army Corps of Engineers, Honolulu Engineer District, Program and Project Management, Attention: CEPOH-PP-E (Barger), Building 230, Fort Shafter, Hawaii 96858-5440.

FOR FURTHER INFORMATION CONTACT: Ms. Cindy Barger by telephone at (808) 438-4812; by facsimile at (808) 438-7801; or by e-mail at SBCT_EIS@usace.army.mil.

SUPPLEMENTARY INFORMATION: The SBCT DEIS analyzes three alternative courses of action with respect to the transformation of the 2nd Brigade, 25th Infantry Division in Hawaii: (1) The transformation of the 2nd Brigade, 25th Infantry Division (Light) to an SBCT with a range of supporting activities including new, additional, or modified ranges, facilities and infrastructure and acquisition of approximately 1,400 acres of additional training lands on Oahu and 23,000 acres on the island of Hawaii (preferred alternative); (2) the transformation of the 2nd Brigade, 25th Infantry Division (Light) to an SBCT with a range of supporting activities including new, additional, or modified ranges, facilities and infrastructure, and acquisition of approximately 100 acres of additional training lands on Oahu and 23,000 acres on the island of Hawaii; and (3) the no action alternative, under which no transformation would occur in the near term and training would continue as currently exists.

Comments on the Draft EIS, received during the 45-day public comment period, will be considered in preparing the Final EIS. Public meetings to comment on the SBCT DEIS will be held at various locations on the islands of Oahu and Hawaii. Notification of the times and locations for the public meetings will be published in local newspapers and in the Hawaii Office of Environmental Quality Control bulletin.

Copies of the SBCT DEIS are available for review at the following libraries: Hilo Public Library, 300 Waianuenue Avenue, Hilo, Hawaii 96720-2477; Kailua-Kona Public Library, 75-138 Hualalai Road, Kailua-Kona, Hawaii 96740-1704; Thelma Parker Memorial Public and School Library, 96767-1209 Mamalahoa Hwy. Kamuela, Hawaii 96743-8429; Kahuku Public and School Library, 56-490 Kamehameha Hwy., Kahuku, Hawaii 96731-2200; Mililani Public Library, 95-450 Makaimoimo Street, Mililani, Hawaii 96789-3018; Hawaii State Library, 478 South King St., Honolulu, Hawaii 96813-2901; Wahiawa Public Library, 820 California Avenue, Wahiawa, Hawaii 96786-2034;

Waianae Public Library, 85-625 Farrington Hwy., Waianae, Hawaii 96792-2406; Waialua Public Library, 67-068 Kealohanui Street, Waialua, Hawaii 96791; and UH Environmental Center, 317 Crawford Hall, 2550 Campus Rd., Honolulu, Hawaii 96822-2217.

The Draft EIS may also be reviewed at the following SBCT Web site: <http://www.SBCTEIS.com>.

Dated: September 22, 2003.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health), OASA(I&E).

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Department of the Army

Proposed Mandatory Use of US Bank's PowerTrack System by Department of Defense Personal Property Transportation Service Providers

AGENCY: Department of the Army, DOD.

ACTION: Notice.

SUMMARY: The Military Traffic Management Command (MTMC), as the Department of Defense (DOD) Traffic Manager for the Household Goods and Personal Property Program, proposes the mandatory use of U.S. Bank's PowerTrack System as the transaction and payment system for all DOD Transportation Service Providers (TSP), beginning with the implementation of Phase I of the Defense Future Personal Property Program, (Families First). Furthermore, the use of MTMC's Centralized Web Application (CWA) will also be mandatory. Implementation of PowerTrack at all Military Services and Coast Guard installations is the goal of Families First, which is the first step in moving toward the reengineered Personal Property Program of the future.

This announcement is being made to provide responses to comments received from the **Federal Register** notice published on June 5, 2003 (68 FR 33683) proposing mandatory use of U.S. Bank's PowerTrack System by Department of Defense Personal Property Transportation Service Providers. The Electronic Billing and Payment portion of the Families First Web Site is located at <http://www.mtmc.army.mil>, under the Personal Property Program. The site offers industry access to updates on the Business Rules, Concept of Operations (CONOPS), and System Interface Specifications. The initial rollout of

PowerTrack and CWA is proposed to begin October 2003.

ADDRESSES: Headquarters, Military Traffic Management Command, ATTN: MTPP-PD, Room 10N35-58 (George Thomas), Hoffman Building II, 200 Stovall Street, Alexandria, VA 22332-5000.

FOR FURTHER INFORMATION CONTACT: Mr. George Thomas at (703) 428-2237.

SUPPLEMENTARY INFORMATION: In response to the notice published June 5, 2003 we have received three sets of comments, one from an attorney representing a carrier association, one from a senior official representing a carrier association and one from a senior official representing an independent transportation Service Provider, within the 30-day comment period. A synopsis of these comments and responses appear below.

Comment: Application of Prompt Payment Act (PPA) needs to be addressed and clearly defined before implementing PowerTrack.

Response: As indicated in a 15 May 2003 letter from Defense Finance Accounting Services (DFAS) to the three major Industry associations, it is DFAS policy that PPA interest should be paid when a proper invoice, as defined in 5 CFR part 1315, is not paid within 30 days from receipt by the designated billing agency office. The third party billing agent will be the designated billing agency in the reengineered process. If there is a dispute over information on the invoice, to include price, quantity and/or compliance, the carrier will be notified within seven days of invoice receipt. This notification effectively stops the clock for computing PPA interest. Payment will be made within 30 days of receipt of corrected invoice to avoid payment of PPA interest. MTMC is working with DFAS and U.S. Bank to develop business rules which will outline and define the prompt payment process in Phase I.

Comment: Industry raised concerns about the proposed timeframe of Phase I implementation. Specifically, they do not believe October 2003 is a realistic date and believe the date should be moved to early 2003. According to Industry, adequate time was not given them to make computer-programming changes.

Response: According to plans, we are moving forward to implement PowerTrack in the current Personal Property Program in October 2003. Industry has been participating for the past year as members of the Electronic Billing/Payment Team. It has been communicated from the start what our plans were and on one occasion, we

slipped the start date from July 03 to the current target date of October 2003. The initial rollout will be from limited shipping sites with only certain carriers participating.

Comment: Industry does not see the benefit of implementing PowerTrack using the current Military Rate Tariff (MRT) and suggest using the 400N Commercial Tariff during the Phase I Evaluation Period.

Response: Currently, we have a Rates Solicitation Team as part of the Families First program who are receiving the 400N Commercial Tariff. It is the intent of MTMC to negotiate with industry to use a modified version of the 400N Commercial Tariff in the Defense Future Personal Property Program as part of the overall Families First. However in the interim, our goal is to implement PowerTrack as part of the Phase I Evaluation Period using the current MRT. In the interest of time, we do not believe it is feasible to incorporate the 400N in Phase I since we have not completed our analysis of it. Instead, it will be part of our Phase II rollout plan.

Comment: Industry has raised concerns regarding the PPSO workload during Phase 1. Primarily, the PPSO's ability to perform additional workload during a time of downsizing, difficulty in completing their job timely in the current environment, and adequate training and assurance that sufficient resources will be provided TOs to ensure prompt payment.

Response: Presently, we are working with the Military Services to determine if there are additional workload requirements associated with implementing Phase I in the current program. The Services were asked to provide any data they may have to support their concerns. Our recommendation is to move forward with the Phase I Evaluation Period in order to establish the validity of these perceived workload concerns.

Comment: Industry wants to know what type of compensation will be given to those Transportation Providers who volunteer to participate in the Phase I Evaluation Period and how will they be compensated for added cost.

Response: All Transportation Providers participating as volunteers during the Phase I Evaluation Period will receive compensation. This will come in the form of a percentage adjustment similar in kind to the fuel surcharge. Participating TPs will apply the percentage adjustment on a shipment by shipment basis.

Comment: Industry believes that GSA request for hard copy documentation is a duplication of effort and TPs required to submit duplicates should be
