Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes one new collection and revisions of OMB-approved information collections.

Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Comments: <https://www.reginfo.gov/public/do/PRAMain>. Submit your comments online referencing Docket ID Number [SSA–2022–0022].

OR.Reports.Clearance@ssa.gov. Or you may submit your comments online through <https://www.reginfo.gov/public/do/PRAMain>, referencing Docket ID Number [SSA–2022–0022].

I. The information collection below is pending at SSA. SSA will submit it to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than July 25, 2022. Individuals can obtain copies of the collection instrument by writing to the above email address.

Enterprise Scheduling System (ESS)—0960–NEW. The Enterprise Scheduling System (ESS) will provide a better respondent and employee experience. The first ESS release is specific to allowing self-scheduling for enumeration services. ESS subsequent releases will expand services for other appointment needs. Through ESS respondent self-scheduling and technician scheduling, SSA will collect specific information about respondents (e.g., respondent: Name, address, zip code, telephone number, and email address). In addition, we ask the respondent to consent to receive optional electronic messaging or opt out; electronic message preference (email/text), if respondents provide consent; language preferences (English/Spanish); respondent’s preferred office to receive service; and appointment (day and time preference) to schedule an in-office appointment to process a request for an original SSN or replacement Social Security card. In addition, we will ask respondents scheduling their initial appointment through a technician to create a one-time passcode to securely allow online updates to their appointment. The technician will document the one-time passcode with the respondent’s other appointment preferences. Respondents will use ESS to complete required screens and fields to select a date and time for an appointment at an SSA field office (FO) to provide the proofs necessary to obtain a replacement or original SSN card. Respondents can complete the online collection themselves. If respondents encounter issues with ESS, they may contact SSA by phone to complete scheduling the appointment through a technician. We will integrate ESS with VIPr Mobile check-in functions, so ESS respondents will have the option to check-in for their appointment using Mobile check-in on their personal device, instead of checking in at the kiosk. Using VIPr, SSA employees can request walk-in visitors and individuals with appointments to come into the office. The respondents are individuals looking to schedule their own SSA visit using ESS.

Type of Request: Request for a new information collection.
