SUPPLEMENTARY INFORMATION:

Classification

Executive Order 12866

This final rule has been determined to be not significant for purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget (OMB).

Executive Order 12988

This final rule has been reviewed in accordance with Executive Order 12988, Civil Justice Reform. RUS has determined that this final rule meets the applicable standards provided in section 3 of the Executive Order. In addition, all State and local laws and regulations that are in conflict with this rule will be pre-empted; no retroactive effect will be given to the rule; and in accordance with sec. 212(e) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C. sec. 6912(e)), appeal procedures must be exhausted before an action against the Department or its agencies may be initiated.

Regulatory Flexibility Act Certification

RUS has determined that this final rule will not have a significant economic impact on a substantial number of small entities, as defined in the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The RUS Water and Environmental Programs provide loans to borrowers at interest rates and terms that are more favorable than those generally available from the private sector. RUS borrowers, as a result of obtaining Federal financing, receive economic benefits that exceed any

direct economic costs associated with complying with RUS regulations and requirements.

Information Collection and Recordkeeping Requirements

The information collection and recordkeeping requirements contained in this final rule are pending approval by OMB pursuant to the Paperwork Reduction Act 1995 (44 U.S.C. Chapter 35) under control number 0572—New. The paperwork contained in this rule will not be effective until approved by OMB.

E-Government Act Compliance

The Rural Utilities Service is committed to the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.

National Environmental Policy Act Certification

The Administrator of RUS has determined that this final rule will not significantly affect the quality of the human environment as defined by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Therefore, this action does not require an environmental impact statement or assessment.

Catalog of Federal Domestic Assistance

The program described by this final rule is listed in the Catalog of Federal Domestic Assistance Programs under number 10.759—Special Evaluation Assistance for Rural Communities and Households Program (SEARCH). This catalog is available on a subscription basis from the Superintendent of Documents, the United States Government Printing Office, Washington, DC, 20402-9325, telephone number (202) 512-1800 and at <https://www.cfda.gov>.

Executive Order 12372

This program is not subject to the requirements of Executive Order 12372, "Intergovernmental Review of Federal Programs," as implemented under USDA's regulations at 7 CFR part 3015.

Unfunded Mandates

This final rule contains no Federal mandates (under the regulatory provision of title II of the Unfunded Mandates Reform Act of 1995) for State, local, and Tribal governments or the private sector. Therefore, this final rule is not subject to the requirements of section 202 and 205 of the Unfunded Mandates Reform Act.

Executive Order 13132, Federalism

The policies contained in this final rule do not have any substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor does this final rule impose substantial direct compliance costs on State and local governments. Therefore, consultation with States is not required.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

USDA will undertake, within 6 months after this rule becomes effective, a series of regulation Tribal consultation sessions to gain input by Tribal officials concerning the impact of this rule on Tribal governments, communities, and individuals. These sessions will establish a baseline of consultation for future actions, should any become necessary, regarding this rule. Reports from these sessions for consultation will be made part of the USDA annual reporting on Tribal Consultation and Collaboration. USDA will respond in a timely and meaningful manner to all Tribal government requests for consultation concerning this rule and will provide additional venues, such as webinars and teleconferences, to periodically host collaborative conversations with Tribal leaders and their representatives concerning ways to improve this rule in Indian country.

Background

On January 22, 2010, RUS published a proposed rule in the **Federal Register** (75 FR 3642) to establish the Special Evaluation Assistance for Rural Communities and Households (SEARCH) Program as authorized by Section 306(a)(2) of the Consolidated Farm and Rural Development Act (CONACT) (7 U.S.C. 1926(a)(2)). The amendment added a grant program to make Special Evaluation Assistance for Rural Communities and Households (SEARCH) Program grants. SEARCH grants are intended to assist financially distressed, eligible communities to pay for feasibility studies, design assistance and technical assistance associated with water and waste disposal infrastructure needs.

Under the SEARCH program, the Secretary may make predevelopment and planning grants to public or quasi-public agencies, organizations operated on a not-for-profit basis or Indian Tribes on Federal and State reservations and other Federally recognized Indian Tribes. Up to 100 percent of the eligible

cost of the grant may be funded and may not exceed \$30,000. The grant recipients shall use the grant funds for feasibility studies, design assistance, and development of an application for financial assistance to financially distressed communities in rural areas with populations of 2,500 or fewer inhabitants for water and waste disposal projects as authorized in Sections 306(a)(1), 306(a)(2) and 306(a)(24) of the Consolidated Farm and Rural Development Act (CONACT) (7 U.S.C. 1926(a)(1), (a)(2) and (a)(24)).

Eligible entities for the SEARCH grants will be the same entities eligible to obtain a loan, grant, or loan guarantee from the Rural Utilities Service Water and Waste Disposal and Wastewater loan and grant programs. However, as applied to the SEARCH program, rural area is specified as one with a population of 2,500 or less. The Agency will define financially distressed areas as those where the median household income of the areas to be served is either below the poverty line or below 80 percent of the statewide non-metropolitan median household income.

The Secretary may use not more than four percent of the total amount of funds made available for a fiscal year for water and waste disposal to carry out the SEARCH program.

The Administrator of the RUS is required to prescribe regulations to implement the provisions of the SEARCH grant program and does so through this final rule. In developing the SEARCH program regulation, the Agency relied heavily on existing Rural Development regulations relative to water and waste disposal loans and grants.

Comments

RUS published a proposed rulemaking in the **Federal Register** on January 22, 2010 at 75 FR 3642. No comments were received from outside Federal agencies, however, one public submission was received with regard to the information collection and recordkeeping requirements contained in the rule. The commentor's responses are summarized below with the Agency's response as follows:

Issue 1: Commentor agreed that the collection is necessary for performance and practical utility.

Response: Agency concurs.

Issue 2: Commentor agreed that the burden estimate is accurate.

Response: Agency concurs.

Issue 3: Commentor suggested that the information quality, utility and clarity could be enhanced by allowing extra application credit for professional

services; reporting the status of applicable Federal property management specifications on the RUS Web site; adding available water management references to the RUS Web site as a component of the design and technical assistance object; and expounding upon the definition of rural.

Response: The Agency will take under advisement the suggestion to provide additional information on RUS Web site. For the purpose of water and waste disposal grants and direct and guaranteed loans, the terms "rural" and "rural area" mean a city, town, or unincorporated area that has a population of no more than 10,000 inhabitants (7 U.S.C. 1991(a)(13)). The SEARCH grant amendment (7 U.S.C. (a)(2)(c)) restricts eligibility, for the purposes of SEARCH, to communities of 2,500 or less within such rural areas.

Issue 4: Commentor suggested the collection burden can be minimized by adding two rural support offices directly to the Web pages.

Response: The Agency believes that there is minimal burden with the current Web site in obtaining States' local office information.

Requests for exceptions must be made in writing by the State Director and supported with documentation to explain the adverse effect on the Government's interest, propose alternative course(s) of action, and show how the adverse affect will be eliminated or minimized if the exception is granted. The exception decision will be documented in writing, signed by the Administrator, and retained in the files.

§ 1774.25-1774.99 [Reserved]

§ 1774.100 OMB Control Number.
