**Background**

The Endangered Species Act of 1973 (15 U.S.C. 1531 *et seq.*) requires that NMFS and USFWS develop and implement recovery plans for the conservation and survival of threatened and endangered species under their jurisdiction, unless it is determined that such plans would not promote the conservation of the species. This Plan discusses the natural history, current status, and the known and potential threats to the Kemp's ridley. The Plan lays out a recovery strategy to address

the potential threats based on the best available science and includes recovery goals and criteria. The Plan is not a regulatory action, but presents guidance for use by agencies and interested parties to assist in the recovery of loggerhead turtles. The Plan identifies substantive actions needed to achieve recovery by addressing the threats to the species. Recovery of Kemp's ridleys has and will continue to be a long-term effort between the U.S. and Mexico and will require cooperation and coordination of Federal, state, local government agencies and nongovernment organizations. NMFS and USFWS will consider all substantive comments and information presented during the public comment period in the course of finalizing this Plan.

#### **Carbazole Violet Pigment 23 from India and the People's Republic of China: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On November 2, 2009, the Department initiated sunset reviews of the antidumping duty orders on carbazole violet pigment 23 (CVP 23) from India and the People's Republic of China (PRC) pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year ("Sunset") Review*, 74 FR 56593 (November 2, 2009) (*Notice of Initiation*). The Department has conducted expedited (120-day) sunset reviews of these orders pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of these sunset reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to

continuation or recurrence of dumping as indicated in the "Final Results of Review" section of this notice.

**EFFECTIVE DATE:** March 16, 2010.

**FOR FURTHER INFORMATION CONTACT:** Bryan Hansen or Minoo Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3683 or (202) 482-1690, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On November 2, 2009, the Department initiated sunset reviews of the antidumping duty orders on CVP 23 from India and the PRC<sup>1</sup> pursuant to section 751(c) of the Act. See *Notice of Initiation*.

On November 10, 2009, the Department received a notice of intent to participate in these sunset reviews from Nation Ford Chemical Company and Sun Chemical Corporation (collectively, the domestic interested parties) within the 15-day period specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested-party status under section 771(9)(C) of the Act as producers of a domestic like product in the United States.

The Department received complete substantive responses to the *Notice of Initiation* from the domestic interested parties within the 30-day period specified in 19 CFR 351.218(d)(3)(i). The Department received no substantive responses from any respondent interested parties and no hearing was requested. On the basis of a notice of intent to participate and adequate substantive responses filed on behalf of the domestic interested parties and no responses filed on behalf of respondent interested parties and in accordance with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department is conducting expedited (120-day) sunset reviews of the antidumping duty orders on CVP 23 from India and the PRC.

##### **Scope of the Orders**

The product covered by the antidumping duty orders on CVP 23 from India and the PRC is CVP 23 identified as Color Index No. 51319 and Chemical Abstract No. 6358-30-1, with

the chemical name of diindolo [3,2-b:3,2-m]<sup>2</sup> triphenodioxazine, 8,18-dichloro-5, 15-diethyl-5, 15-dihydro-, and molecular formula of C<sub>34</sub>H<sub>22</sub>Cl<sub>2</sub>N<sub>4</sub>O<sub>2</sub>. The subject merchandise includes the crude pigment in any form (e.g., dry powder, paste, wet cake) and finished pigment in the form of presscake and dry color. Pigment dispersions in any form (e.g., pigment dispersed in oleoresins, flammable solvents, water) are not included within the scope of the orders. The merchandise subject to the orders is classifiable under subheading 3204.17.90.40 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written descriptions of the scope of the orders are dispositive.

##### **Analysis of Comments Received**

All issues raised in these reviews are addressed in the "Issues and Decision Memorandum for the Expedited Sunset Reviews of the Antidumping Duty Orders on Carbazole Violet Pigment 23 from India and the People's Republic of China" from Acting Deputy Assistant Secretary John M. Andersen to Deputy Assistant Secretary Ronald K. Lorentzen, dated concurrently with this notice (Decision Memo), which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the orders were revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room 1117 of the main Department of Commerce building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memo are identical in content.

##### **Final Results of Reviews**

The Department determines that revocation of the antidumping duty orders on CVP 23 from India and the PRC would be likely to lead to a continuation or recurrence of dumping at the following weighted-average percentage margins:

<sup>1</sup> On December 29, 2004, the Department published the following antidumping duty orders: *Antidumping Duty Order: Carbazole Violet Pigment 23 From the People's Republic of China*, 69 FR 77987 (December 29, 2004); *Notice of Amended*

*Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Carbazole Violet Pigment 23 From India*, 69 FR 77988 (December 29, 2004).

<sup>2</sup> The bracketed section of the product description, [3,2-b:3',2'-m], is not business-proprietary information. In this case, the brackets are simply part of the chemical nomenclature.
