

³25 (20%) of the networked crisis centers do not currently collect this data (non-automated crisis centers or NCCs) and counselors would therefore need to ask Callers questions from the Call Log. A 30% response rate is anticipated. 444,000 total annual calls × (20% of the centers) = 88,800 annual calls answered by NCCs × (30% response rate) = 26,640 Call Logs completed by NCCs.

⁴Estimate based on crisis centers' average staffing level of 30 counselors, 50% (15) of whom are volunteer. 25 non-automated centers × 15 volunteer counselors = 375 volunteer counselors.

⁵Estimate assumes that incoming calls will be equally divided among volunteer and paid counselors. 26,640 calls ÷ 750 total counselors = 36 calls per counselor.
