FOR FURTHER INFORMATION CONTACT:

Anjanette Suggs by telephone at 202-354-9660 or by email at suggs.anjanette@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Background: The information collected through Forms CA-40, CA-41 and CA-42 is used by claims examiners in OWCP to determine a person's entitlement to any or all of the death gratuity payment provided by 5 U.S.C. 8102a. The National Defense Authorization Act for Fiscal Year 2008, Public Law (Pub. L.) 110-181, was enacted on January 28, 2008. Section 1105 of Public Law 110-181 amended the Federal Employees' Compensation Act (FECA) creating a new section, 5 U.S.C. 8102a effective upon enactment. This section establishes a FECA death gratuity benefit of up to \$100,000 for eligible beneficiaries of federal employees and Non-Appropriated Fund Instrumentality (NAFI) employees who die from injuries incurred in connection with service with an Armed Force in a contingency operation. 5 U.S.C. 8102a also permits agencies to authorize retroactive payment of the death gratuity for employees who died on or after October 7, 2001, in service with an Armed Force in the theater of operations of Operation Enduring Freedom and Operation Iraqi Freedom. 5 U.S.C. 8102a also allows federal employees to vary the order of precedence of beneficiaries or to name alternate beneficiaries. 20 CFR 10.909 and 10.911 provides that the Forms CA-40, CA-41, and CA-42 as the forms to be used to designate beneficiaries and initiate the payment

process for death gratuity benefits. See 5 U.S.C. 8145 and 8149.

Form CA-40 is an optional form that requests the information necessary from the employee to accomplish this variance and to name alternate beneficiaries only if the employee wishes to do so. Form CA-41 provides the means for those named beneficiaries and possible recipients to file claims for those benefits and requests information from such claimants so that OWCP may determine their eligibility for payment. Further, the statute and regulations require agencies to notify OWCP immediately upon the death of a covered employee. Form CA-42 provides the means to accomplish this notification and requests information necessary to administer any claim for benefits resulting from such a death. This information collection is currently approved for use through July 31, 2023. 5 CFR 1320.3(c)(3) authorizes this information collection. This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Written comments will receive consideration, and summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention 1240-0017.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

I. Background: The Office of Workers' Compensation Programs (OWCP) is the federal agency responsible for administration of the War Hazards Compensation Act (WHCA), 42 U.S.C. 1701 *et seq.* Under section 1704(a) of the WHCA, an insurance carrier or self-insured who has paid workers' compensation benefits to or on account of any person for a war-risk hazard may seek reimbursement for benefits paid (plus expenses) out of the Employment Compensation Fund of the Federal Employees' Compensation Act (FECA) at 5 U.S.C. 8147. Form CA-278 is used by insurance carriers and the self-insured to request reimbursement. The information collected is used by OWCP

staff to process requests for reimbursement of WHCA benefit payments and claims expense that are submitted by insurance carriers and self-insureds. The information is also used by OWCP to decide whether it should opt to pay ongoing WHCA benefits directly to the injured worker. This information collection is currently approved for use through July 31, 2023. 5 CFR 1320.3(c)(3) authorizes this information collection. This information collection is subject to the PRA.
