

2010-0014) to submit or view comments and to view supporting and related materials available electronically.

• **Postal Mail/Commercial Delivery:** Please send two copies of your comment to Docket No. APHIS-2010-0014, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2010-0014.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at (<http://www.aphis.usda.gov>).

FOR FURTHER INFORMATION CONTACT: For information on the export of animal products from the United States, contact Dr. Joyce Bowling-Heyward, Assistant Director, Technical Trade Services Team—Products, National Center for Import and Export, VS, APHIS, 4700 River Road Unit 40, Riverdale, MD 20737; (301) 734-3278. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Export Health Certificate for Animal Products.

OMB Number: 0579-0256.

Type of Request: Extension of approval of an information collection.

Abstract: The export of agricultural commodities, including animals and animal products, is a major business in the United States and contributes to a favorable balance of trade. To facilitate the export of U.S. animals and products, the Animal and Plant Health Inspection Service (APHIS), U.S. Department of Agriculture (USDA), maintains information regarding the import health requirements of other countries for animals and animal products exported from the United States.

Many countries that import animal products from the United States require a certification from APHIS that the United States is free of certain diseases. These countries may also require that our certification statement contain additional declarations regarding the

U.S. animal products being exported. This certification must carry the USDA seal and be endorsed by an APHIS representative (e.g., a Veterinary Medical Officer). The certification process involves the use of information collection activities, including Veterinary Services (VS) Forms 16-4 (Export Health Certificate for Animal Products) and 16-4A (Continuation Sheet) and, if a certificate is denied or withdrawn by VS, an exporter can request a hearing to appeal VS' decision.

Regulations pertaining to export certification of animals and animal products are contained in 9 CFR parts 91 and 156.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.4958 hours per response.

Respondents: Exporters of U.S. animal products.

Estimated annual number of respondents: 33,000.

Estimated annual number of responses per respondent: 4.05.

Estimated annual number of responses: 133,652.

Estimated total annual burden on respondents: 66,266 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 24th day of March 2010.

Gregory L. Parham

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-S

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

Notice of Intent To Grant Exclusive License

AGENCY: Agricultural Research Service, USDA.

ACTION: Notice of intent.

SUMMARY: Notice is hereby given that the U.S. Department of Agriculture, Agricultural Research Service, intends to grant to GENETICS & IVF INSTITUTE of FAIRFAX, VIRGINIA, an exclusive license to U.S. Patent No. 5,985,216; "FLOW CYTOMETRY NOZZLE FOR HIGH EFFICIENCY CELL SORTING", issued on NOVEMBER 16, 1999.

DATES: Comments must be received on or before April 29, 2010.

ADDRESSES: Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1174, Beltsville, Maryland 20705-5131.

FOR FURTHER INFORMATION CONTACT: June Blalock of the Office of Technology Transfer at the Beltsville address given above; *telephone:* 301-504-5989.

SUPPLEMENTARY INFORMATION: The Federal Government's patent rights in this invention are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license this invention as GENETICS & IVF INSTITUTE of FAIRFAX, VIRGINIA has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within thirty (30) days from the date of this published Notice, the Agricultural Research Service receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Richard J. Brenner,

Assistant Administrator.
