BILLING CODE P

DEPARTMENT OF AGRICULTURE

Foreign Agricultural Service

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator of the Foreign Agricultural Service (FAS) has denied a petition (No. 2011032) for trade adjustment assistance (TAA) for blueberries filed under the fiscal year (FY) 2011 program by three producers on behalf of blueberry producers in New Hampshire. The petition was accepted for review by USDA on August 13, 2010.

SUPPLEMENTARY INFORMATION: To qualify under the program, Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107-210) states that petitions must demonstrate, using data for the most recent, full marketing year or full official marketing season, a greater than 15-percent decline in at least one of the following factors: national average price, quantity of production, value of production, or cash receipts.

According to the statute, it is also necessary for the petition to demonstrate that an increase in imports of like or directly competitive articles, during the same marketing period, contributed importantly to the decrease in one of the above factors for the agricultural commodity.

All petitions were analyzed by USDA's Economic Research Service and reviewed by the TAA for Farmers Program Review Committee, comprised of representatives from USDA's Office of the Chief Economist, Farm Service Agency, Agricultural Marketing Service, and FAS. After a review, the Administrator determined that the petition was unable to demonstrate the 'greater than 15-percent decline' criterion, because it showed a 26.4-percent increase in production quantity for 2009, instead of the required decrease, when compared to the previous 3-year period.

Because the petition was unable to meet the 'greater than 15-percent decline' criterion, the Administrator was not able to certify it, making blueberry producers in New Hampshire ineligible for trade adjustment assistance in FY 2011.

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator of the Foreign Agricultural Service (FAS) has denied a petition (No. 2011016) for trade adjustment assistance (TAA) for northeast multi-species fish filed under the fiscal year (FY) 2011 program by the New Hampshire Commercial Fisherman's Association. The petition was accepted for review by USDA on August 16, 2010.

SUPPLEMENTARY INFORMATION: To qualify under the program, Subtitle C of Title I of the Trade Act of 2002 (Pub. L. 107-210) states that petitions must demonstrate, using data for the most recent full marketing year or full official marketing season, a greater than 15-percent decline in at least one of the following factors: National average price, quantity of production, value of production, or cash receipts.

According to the statute, it is also necessary for the petition to demonstrate that an increase in imports of like or directly competitive articles, during the same marketing period, contributed importantly to the decrease in one of the above factors for the agricultural commodity.

All petitions were analyzed by USDA's Economic Research Service and reviewed by the TAA for Farmers Program Review Committee, comprised of representatives from USDA's Office of the Chief Economist, Farm Service Agency, Agricultural Marketing Service, and FAS. After a review, the Administrator determined that the petition was able to demonstrate the "greater than 15-percent decline" criterion, because it showed a 17-percent decline in the average annual price for 2009, when compared to the previous 3-year period. However, the import data provided for the same time period showed a 5.8-percent decrease, instead of the required increase, under the program.

Because the petition was unable to meet the "increase in imports" criterion, the Administrator was not able to certify the petition, making northeast multi-species fish producers in Connecticut, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, and Rhode Island ineligible for trade adjustment assistance in FY 2011.

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Conflict of Interest Disclosure for Nonfederal Government Individuals Who Are Candidates To Conduct Peer Reviews.

OMB Control Number: 0648-0567.

Form Number(s): NA.

Type of Request: Regular submission (renewal of a currently approved information collection).

Number of Respondents: 320.

Average Hours per Response: 30 minutes.

Burden Hours: 160.

Needs and Uses: The Office of Management and Budget's Final Information Quality Bulletin for Peer Review ("Peer Review Bulletin" or PRB) establishes minimum peer review standards for influential scientific information that Federal agencies intend to disseminate. The PRB also directs federal agencies to adopt or adapt the National Academy of Sciences (NAS) policy for evaluating conflicts of interest when selecting peer reviewers who are not Federal government employees (Federal employees are subject to Federal ethics requirements which address conflict of interest). For peer review purposes, the term "conflict of interest" means any financial or other interest which conflicts with the service of the individual because it could: (1) Significantly impair the individual's objectivity; or (2) create an unfair competitive advantage for any person or organization.

NOAA has adapted the NAS policy and developed three confidential conflict of interest disclosure forms which will be used to examine prospective reviewers' potential financial conflicts and other interests that could impair objectivity or create an unfair advantage. The forms are for peer reviewers of studies related to government regulation; peer reviewers of any other influential scientific information subject to the Peer Review Bulletin; and potential reviewers of scientific laboratories. The forms include questions about employment as well as investment and property interests, and research funding. All three forms also require the submission of a curriculum vitae.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.
