USDA Forest Service Open Space Conservation Strategy

AGENCY: Forest Service, USDA.

ACTION: Notice of Availability.

SUMMARY: The Forest Service is announcing the availability of the agency's Open Space Conservation Strategy. The Strategy provides a

framework to strengthen and focus existing and new Forest Service actions for open space conservation. The goal of the Strategy is to conserve open space by protecting the most ecologically and socially important lands, conserving working lands as sustainable forests and grasslands; expanding and connecting open spaces in cities, suburbs, and towns; and reducing the potential ecological impacts and risks of development. The goal will be achieved through collaboration and partnerships—by working with willing landowners, conservation groups and State and local governments to promote voluntary land conservation. In developing the Strategy, the Forest Service solicited public comments through three **Federal Register** Notices: November 13, 2006 (71 FR 66162); December 14, 2006 (71 FR 75228); and June 22, 2007 (70 FR 34430). A total of over 22,000 comments were received during these comment periods.

FOR FURTHER INFORMATION CONTACT: Electronic copies of the Open Space Conservation Strategy document are available at http://www.fs.fed.us/openspace/OS_Strategy_final_web.pdf and hardcopies are available by contacting James Melonas, USDA Forest Service, Cooperative Forestry by telephone at (202) 205-1389 or by electronic mail at openspace@fs.fed.us. SUPPLEMENTARY INFORMATION:

Overview

Federal Agency: Rural Housing Service.

Funding Opportunity Title: Rural Community Development Initiative.

Announcement Type: Initial Announcement.

Catalog of Federal Domestic Assistance (CFDA) Number: 10.446.

Part I—Funding Opportunity Description

Congress initially created the RCDI in Fiscal Year (FY) 2000 to develop the capacity and ability of nonprofit organizations, low-income rural communities, or federally recognized tribes to undertake projects related to housing, community facilities, or community and economic development in rural areas.

Part II—Award Information

Congress appropriated \$6,255,900 in FY 2008 for the RCDI. Qualified private, nonprofit and public (including tribal) intermediary organizations proposing to carry out financial and technical assistance programs will be eligible to receive the funding. The intermediary will be required to provide matching funds in an amount at least equal to the RCDI grant. The respective minimum and maximum grant amount per intermediary is \$50,000.00 and \$300,000.00. The intermediary must provide a program of financial and technical assistance to a private nonprofit, community-based housing and development organization, a low-income rural community or a federally recognized tribe.

Part III—Eligibility Information

A. Eligible Applicants

1. Qualified private, nonprofit including faith-based and community organizations in accordance with 7 CFR part 16, and public (including tribal) intermediary organizations. Definitions that describe eligible organizations and other key terms are listed below.

2. RCDI grantees that have an outstanding grant over 3 years old, as of the application due date in this Notice, will not be eligible to apply for this

round of funding. Grant and matching funds must be utilized in a timely manner to ensure that the goals and objectives of the program are met.

B. Program Definitions

Agency—The Rural Housing Service (RHS) or its successor.

Beneficiary—Entities or individuals that receive benefits from assistance provided by the recipient.

Capacity—The ability of a recipient to implement housing, community facilities, or community and economic development projects.

Federally recognized tribes—Tribal entities recognized and eligible for funding and services from the Bureau of Indian Affairs, based on the current notice in the **Federal Register** published by the Bureau of Indian Affairs. Tribally Designated Housing Entities are eligible RCDI recipients.

Financial Assistance—Funds used by the intermediary to purchase supplies and equipment, not to exceed \$10,000 per award, to build the recipient's capacity.

Funds—The RCDI grant and matching money.

Intermediary—A qualified private, nonprofit, or public (including tribal) organization that provides financial and technical assistance to multiple recipients.

Low-income rural community—An authority, district, economic development authority, regional council, or unit of government representing an incorporated city, town, village, county, township, parish, or borough.

Recipient—Under 7 CFR part 15, § 15.2, Recipient means any State, political subdivision of any State, or instrumentality of any State or political subdivision, any public or private agency, institution, or organization, or other entity, to whom Federal financial assistance is extended, directly or through another recipient, including any successor, assignee, or transferee thereof, but such term does not include any ultimate beneficiary. Not all listed entities are eligible for all programs. Please check with the applicable state office for information regarding eligibility.

Rural and rural area—Any area other than (i) a city or town that has a population of greater than 50,000 inhabitants; and (ii) the urbanized area contiguous and adjacent to such city or town.

Technical assistance—Skilled help in improving the recipient's abilities in the areas of housing, community facilities, or community and economic development.

C. Cost Sharing or Matching

Matching funds—Cash or confirmed funding commitments. Matching funds must be at least equal to the grant amount. These funds can only be used for eligible RCDI activities. In-kind contributions such as salaries, donated time and effort, real and nonexpendable personal property and goods and services cannot be used as matching funds. Grant funds and matching funds must be used in equal proportions. This does not mean funds have to be used equally by line item. The request for advance or reimbursement and supporting documentation must show that RCDI fund usage does not exceed the cumulative amount of matching funds used. Grant funds will be disbursed pursuant to relevant provisions of 7 CFR parts 3015, 3016, and 3019, as applicable. Verification of matching funds must be submitted with the application.

The intermediary is responsible for demonstrating that matching funds are available, and committed to the RCDI proposal. Matching funds may be provided by the intermediary or a third party. Other Federal funds may be used as matching funds if authorized by statute and the purpose of the funds is an eligible RCDI purpose.

Matching funds must be used to support the overall purpose of the RCDI program. RCDI funds will be disbursed on an advance or reimbursement basis. Matching funds cannot be expended prior to execution of the RCDI Grant Agreement. No reimbursement will be made for any funds expended prior to execution of the RCDI Grant Agreement unless the grantee is a non-profit or educational entity and has requested and received written Agency approval of the costs prior to the actual expenditure. This exception is applicable for up to 90 days prior to grant closing and only applies to grantees that have received written approval but have not executed the RCDI Grant Agreement. The Agency cannot retroactively approve reimbursement for expenditures prior to execution of the RCDI Grant Agreement.

D. Other Program Requirements

1. The recipient and beneficiary, but not the intermediary, must be located in an eligible rural area. The physical location of the recipient's office that will be receiving the financial and technical assistance must be in an eligible rural area. If the recipient is a low-income community, the median household income of the area where the office is located must be at or below 80 percent of the State or national median

household income, whichever is higher. The applicable Rural Development State Office can assist in determining the eligibility of an area. A listing of Rural Development State Offices is included in this Notice.

2. The recipients must be private, nonprofit, including faith-based organizations, community-based housing and development organizations, low-income rural communities, or federally recognized tribes based on the RCDI definitions of these groups.

3. Documentation must be submitted to verify recipient eligibility. Acceptable documentation varies depending on the type of recipient. Private nonprofit faith or community-based housing and development organizations must provide a certificate of incorporation and good standing from the Secretary of the State of incorporation, or other similar and valid documentation of nonprofit status. For low-income rural community recipients, the Agency requires evidence that the entity is a public body and census data verifying that the median household income of the community where the office receiving the financial and technical assistance is located at, or below, 80 percent of the State or national median household income, whichever is higher. For Federally recognized tribes, the Agency needs the page listing their name from the current **Federal Register** list of tribal entities recognized and eligible for funding services (see the definition of Federally recognized tribes in this Notice for details on this list).

4. Individuals cannot be recipients.

5. The intermediary must provide matching funds at least equal to the amount of the grant. Verification of matching funds must be submitted with the application.

6. The intermediary must provide a program of financial and technical assistance to the recipient.

7. The intermediary organization must have been legally organized for a minimum of 3 years and have at least 3 years prior experience working with private nonprofit community-based housing and development organizations, low-income rural communities, or tribal organizations in the areas of housing, community facilities, or community and economic development.

8. Proposals must be structured to utilize the grant funds within 3 years from the date of the award.

9. Each applicant, whether singularly or jointly, may only submit one application for RCDI funds under this NOFA. This restriction does not preclude the applicant from providing matching funds for other applications.

10. Recipients can benefit from more than one RCDI application; however, after grant selections are made, the recipient can only benefit from multiple RCDI grants if the type of financial and technical assistance the recipient will receive is not duplicative.

11. The intermediary and the recipient cannot be the same entity. The recipient can be a related entity to the intermediary, if it meets the definition of a recipient.

12. A nonprofit recipient must provide evidence that it is a valid nonprofit when the intermediary applies for the RCDI grant. Organizations with pending requests for nonprofit designations are not eligible.

13. If the recipient is a low-income rural community, identify the unit of government to which the financial and technical assistance will be provided, e.g., town council or village board. The financial and technical assistance must be provided to the organized unit of government representing that community, not the community at large.

14. Recipients located in a rural area that is also a census designated place (CDP) are eligible recipients.

15. If a grantee has an outstanding RCDI grant over 3 years old, as of the application due date in this Notice, it is not eligible to apply for this round of funding.

16. The indirect cost category in the project budget should be used only when a grant applicant has a federally negotiated indirect cost rate. If the applicant will charge indirect costs to the grant, a copy of the current rate agreement must be provided with the application.

Eligible Fund Uses

Fund uses must be consistent with the RCDI purpose. A nonexclusive list of eligible grant uses includes the following:

1. Provide technical assistance to develop recipients' capacity and ability to undertake projects related to housing, community facilities, or community and economic development, *i.e.*, the intermediary hires a staff person to provide technical assistance to the recipient or the recipient hires a staff person, under the supervision of the intermediary, to carry out the technical assistance provided by the intermediary.

2. Develop the capacity of recipients to conduct community development programs, *e.g.*, homeownership education or training for business entrepreneurs.

3. Develop the capacity of recipients to conduct development initiatives, *e.g.*, programs that support micro-enterprise and sustainable development.

4. Develop the capacity of recipients to increase their leveraging ability and access to alternative funding sources by providing training and staffing.

5. Develop the capacity of recipients to provide the technical assistance component for essential community facilities projects.

6. Assist recipients in completing pre-development requirements for housing, community facilities, or community and economic development projects by providing resources for professional services, *e.g.*, architectural, engineering, or legal.

7. Improve recipient's organizational capacity by providing training and resource material on developing strategic plans, board operations, management, financial systems, and information technology.

8. Purchase computers, software, and printers at the recipient level when directly related to the technical assistance program being undertaken by the intermediary.

9. Provide funds to recipients for training-related travel costs and training expenses related to RCDI.

Ineligible Fund Uses

1. Pass-through grants, capacity grants, and any funds provided to the recipient in a lump sum that are not reimbursements.

2. Funding a revolving loan fund (RLF).

3. Construction (in any form).

4. Salaries for positions involved in construction, renovations, rehabilitation, and any oversight of these types of activities.

5. Intermediary preparation of strategic plans for recipients.

6. Funding prostitution, gambling, or any illegal activities.

7. Grants to individuals.

8. Funding a grant where there may be a conflict of interest, or an appearance of a conflict of interest, involving any action by the Agency.

9. Paying obligations incurred before the beginning date without prior Agency approval or after the ending date of the grant agreement.

10. Purchasing real estate.

11. Improvement or renovation of the grantee's, or recipient's office space or for the repair or maintenance of privately owned vehicles.

12. Any other purpose prohibited in 7 CFR parts 3015, 3016, and 3019, as applicable.

13. Using funds for recipient's general operating costs.

14. Using grant or matching funds for Individual Development Accounts.

15. Purchasing vehicles.

Program Examples

The purpose of this initiative is to develop or increase the recipient's capacity through a program of financial and technical assistance to perform in the areas of housing, community facilities, or community and economic development. Strengthening the recipient's capacity in these areas will benefit the communities they serve. The RCDI structure requires the intermediary (grantee) to provide a program of financial and technical assistance to recipients. The recipients will, in turn, provide programs to their communities (beneficiaries). The following are examples of eligible and ineligible purposes under the RCDI program. (These examples are illustrative and are not meant to limit the activities proposed in the application. Activities that meet the objective of the RCDI program will be considered eligible.)

1. The intermediary must work directly with the recipient, not the ultimate beneficiaries. As an example: The intermediary provides training to the recipient on how to conduct homeownership education classes. The recipient then provides ongoing homeownership education to the residents of the community—the ultimate beneficiaries. This “train the trainer” concept fully meets the intent of this initiative. The intermediary is providing technical assistance that will build the recipient's capacity by enabling them to conduct homeownership education classes for the public. This is an eligible purpose. However, if the intermediary directly provided homeownership education classes to individuals in the recipient's service area, this would not be an eligible purpose because the recipient would be bypassed.

2. If the intermediary is working with a low-income community as the recipient, the intermediary must provide the technical assistance to the entity that represents the low-income community and is identified in the application. Examples of entities representing a low-income community are a village board or a town council. If the intermediary provides technical assistance to the board of directors of the low-income community on how to establish a cooperative, this would be an eligible purpose. However, if the intermediary works directly with individuals from the community to establish the cooperative, this is not an eligible purpose. The recipient's capacity is built by learning skills that will enable them to support sustainable

economic development in their communities on an ongoing basis.

3. The intermediary may provide technical assistance to the recipient on how to create and operate a RLF. The intermediary may not monitor or operate the RLF. RCDI funds, including matching funds, cannot be used to fund RLFs.

Part IV—Application and Submission Information

The “Population” and “Income” criteria for recipient locations can be provided in the form of a list; however, the source of the data must be included on the page(s).

C. Other Submission Information

The original application package must be submitted to the Rural Development State Office where the applicant is located. A listing of Rural Development State Offices is included in this Notice. Applications will not be accepted via facsimile or electronic mail.

Applicants may file an electronic application at <http://www.grants.gov>. *Grants.gov* contains full instructions on all required passwords, credentialing, and software. Follow the instructions at *Grants.gov* for registering and submitting an electronic application.

If a system problem or technical difficulty occurs with an electronic application, please use the customer support resources available at the *Grants.gov* Web site.

Technical difficulties submitting an application through *Grants.gov* will not be a reason to extend the application deadline. If an application is unable to be submitted through *Grants.gov*, a paper application must be received in the appropriate State Office by the deadline noted previously.

First time *Grants.gov* users should go to the “Get Started” tab on the *Grants.gov* site and carefully read and follow the steps listed. These steps need to be initiated early in the application process to avoid delays in submitting your application online. Step three, Registering with the Central Contractor Registry (CCR), will take some time to complete. Keep that in mind when beginning the application process.

In order to register with the CCR, your organization will need a DUNS number. A DUNS number is a unique nine-character identification number provided by the commercial company, Dun & Bradstreet (D&B). To investigate if your organization already has a DUNS number or to obtain a DUNS number, contact Dun & Bradstreet at 1-866-705-5711. Be sure to complete the Marketing Partner ID (MPID) and Electronic Business Primary Point of Contact fields during the CCR registration process. These are mandatory fields that are required when submitting grant applications through *Grants.gov*. Information about registering with CCR was published in a Notice in the **Federal Register** entitled “HHS

Managing Partner *Grants.gov* E-Government Initiative” on January 17, 2006, (71 FR 2549) by the Federal Reserve System. Additional application instructions for submitting an electronic application can be found by selecting this funding opportunity on *Grants.gov*.

The deadline for receipt of an application is 4 p.m. local time May 5, 2008. The application deadline date and time are firm and apply to submission of the original application to the Rural Development State Office where the applicant is located. The Agency will not consider any application received after the deadline. A listing of Rural Development State Offices, their addresses, telephone numbers, and person to contact is provided elsewhere in this Notice. Applicants intending to mail applications must provide sufficient time to permit delivery on or before the closing deadline date and time. Acceptance by the United States Postal Service or private mailer does not constitute delivery. Facsimile (FAX), electronic mail or postage due applications will not be accepted.

D. Funding Restrictions

Meeting expenses. In accordance with 31 U.S.C. 1345, “Expenses of Meetings,” appropriations may not be used for travel, transportation, and subsistence expenses for a meeting. RCDI grant funds cannot be used for these meeting-related expenses. Matching funds may be used to pay for these expenses. RCDI funds may be used to pay for a speaker as part of a program, equipment to facilitate the program, and the actual room that will house the meeting. RCDI funds can be used for travel, transportation, or subsistence expenses for training and technical assistance purposes. Any meeting or training not delineated in the application must be approved by the Agency to verify compliance with 31 U.S.C. 1345. Travel and per diem expenses will be similar to those paid to Agency employees. Rates are based upon location. Rate information can be obtained from the applicable State Office.

Grantees and recipients will be restricted to traveling coach class on common carrier airlines. Grantees and recipients may exceed the Government rate for lodging by a maximum of 20 percent. Meals and incidental expenses will be reimbursed at the same rate used by Agency employees. Mileage and gas reimbursement will be the same rate used by Agency employees. The current mileage and gas reimbursement rate is 48.5 cents per mile.

Part V—Application Review Information

A. Evaluation Criteria

Applications will be evaluated using the following criteria and weights:

1. Building Capacity—Maximum 60 Points.

The applicant must demonstrate how they will improve the recipients' capacity, through a program of financial and technical assistance, as it relates to the RCDI purposes. Capacity-building financial and technical assistance should provide new functions to the recipients or expand existing functions that will enable the recipients to undertake projects in the areas of housing, community facilities, or community and economic development that will benefit the community. The program of financial and technical assistance provided, its delivery, and the measurability of the program's effectiveness will determine the merit of the application. All applications will be competitively ranked with the applications providing the most improvement in capacity development and measurable activities being ranked the highest. Capacity-building financial and technical assistance may include, but is not limited to: Training to conduct community development programs, *e.g.*, homeownership education, or the establishment of minority business entrepreneurs, cooperatives, or micro-enterprises; organizational development, *e.g.*, assistance to develop or improve board operations, management, and financial systems; instruction on how to develop and implement a strategic plan; instruction on how to access alternative funding sources to increase leveraging opportunities; staffing, *e.g.*, hiring a person at intermediary or recipient level to provide technical assistance to recipients; and purchasing technology equipment at the recipient level, *e.g.*, computers, printers, and software.

a. The narrative response must:

1. Describe the nature of financial and technical assistance to be provided to the recipients and the activities that will be conducted to deliver the technical assistance;

2. Explain how financial and technical assistance will develop or increase the recipient's capacity. Indicate whether a new function is being developed or if existing functions are being expanded or performed more effectively;

3. Identify which RCDI purpose areas will be addressed with this assistance: Housing, community facilities, or community and economic development; and

4. Describe how the results of the technical assistance will be measured. What benchmarks will be used to measure effectiveness?

b. The maximum 60 points for this criterion will be broken down as follows:

1. Type of financial and technical assistance and implementation activities. 35 points.

2. An explanation of how financial and technical assistance will develop capacity. 10 points.

3. Identification of the RCDI purpose. 5 points.

4. Measurement of outcomes. 10 points.

2. Expertise—Maximum 30 Points.

The applicant must demonstrate that it has conducted programs of financial and technical assistance and achieved measurable results in the areas of housing, community facilities, or community and economic development in rural areas. Provide the name, contact information, and the type and amount of the financial and technical assistance the applicant organization has provided to the following for the last 5 years:

a. Nonprofit organizations in rural areas.

b. Low-income communities in rural areas, (also include the type of entity, *e.g.*, city government, town council, or village board).

c. Federally recognized tribes or any other culturally diverse organizations.

3. Population—Maximum 30 Points.

Population is based on the average population from the 2000 census data for the communities in which the recipients are located. Community is defined for scoring purposes as a city, town, village, county, parish, borough, or census-designated place where the recipient's office is physically located. The applicant must submit the census data from the following Web site to verify the population figures used for each recipient. The data can be accessed on the Internet at <http://www.census.gov>; click on "American FactFinder" from the left menu; click on "Fact Sheet" from the left menu; at the right, fill in one or more fields and click "Go"; the name and population data for each recipient location must be listed in this section. The average population of the recipient locations will be used and will be scored as follows:

Population	Scoring (points)
5,000 or less	30
5,001 to 10,000	20
10,001 to 20,000	10
20,001 to 50,000	5

4. Income—Maximum 30 Points.

The average of the median household income for the communities where the recipients are physically located will determine the points awarded.

Applicants may compare the average recipient median household income to the State median household income or the national median household income, whichever yields the most points. The national median household income to be used is \$41,994. The applicant must submit the income data from the following Web site to verify the income for each recipient. The data being used is from the 2000 census. The data can be accessed on the Internet at <http://www.census.gov>; click on "American FactFinder" from the left menu; click on "Fact Sheet" from the left menu; at the right, fill in one or more fields and click "Go"; the name and income data for each recipient location must be listed in this section. Points will be awarded as follows:

Average Recipient Median Income Is

Less than 60 percent of the state or national median household income. 30 points.

Between 60 and 70 percent of the state or national median household income. 20 points.

Greater than 70 percent of the state or national median household income. 10 points.

5. Soundness of Approach—Maximum 50 Points.

The applicant can receive up to 50 points for soundness of approach. The overall proposal will be considered under this criterion. Applicants must list the page numbers in the application that address these factors.

a. The ability to provide the proposed financial and technical assistance based on prior accomplishments has been demonstrated.

b. The proposed financial and technical assistance program is clearly stated and the applicant has defined how this proposal will be implemented. The plan for implementation is viable.

c. Cost effectiveness will be evaluated based on the budget in the application. The proposed grant amount and matching funds should be utilized to maximize capacity building at the recipient level.

d. The proposal fits the objectives for which applications were invited.

6. Technical Assistance for the Development of Renewable Energy Systems and Energy Efficiency Improvements—20 Points.

The applicant must demonstrate how they will improve the recipients' capacity to carry out activities related to the development of renewable energy systems and energy efficiency

improvements for housing, community facilities, or community and economic development.

7. State Director's Points Based on Project Merit—20 Points.

An additional 20 points may be awarded by the Rural Development State Director for the state's first priority project. Only one project per state will be awarded these points.

Points may be awarded based on the Rural Development State Office's strategic plan. Assignment of points will include a written justification.

8. Proportional Distribution Points—20 Points.

This criteria does not have to be addressed by the applicant. After applications have been evaluated and awarded points under the first 7 criteria, the Agency may award 20 points per application to promote an even distribution of grant awards between the ranges of \$50,000.00 to \$300,000.00. Proportional distribution may also include applicants in states that have not had a nonprofit organization as a recipient in the previous two years.

B. Review and Selection Process

Rating and ranking. Applications will be rated and ranked on a national basis by a review panel based on the "Evaluation Criteria" contained in this Notice. If there is a tied score after the applications have been rated and ranked, the tie will be resolved by reviewing the scores for "Building Capacity" and the applicant with the highest score in that category will receive a higher ranking. If the scores for "Building Capacity" are the same, the scores will be compared for the next criterion, in sequential order, until one highest score can be determined.

Initial screening. The Agency will screen each application to determine eligibility during the period immediately following the application deadline. Listed below are many of the reasons for rejection from previous funding rounds to help the applicant prepare a better application. The following reasons for rejection are not all inclusive; however, they represent the majority of the applications previously rejected.

1. Recipients were not located in eligible rural areas based on the definition in this Notice.
2. Applicants failed to provide evidence of recipient's status, i.e., documentation supporting nonprofit evidence of organization.
3. Applicants failed to provide evidence of committed matching funds.
4. Application did not follow the RCDI structure with an intermediary and recipients.

5. Recipients were not identified in the application.

6. Intermediary did not provide evidence it had been incorporated for at least 3 years as the applicant entity.

7. Applicants failed to address the "Evaluation Criteria."

8. The purpose of the proposal did not qualify as an eligible RCDI purpose.

9. Inappropriate use of funds (e.g., construction or renovations).

10. Providing financial and technical assistance directly to individuals.

Between _____ a private or public or tribal organization, (Grantee or Intermediary) and the United States of America acting through the Rural Housing Service, Department of Agriculture, (Agency or Grantor), for the benefit of recipients listed in Grantee's application for the grant.

Witnesseth:

The principal amount of the grant is \$____ (Grant Funds). Matching funds, in an amount equal to the grant funds, will be provided by Grantee. The Grantee and Grantor will execute Form RD 1940-1, "Request for Obligation of Funds."

Whereas, Grantee will provide a program of financial and technical assistance to develop the capacity and ability of nonprofit organizations, low-income rural communities, or federally recognized tribes to undertake projects related to housing, community facilities, or community and economic development in rural areas;

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0575-0180. The time required to complete this information collection is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and reviewing the collection of information.

Now, therefore, in consideration of the grant;

Grantee agrees that Grantee will:

A. Provide a program of financial and technical assistance in accordance with the proposal outlined in the application, (see Attachment A), the terms of which are incorporated with this Agreement and must be adhered to. Any changes to the approved program of financial and technical assistance must be approved in writing by the Grantor;

B. Use Grant Funds only for the purposes and activities specified in the application package approved by the Agency including the approved budget. Any uses not provided for in the approved budget must be approved in writing by the Agency in advance;

C. Charge expenses for travel and per diem that will not exceed the rates paid Agency employees for similar expenses. Grantees and recipients will be restricted to traveling coach class on common carrier airlines. Lodging rates may exceed the Government rate by a maximum of 20 percent. Meals and incidental expenses will be reimbursed at the same rate used by Agency employees, which is based upon location. Mileage and gas will be reimbursed at the existing Government rate. Rates can be obtained from the applicable State Office;

D. Charge meeting expenses in accordance with 31 U.S.C. 1345. Grant funds may not be used for travel, transportation, and subsistence expenses for a meeting. Matching funds may be used to pay these expenses. Any meeting or training not delineated in the application must be approved by the Agency to verify compliance with 31 U.S.C. 1345;

E. Request for advances or reimbursement for grant activities. If payment is to be made by advance, the Grantee shall request advance payment, but not more frequently than once every 30 days, of grant funds by using Standard Form 270, "Request for Advance or Reimbursement." Receipts, invoices, hourly wage rate, personnel payroll records, or other documentation must be provided by intermediary upon request from the Agency. This information must be maintained in the intermediary's files.

If payment is to be made by reimbursement, the Grantee shall request reimbursement of grant funds, but not more frequently than once every 30 days, by using Standard Form 270, "Request for Advance or Reimbursement." Receipts, invoices, hourly wage rate, personnel payroll records, or other documentation, as determined by the Agency, must be provided by the intermediary upon request to justify the amount. This information must be maintained in the intermediary's files.

All requests for advances or reimbursements must include matching fund usage. Matching funds must be at least equal to the grant amount requested.

F. Provide periodic reports as required by the Grantor. A financial status report and a project performance report will be required on a quarterly basis (due 30 working days after each calendar quarter). The financial status report must show how grant funds and matching funds have been used to date. A final report may serve as the last quarterly report. Grantees shall constantly monitor performance to ensure that time schedules are being met and projected goals by time periods are being accomplished. The project performance reports shall include, but are not limited to, the following:

1. Describe the activities that the funds reflected in the financial status report were used for;

2. A comparison of actual accomplishments to the objectives for that period;

3. Reasons why established objectives were not met, if applicable;

4. Problems, delays, or adverse conditions which will affect attainment of overall program objectives, prevent meeting time schedules or objectives, or preclude the attainment of particular objectives during established time periods. This disclosure shall be accomplished by a statement of the action taken or planned to resolve the situation;

5. Objectives and timetables established for the next reporting period;

6. A summary of the race, sex, and national origin of the recipients and a summary from the recipients of the race, sex, and national origin of the beneficiaries; and

7. The final report will also address the following:

a. What have been the most challenging or unexpected aspects of this program?

b. What advice would you give to other organizations planning a similar program? Please include strengths and limitations of the program. If you had the opportunity, what would you have done differently?

c. Are there any post-grant plans for this project? If yes, how will they be financed?

G. Consider potential recipients without discrimination as to race, color, religion, sex, national origin, age, marital status, sexual orientation, or physical or mental disability;

H. Ensure that any services or training offered by the recipient, as a result of the financial and technical assistance received, must be made available to all persons in the recipient's service area without discrimination as to race, color, religion, sex, national origin, age, marital status, sexual orientation, or physical or mental disability,

genetic information (not all protected bases apply to all programs) at reasonable rates, including assessments, taxes, or fees. Programs and activities must be delivered from accessible locations. The recipient must ensure that, where there are non-English speaking populations, materials are provided in the language that is spoken;

I. Ensure recipients are required to place nondiscrimination statements in advertisements, notices, pamphlets and brochures making the public aware of their services. The Grantee and recipient are required to provide widespread outreach and public notification in promoting any type of training or services that are available through grant funds;

J. The Grantee must collect and maintain data on recipients by race, sex, and national origin. The grantee must ensure that their recipients also collect and maintain data on beneficiaries by race, sex, and national origin as required by Title VI of the Civil Rights Act of 1964 and must be provided to the Agency for compliance review purposes. USDA Rural Development will complete a pre-award and a post award compliance review. The pre-award will be before grant approval or disbursement of funds. A post award review will be conducted 90 days after the project is in full operation and before all grant funds have been disbursed;

K. Upon any default under its representations or agreements contained in this instrument, Grantee, at the option and demand of Grantor, will immediately repay to Grantor any legally permitted damages together with any legally permitted interest from the date of the default. At Grantor's election, any default by the Grantee will constitute termination of the grant thereby causing cancellation of Federal assistance under the grant. The provisions of this Agreement may be enforced by Grantor, without regard to prior waivers of this Agreement, by proceedings in law or equity, in either Federal or State courts as may be deemed necessary by Grantor to ensure compliance with the provisions of this Agreement and the laws and regulations under which this grant is made;

L. Provide Financial Management Systems that will include:

1. Accurate, current, and complete disclosure of the financial results of each grant. Financial reporting will be on an accrual basis;

2. Records that identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income related to Grant Funds and matching funds;

3. Effective control over and accountability for all funds, property, and other assets. Grantees shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes;

4. Accounting records supported by source documentation; and

5. Grantee tracking of fund usage and records that show matching funds and grant funds are used in equal proportions. The grantee will provide verifiable

documentation regarding matching fund usage, i.e., bank statements or copies of funding obligations from the matching source.

M. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the 3-year period if audit findings have not been resolved. Microfilm or photocopies or similar methods may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee's which are pertinent to the specific grant program for the purpose of making audits, examinations, excerpts, and transcripts;

N. Provide an A-133 audit report if \$500,000 or more of Federal funds are expended in a 1-year period. If Federal funds expended during a 1-year period are less than \$500,000 and there is an outstanding loan balance of \$500,000 or more, an audit in accordance with generally accepted government auditing standards is required. If Federal funds expended during a 1-year period are less than \$500,000 including any outstanding loan balance in which the Federal government imposes continuing compliance requirements, a management report may be submitted on Forms RD 442-2, "Statement of Budget, Income and Equity," and 442-3, "Balance Sheet";

O. Not encumber, transfer, or dispose of the equipment or any part thereof, acquired wholly or in part with Grantor funds without the written consent of the Grantor; and

P. Not duplicate other program activities for which monies have been received, are committed, or are applied to from other sources (public or private).

Grantor agrees that:

A. It will make available to Grantee for the purpose of this Agreement funds in an amount not to exceed the Grant Funds. The funds will be disbursed to Grantee on a pro rata basis with the Grantee's matching funds; and

B. At its sole discretion and at any time may give any consent, deferment, subordination, release, satisfaction, or termination of any or all of Grantee's grant obligations, with or without valuable consideration, upon such terms and conditions as Grantor may determine to be:

1. Advisable to further the purpose of the grant or to protect Grantor's financial interest therein; and

2. Consistent with both the statutory purposes of the grant and the limitations of the statutory authority under which it is made.

Both Parties Agree:

A. Extensions of this grant agreement may be approved by the Agency, in writing, provided in the Agency's sole discretion the extension is justified and there is a likelihood that the grantee can accomplish the goals set out and approved in the application package during the extension period;

B. The Grantor must approve any changes in recipient or recipient composition;

C. The Grantor has agreed to give the Grantee the Grant Funds, subject to the terms

and conditions established by the Grantor: *Provided, however,* That any Grant Funds actually disbursed and not needed for grant purposes be returned immediately to the Grantor. This agreement shall terminate 3 years from this date unless extended or unless terminated beforehand due to default on the part of the Grantee or for convenience of the Grantor and Grantee. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of this Agreement or the applicable regulations; Termination for convenience will occur when both the Grantee and Grantor agree that the continuation of the program will not produce beneficial results commensurate with the further expenditure of funds.

D. As a condition of the Agreement, the Grantee certifies that it is in compliance with, and will comply in the course of the Agreement with, all applicable laws, regulations, Executive Orders, and other generally applicable requirements, which are incorporated into this agreement by reference, and such other statutory provisions as are specifically contained herein.

E. The Grantee will ensure that the recipients comply with title VI of the Civil Rights Act of 1964, section 504 of the Rehabilitation Act of 1973 and Executive Order 12250. Each recipient must sign Form RD 400-4, "Assurance Agreement";

F. The provisions of 7 CFR part 3015, "Uniform Federal Assistance Regulations," part 3016, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," or part 3019, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations," and the fiscal year 2008 "Notice of Funds Availability (NOFA) Inviting Applications for the Rural Community Development Initiative (RCDI)" are incorporated herein and made a part hereof by reference;

In witness whereof, Grantee has this day authorized and caused this Agreement to be executed by
