

posthearing conferences and hearings. The chapter details regulatory requirements, OMHA administrative requirements, and suggested best practices when conducting a conference or hearing. The chapter also explains when and how to hold a consolidated, supplemental, or continued hearing; the procedures for responding to a request for a copy of the administrative record; and available actions that can be taken to develop the administrative record after an initial hearing has been conducted.

OCPM Chapter 10: Party and Non-Party Participant Requests and Submissions

On February 19, 2020, OMHA issued OCPM Chapter 10, which explains how to route, document and address contacts from parties and non-party participants involving both general and case-specific matters. The chapter describes how to provide language or communication assistance services to individuals with limited English proficiency or a disability, and summarizes the services OMHA offers in response to such requests. The chapter also explains how to process requests for a stay of proceedings, discovery, or subpoena; and review submissions of evidence and other case-related materials. Many types of requests and submissions that generally occur at a specific stage in the adjudication process are covered in detail in other OCPM chapters. To facilitate locating this information, Chapter 10 contains a list of these requests and submissions, along with cross-references to the specific OCPM provisions where they are discussed.

Dated: June 26, 2020.

Karen W. Ames,
Executive Director, Office of Medicare Hearings and Appeals.
