SUPPLEMENTARY INFORMATION:

Title: 30 CFR 250, Subpart M,
Unitization.

OMB Control Number: 1010-0068.

Abstract: The Outer Continental Shelf
(OCS) Lands Act, as amended (43 U.S.C.
1331 *et seq.* and 43 U.S.C. 1801 *et seq.*),
authorizes the Secretary of the Interior
(Secretary) to prescribe rules and
regulations to administer leasing of the
OCS. Section 1334(a) specifies that the
Secretary “provide for the prevention of
waste and conservation of the natural
resources of the [O]uter Continental

Shelf, and the protection of correlative
rights therein” and include provisions
for “unitization, pooling, and drilling
agreements.”

The Independent Offices
Appropriations Act (31 U.S.C. 9701), the
Omnibus Appropriations Bill (Pub. L.
104-133, 110 Stat. 1321, April 26,
1996), and OMB Circular A-25,
authorize Federal agencies to recover
the full cost of services that confer
special benefits. Unitization requests for
approval are subject to cost recovery,
and BOEMRE regulations specify
service fees for these requests.

Regulations implementing these
responsibilities are under 30 CFR 250,
subpart M. Responses are required to
obtain or retain a benefit and
mandatory. No questions of a sensitive
nature are asked. BOEMRE protects
information considered proprietary
according to the Freedom of Information
Act (5 U.S.C. 552) and its implementing
regulations (43 CFR 2), and 30 CFR
250.197, “Data and information to be
made available to the public or for
limited inspection,” and 30 CFR part
252, “OCS Oil and Gas Information
Program.”

BOEMRE must approve any lessee’s
proposal to enter an agreement to
unitize operations under two or more
leases and for modifications when
warranted. Lessees submit consolidated
Exploration Plans and Development and
Production Plans for a unit area. We use
the information to ensure that
operations under the proposed unit
agreement will result in preventing
waste, conserving natural resources, and
protecting correlative rights including
the government’s interests.

Frequency: On occasion.

Description of Respondents: Potential
respondents comprise Federal oil, gas,
or sulphur lessees and/or holders of
pipeline-rights-of-way.

**Estimated Reporting and
Recordkeeping Hour Burden:** The
estimated annual hour burden for this
information collection is a total of 3,348
hours. The following chart details the
individual components and estimated
hour burdens. In calculating the
burdens, we assumed that respondents
perform certain requirements in the
normal course of their activities. We
consider these to be usual and
customary and took that into account in
estimating the burden.

*The non-hour cost burdens that are associated with cost recovery monies collected are based on actual submittals through Pay.gov for FY 2010.

** These requirements are specified in each Unit Agreement.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified three non-hour cost burdens associated with this information collection. Section 250.1303 requires respondents to pay filing fees when (1) Applying for a voluntary unitization proposal or unit expansion (\$11,698), as well as a (2) unitization revision (\$831). The filing fees are required to recover the Federal Government's processing costs. Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore § 250.1304(e) requires the party seeking the compulsory unitization to (3) pay for the court reporter and three copies of the verbatim transcript of the hearing (approximately \$500).

It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We estimate a total reporting non-hour cost burden of \$170,728. We have not identified any other paperwork non-hour cost burdens associated with the collection of information.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * "

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents.

To comply with the public consultation process, on May 13, 2011, we published a **Federal Register** notice (76 FR 28058) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations. The regulation also informs the public that they may

comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

Send any comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by October 6, 2011.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
