

periodically, but no less frequently than annually, to determine whether the purchases were influenced by the investment by the Purchasing Fund in the Fund. The Board will consider, among other things: (i) Whether the purchases were consistent with the investment objectives and policies of the Fund (or its respective Master Fund); (ii) how the performance of securities purchased in an Affiliated Underwriting compares to the performance of comparable securities purchased during a comparable period of time in underwritings other than Affiliated Underwritings or to a benchmark such as a comparable market index; and (iii) whether the amount of securities purchased by the Fund (or its respective Master Fund) in Affiliated Underwritings and the amount purchased directly from an Underwriting Affiliate have changed significantly from prior years. The Board will take any appropriate actions based on its review, including, if appropriate, the institution of procedures designed to assure that purchases of securities in Affiliated Underwritings are in the best interest of shareholders.

14. Each Fund (or its respective Master Fund) will maintain and preserve permanently in an easily accessible place a written copy of the procedures described in the preceding condition, and any modifications to such procedures, and will maintain and preserve for a period of not less than six years from the end of the fiscal year in which any purchase in an Affiliated Underwriting occurred, the first two years in an easily accessible place, a written record of each purchase of securities in Affiliated Underwritings, once an investment by a Purchasing Fund in the securities of the Fund exceeds the limit of section 12(d)(1)(A)(i) of the Act, setting forth from whom the securities were acquired, the identity of the underwriting syndicate's members, the terms of the purchase, and the information or materials upon which the Board's determinations were made.

15. Before investing in a Fund in excess of the limit in section 12(d)(1)(A), a Purchasing Fund will execute a FOF Participation Agreement with the Fund stating that their respective boards of directors or trustees and their investment advisers, or trustee and Sponsor, as applicable, understand the terms and conditions of the order, and agree to fulfill their responsibilities under the order. At the time of its investment in shares of a Fund in excess of the limit in section 12(d)(1)(A)(i), a Purchasing Fund will notify the Fund of

the investment. At such time, the Purchasing Fund will also transmit to the Fund a list of the names of each Purchasing Fund Affiliate and Underwriting Affiliate. The Purchasing Fund will notify the Fund of any changes to the list of the names as soon as reasonably practicable after a change occurs. The Fund and the Purchasing Fund will maintain and preserve a copy of the order, the FOF Participation Agreement, and the list with any updated information for the duration of the investment and for a period of not less than six years thereafter, the first two years in an easily accessible place.

16. Before approving any advisory contract under section 15 of the Act, the board of directors or trustees of each Purchasing Management Company, including a majority of the disinterested directors or trustees, will find that the advisory fees charged under such contract are based on services provided that will be in addition to, rather than duplicative of, the services provided under the advisory contract(s) of any Fund (or its respective Master Fund) in which the Purchasing Management Company may invest. These findings and their basis will be recorded fully in the minute books of the appropriate Purchasing Management Company.

17. Any sales charges and/or service fees charged with respect to shares of a Purchasing Fund will not exceed the limits applicable to a fund of funds as set forth in NASD Conduct Rule 2830.

18. No Fund (or its respective Master Fund) will acquire securities of any investment company or company relying on section 3(c)(1) or 3(c)(7) of the Act in excess of the limits contained in section 12(d)(1)(A) of the Act, except to the extent that (i) the Fund (or its respective Master Fund) acquires securities of another investment company pursuant to exemptive relief from the Commission permitting the Fund (or its respective Master Fund) to acquire securities of one or more investment companies for short-term cash management purposes, or (ii) the Fund acquires securities of the Master Fund pursuant to the Master-Feeder Relief.

For the Commission, by the Division of Investment Management, under delegated authority.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63329; File No. SR-NYSEArca-2010-86]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Granting Approval of Proposed Rule Change Relating to the Listing and Trading of Shares of the Peritus High Yield ETF

November 17, 2010.

I. Introduction

On September 23, 2010, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the Peritus High Yield ETF ("Fund"). The proposed rule change was published for comment in the **Federal Register** on October 13, 2010.³ The Commission received no comments on the proposal. This order grants approval of the proposed rule change.

II. Description of the Proposal

The Exchange proposes to list and trade the Shares pursuant to NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares.⁴ The Shares will be offered by AdvisorShares Trust ("Trust"), a statutory trust organized under the laws of the State of Delaware and registered with the Commission as an open-end management investment company.⁵ The investment advisor to the Fund is AdvisorShares Investments, LLC ("Advisor"), and Peritus I Asset Management, LLC is the Fund's sub-advisor ("Peritus" or "Sub-Advisor").⁶

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 63041 (October 5, 2010), 75 FR 62905 ("Notice").

⁴ A Managed Fund Share is a security that, among other things, represents an interest in an investment company registered under the Investment Company Act of 1940 ("1940 Act") organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment advisor consistent with its investment objectives and policies. See NYSE Arca Equities Rule 8.600(c)(1).

⁵ The Trust is registered under the 1940 Act. On May 11, 2010, the Trust filed with the Commission Post-Effective Amendment No. 6 to Form N-1A relating to the Fund (File Nos. 333-157876 and 811-22110) ("Registration Statement").

⁶ The Exchange represents that the Advisor and Sub-Advisor are not affiliated with a broker-dealer. See Commentary .06 to NYSE Arca Equities Rule 8.600 (requiring that, if the investment adviser is affiliated with a broker-dealer, the investment adviser erect a "fire wall" between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to the portfolio).

The Exchange represents that the Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600 and that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3 under the Exchange Act,⁷ as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

The Fund's investment objective is high current income with a secondary goal of capital appreciation. The Fund, under normal circumstances, will invest at least 80% of its net assets, plus any borrowings for investment purposes, in high-yield debt securities, which include senior and subordinated corporate debt obligations (such as bonds, debentures, notes and commercial paper). The Fund does not have any portfolio maturity limitation and may invest its assets from time to time primarily in instruments with short-term, medium-term or long-term maturities.

In selecting securities for the Fund's portfolio, Peritus will perform its own independent investment analysis of each issuer to determine its creditworthiness. Peritus will focus on the secondary market, predominantly investing in assets at a discount to par (\$100), allowing for a potential opportunity to generate capital gains in addition to current yield. Peritus will place limited value on credit ratings and instead will focus on true cash flow while looking to buy credit at prices that it feels provide a margin of safety. Additional factors will be considered when constructing the portfolio including, but not limited to, excess cash on the balance sheet and/or a history of producing real free cash flow, as well as a capital structure that can be sustained on conservative forecasts. The Fund's portfolio will typically consist of 40-60 holdings,⁸ which will be disclosed on its Web site (<http://www.advisorshares.com>) daily after the close of trading on the Exchange and prior to the opening of trading on the Exchange the following day.

The Fund may seek investments in corporate debt securities representative of one or more high-yield bond or credit derivative indices, which may change from time to time. Selection will generally be dependent on independent credit analysis or fundamental analysis performed by the Sub-Advisor. The Fund may invest in all grades of corporate securities, including those

below investment grade.⁹ The Fund will only invest in liquid securities and only purchase performing securities and not distressed debt.¹⁰ To a lesser extent, the Fund also may invest in unrated securities. The Fund may invest in the securities of other investment companies to the extent that such an investment would be consistent with the requirements of Section 12(d)(1) of the 1940 Act, or any rule, regulation or order of the Commission.

To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. The Fund may be invested in these instruments for extended periods, depending on the Sub-Advisor's assessment of market conditions. These short-term debt securities and money market instruments include shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, and U.S. Government securities.

Additional details regarding the Shares and the Fund including, among other things, the organization and structure of the Fund, the investment objectives and methodologies, investment risks, dissemination and availability of key information about the Fund, the Shares, and the portfolio, creations and redemptions of Shares, trading halts, trading rules, surveillance, and the Information Bulletin can be found in the Notice and the Registration Statement, as applicable.¹¹

III. Discussion and Commission's Findings

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹² In particular, the Commission finds that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act,¹³ which requires, among other things, that the Exchange's rules be designed to promote just and

equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission finds that the proposal to list and trade the Shares on the Exchange is consistent with Section 11A(a)(1)(C)(iii) of the Act,¹⁴ which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotation and last-sale information for the Shares will be disseminated through the facilities of the Consolidated Tape Association. In addition, the Portfolio Indicative Value ("PIV") will be disseminated at least every 15 seconds during the Core Trading Session by one or more major market data vendors. On each business day before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio, as defined in NYSE Arca Equities Rule 8.600(c)(2), that will form the basis for the Fund's calculation of net asset value ("NAV") at the end of the business day.¹⁵ In addition, information regarding market price and trading volume of the Shares is and will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services, and the previous day's closing price and trading volume information will be published daily in the financial section of newspapers. The Fund will also make available on its Web site daily trading volume of the Shares, closing prices of the Shares, NAV, and other related quantitative and trading information. A basket composition file, which includes the security names and share quantities required to be delivered in exchange for Fund shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of the New York Stock Exchange ("NYSE") via the National Securities

⁹ The Fund has represented that it will invest only in U.S.-registered bonds that are listed or traded in the United States. However, certain of the Fund's debt holdings may be issued by corporations domiciled outside the United States.

¹⁰ Distressed debt is debt that is currently in default and is not expected to pay the current coupon.

¹¹ See *supra* notes 3 and 5.

¹² In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹³ 15 U.S.C. 78f(b)(5).

¹⁴ 15 U.S.C. 78k-1(a)(1)(C)(iii).

¹⁵ On a daily basis, the Advisor will disclose for each portfolio security or other financial instrument of the Fund the following information: Ticker symbol (if applicable), name of security or financial instrument, number of shares or dollar value of financial instruments held in the portfolio, and percentage weighting of the security or financial instrument in the portfolio.

⁷ 17 CFR 240.10A-3.

⁸ The Fund represents that the portfolio will include a minimum of 13 non-affiliated issuers.

Clearing Corporation. The basket represents one Creation Unit of the Fund. The NAV of the Fund will normally be determined as of the close of the regular trading session on the NYSE (ordinarily 4 p.m. Eastern Time) on each business day.

The Commission further believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. The Commission notes that the Exchange will obtain a representation from the issuer of the Shares that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.¹⁶ The Exchange may halt trading in the Shares if the value of the Portfolio Indicative Value is no longer calculated or available or the Disclosed Portfolio is not made available to all market participants at the same time.¹⁷ In addition, NYSE Arca Equities Rule 8.600(d)(2)(B)(ii) requires that the Reporting Authority that provides the Disclosed Portfolio implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the actual components of the portfolio. Lastly, the Commission notes that the Exchange will halt trading in the Shares under the specific circumstances set forth in NYSE Arca Equities Rule 8.600(d)(2)(D) and that, if there is an additional Fund sub-advisor that is affiliated with a broker-dealer, that sub-advisor must erect a fire wall between it and such broker-dealer with respect to access to information concerning the composition and/or changes to the investment portfolio of the Fund.¹⁸

The Exchange has represented that the Shares are deemed to be equity securities, thus rendering trading in the

Shares subject to the Exchange's existing rules governing the trading of equity securities. In support of this proposal, the Exchange has made representations, including:

(1) The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600.

(2) The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

(3) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

(4) Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Specifically, the Information Bulletin will discuss the following: (a) The procedures for purchases and redemptions of Shares in Creation Unit aggregations (including noting that Shares are not individually redeemable); (b) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (c) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated PIV will not be calculated or publicly disseminated; (d) how information regarding the PIV is disseminated; (e) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (f) trading information.

(5) A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

(6) For initial and continued listing, the Shares must comply with Rule 10A-3 under the Act.¹⁹

This approval order is based on the Exchange's representations.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act²⁰ and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-NYSEArca-2010-86), be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²²

Deputy Secretary.
