Midwestern Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

September 4, 2002.

Take notice that on August 29, 2002, Midwestern Gas Transmission Company (Midwestern) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, Third Revised Sheet No. 5, to become effective October 1, 2002.

Midwestern states that the purpose of this filing is to update Midwestern's tariff to reflect the Annual Charge Adjustment (ACA) factor effective for the twelve-month period beginning October 1, 2002 pursuant to Section 154.402 of the Commission's regulations and Section 18 of the General Terms and Conditions of Midwestern's tariff. Midwestern states that its new ACA factor will be \$0.0022 per Dth. This new factor was specified by the Commission at the time the Commission calculated the annual charge bill for fiscal year 2002, and is an increase from its current ACA factor of \$0.0001 per Dth.

Midwestern states that copies of this filing have been sent to all of Midwestern's contracted shippers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. [Project No. 2816-017]

North Hartland, LLC; Notice of Petition for Declaratory Order

September 3, 2002.

On August 15, 2002, North Hartland, LLC (NHL), filed a petition for a declaratory order to resolve matters relating to the transfer of the license for the North Hartland Project No. 2816, located at the U.S. Army Corps of Engineers' North Hartland Dam, on the Ottauquechee River, in Windsor County, Vermont. The Commission, in June 2000, approved the transfer of the license to NHL from Vermont Electric Generation & Transmission Cooperative (VEGT), through the trustee of VEGT's bankruptcy estate. According to the petition, the bankruptcy trustee has been discharged from his duties, and the project assets are now in the custody and control of the U.S. Government, specifically the Department of Justice, representing the Rural Utilities Service of the Department of Agriculture.

The petition states that, under Title 30 of the Vermont Statutes Annotated, section 109, a corporation subject to the Vermont Public Service Board (board) shall not make a sale, lease, or series of sales or leases in any one calendar year constituting ten percent or more of the company's property located within Vermont and actually used for public service operations, except after opportunity for hearing by the board and a finding by the board that such a sale or lease will promote the general good of the state. Section 109 provides that a certificate of consent of the board shall be filed with the secretary of state. Section 231 of the same statute provides that a person, partnership, or association desiring to own or operate a business over which the board has jurisdiction must first petition the board to determine whether the operation of such business will promote the general good of the state.

The petition states that the board has asserted authority under Title 30 over the transfer of the project property to NHL and over NHL's operation of the
