

submissions covered by such a claim will be treated in accordance with procedures at 40 CFR part 2 and established Agency procedures.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average less than one hour per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

A document entitled "Proposed Supporting Statement—Part A: Recordkeeping and Reporting Related to Fuel Quality Regulations for Diesel Fuel Sold in 2001 & Later Years; for Tax-Exempt (Dyed) Highway Diesel Fuel; and Non-Road Locomotive & Marine Diesel Fuel: Renewal" has been placed in Docket No. EPA-HQ-OAR-2007-1121. This draft document provides a more detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 6,806.

Frequency of response: Annual, quarterly and/or on occasion.

Estimated total number of responses: 265,406.

Estimated total average number of responses for each respondent: 39.

Estimated total annual burden hours: 18,950.

Estimated total annual costs: \$2,044,300.

Are there changes in the estimates from the last approval?

There is a decrease in the total estimated respondent burden and cost compared to the currently approved ICR. Most of the decrease is because motor vehicle diesel reporting requirements are no longer applicable and because virtually all laboratory qualifications for test methods have already been submitted to, and acted upon by, EPA.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: August 12, 2011.

Lori Stewart,

Acting Director, Office of Transportation and Air Quality, Office of Air and Radiation.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9452-7]

Notification of a Public Teleconference of the Science Advisory Board Panel for the Review of the Great Lakes Restoration Initiative Action Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public teleconference of the SAB Panel to discuss its draft advisory report on the interagency *Great Lakes Restoration Initiative Action Plan FY 2010-2014*.

DATES: The teleconference will be held on September 16, 2011 from 1 p.m. to 5 p.m. (Eastern Daylight Time).

ADDRESSES: The public teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this teleconference meeting may contact Mr. Thomas Carpenter, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 564-4885; by fax at (202) 565-2098 or via e-mail carpenter.thomas@epa.gov. General information concerning the EPA Science Advisory Board can be found at the EPA SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: The SAB was established pursuant to the Environmental Research, Development,

and Demonstration Authorization Act (ERDAA), codified at 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Pursuant to FACA and EPA policy, notice is hereby given that an *ad hoc* SAB Panel will hold a public teleconference to discuss its draft advisory report on the Great Lakes Restoration Initiative Action Plan. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: EPA is leading an interagency Great Lakes Restoration Initiative (GLRI) to protect and restore the chemical, biological, and physical integrity of the Great Lakes. The GLRI Action Plan is designed to target the most significant environmental problems in the region, as documented in extensive scientific studies, conferences and workshops. To guide the efforts of the GLRI, EPA and its Federal partners, through the Great Lakes Interagency Task Force, developed a comprehensive multi-year Action Plan. The GLRI Action Plan identifies outcome-oriented performance goals, objectives, measurable ecological targets, and specific actions for five major focus areas: toxic substances and areas of concern; invasive species; near-shore health and nonpoint source pollution; habitat and wildlife protection and restoration; and accountability, education, monitoring, evaluation, communication, and partnerships. EPA is seeking SAB review and comment regarding the Great Lakes Restoration Initiative's Action Plan. Additional information describing the scientific background and basis for the Action Plan can be found at http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Review%20of%20GLRI%20Action%20Plan?OpenDocument.

The panel held a public meeting on July 12 and 13, 2011 (76 FR 115, 34977-34978 and 76 FR 131 40355) to discuss their comments on the Action Plan. The purpose of the September 16, 2011 teleconference is for the Panel to discuss their draft advisory report.

Availability of Meeting Materials: The agenda and the draft Advisory Report on the Great Lakes Restoration Initiative Action Plan will be available on the SAB Web site at <http://www.epa.gov/sab> in advance of the meeting.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and

panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it consists of comments that provide specific scientific or technical information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information included. Members of the public wishing to provide comment should contact the Designated Federal Officer for the relevant advisory committee directly.

Oral Statements: In general, individuals or groups requesting an oral presentation at this public teleconference will be limited to three minutes per speaker. Interested parties should contact Mr. Thomas Carpenter, DFO, in writing (preferably via e-mail), at the contact information noted above, by September 12, 2011 to be placed on the list of public speakers for the meeting.

Written Statements: Written statements should be received in the SAB Staff Office by September 12, 2011 so that the information may be made available to the SAB Oil Spill Research Review Panel for their consideration. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format). Submitters are requested to provide two versions of each document submitted: One each with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Members of the public should be aware that their contact information, if included in any written comments, will appear on the web. Furthermore, special care should be taken not to include copy-righted material.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Thomas Carpenter at the phone number or e-mail address noted above, preferably at

least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: August 10, 2011.

Vanessa T. Vu,
Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9452-8]

Notification of a Public Teleconference of the Clean Air Scientific Advisory Committee (CASAC) Lead Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public teleconference of the CASAC Lead Review Panel to discuss its draft letter reviewing EPA's *Integrated Science Assessment for Lead (First External Review Draft—May 2011)*.

DATES: The CASAC Lead Review Panel teleconference will be held on Thursday, September 15, 2011, from 12 p.m. to 3 p.m. (Eastern Time).

ADDRESSES: The public teleconference will take place by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning the public teleconference may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), via telephone at (202) 564-2050 or e-mail at yeow.aaron@epa.gov. General information concerning the EPA CASAC can be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409D(d)(2), to provide advice, information, and recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and the strategies to attain and maintain air quality standards and to prevent significant deterioration of air quality. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The CASAC Lead Review Panel and the CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including lead. EPA is currently reviewing the primary (health-based) and secondary (welfare-based) NAAQS for lead. The Lead Review Panel held a face-to-face meeting on July 20-21, 2011 (as noticed in 76 FR 36120-36121) to provide a peer review of EPA's draft *Integrated Science Assessment for Lead (First External Review Draft—May 2011)* and to provide consultative advice on EPA's *Review of the National Ambient Air Quality Standards for Lead: Risk and Exposure Assessment Planning Document*. Information about this review activity may be found on the CASAC Web site at <http://www.epa.gov/casac/>. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Lead Review Panel will hold a follow-up public teleconference to discuss the NAAQS review process and its draft letter reviewing EPA's *Integrated Science Assessment for Lead (First External Review Draft—May 2011)*.

Availability of Meeting Materials: Agendas and materials in support of the meeting will be placed on the CASAC Web site at <http://www.epa.gov/casac> in advance of the meeting. For technical questions and information concerning EPA's *Integrated Science Assessment for Lead (First External Review Draft)*, please contact Dr. Ellen Kirrane of EPA's Office of Research and Development at (919) 541-1340, or kirrane.ellen@epa.gov.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer directly.

Oral Statements: In general, individuals or groups requesting an oral
