

of a disability, such as sign language, interpretation, or other ancillary aids, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section by March 22, 2021.

There will be a total of 15 minutes allotted for oral comments from members of the public joining the meeting. To accommodate as many speakers as possible, the time for each commenter may be limited. Individuals wishing to reserve speaking time during the meeting must submit a request at the time of registration, as well as the name, address, and organizational affiliation of the proposed speaker. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the Federal Aviation Administration may conduct a lottery to determine the speakers. Speakers are requested to submit a written copy of their prepared remarks for inclusion in the meeting records and for circulation to the YIATF members. All prepared remarks submitted on time will be accepted and considered as part of the record. Any member of the public may present a written statement to the committee at any time.

The public may present written statements to YIATF by emailing the Designated Federal Officer's address listed in the **FOR FURTHER INFORMATION CONTACT** section.

[Docket No. FAA-2021-0037]

Overview of FAA Aircraft Noise Policy and Research Efforts: Request for Input on Research Activities To Inform Aircraft Noise Policy; Extension of Comment Period

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Extension of comment period.

SUMMARY: This action extends the comment period on a summary review of FAA sponsored research programs on civil aircraft noise that could potentially inform future aircraft noise policy, which was published to the **Federal Register** on January 13, 2021. The FAA invites public comment on the scope

and applicability of these research initiatives to address aircraft noise.

DATES: The comment period for this review was opened on January 13, 2021, 86 FR 2722, and was scheduled to close on March 15, 2021. The comment period is extended for an additional 30 days or a total of 90 days from the original publication date in the **Federal Register** to April 14, 2021.

ADDRESSES: You may send comments identified by docket number FAA-2021-0037 using any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov> and follow the online instructions for sending your comments electronically.
- **Mail:** Send comments to Docket Operations, M-30; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE, Room W12-140, West Building Ground Floor, Washington, DC 20590-0001.
- **Hand Delivery or Courier:** Take comments to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- **Fax:** Fax comments to Docket Operations at 202-493-2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

SUPPLEMENTARY INFORMATION: See the "Additional Information" section for information on how to comment on this proposal and how the FAA will handle comments received. The "Additional Information" section also contains related information about the docket, privacy, the handling of proprietary or

confidential business information. In addition, there is information on obtaining copies of related rulemaking documents.

Background

On January 13, 2021, the FAA issued a **Federal Register** Notice (FAA-2021-0037), entitled "Overview of FAA Aircraft Noise Policy and Research Efforts: Request for Input on Research Activities To Inform Aircraft Noise Policy."

The FAA invites public comment on the scope and applicability of its aircraft noise research initiatives to address aircraft noise. Comments were to be received on or before March 15, 2021. Through discussions with stakeholders during public briefings on the materials presented in this notice, including discussions at Airport Community Roundtable groups, interest in extending the comment period were expressed. An extension of the comment period was requested in order to provide additional time for review of the material presented in the notice and allow for consensus comments to be submitted by community or airport roundtable organizations. To help facilitate the submission of these comments the FAA is adding an additional 30 days to the comment period until April 14, 2021.

Extension of Comment Period

The FAA has determined that extension of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for FAA-2021-0037 is extended for an additional 30 days or a total of 90 days from the original publication date in the **Federal Register** to April 14, 2021.

Additional Information

Comments Invited

The FAA recognizes that a range of factors may be driving concerns due to aircraft noise. However, as outlined in this notice, a broad understanding of aircraft noise and its potential impacts is needed in order to better manage and reduce concerns from aviation noise.

The FAA is inviting comments on these concerns to assist the agency in assessing how resources should be directed to better understand and manage the factors underlying the concern from aircraft noise exposure.

Comments that focus on the questions listed below will be most helpful. The more specific the comments, the more useful they will be in the FAA's considerations.

(1) What, if any, additional investigation, analysis, or research should be undertaken in each of the following three categories as described in this notice:

- Effects of Aircraft Noise on Individuals and Communities;
- Noise Modeling, Noise Metrics, and Environmental Data Visualization; and
- Reduction, Abatement, and Mitigation of Aviation Noise?

(2) As outlined in this notice, the FAA recognizes that a range of factors may be driving the increase in annoyance shown in the Neighborhood Environmental Survey results compared to earlier transportation noise annoyance surveys—including survey methodology, changes in how commercial aircraft operate, population distribution, how people live and work, and societal response to noise. The FAA requests input on the factors that may be contributing to the increase in annoyance shown in the survey results.

(3) What, if any, additional categories of investigation, analysis, or research should be undertaken to inform FAA noise policy?

Authority: National Environmental Policy Act (NEPA) 42 U.S.C. 4321 *et. seq.*, Aviation Safety and Noise Abatement Act (ASNA) 49 U.S.C. 47501 *et. seq.*, Federal Aviation Act, 49 U.S.C. 44715.
