Mandatory Reporting of Greenhouse Gases: Minor Harmonizing Changes to the General Provisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to amend the general provisions for the Mandatory Greenhouse Gas (GHG) Reporting Rule. The amendments do not change the requirements of the regulation for facilities and suppliers covered by the 2009 final rule. Rather, the amendments are minor changes to the format of several sections of the general provisions to accommodate the addition of new subparts in the future in a simple and clear manner. These changes include updating the language for the schedule for submitting reports and calibrating equipment to recognize that subparts that may be added in the future would have later deadlines. These revisions do not change the requirements for subparts included in the 2009 final rule.

SUPPLEMENTARY INFORMATION:

I. Why Is EPA Issuing This Proposed Rule?

This document proposes to take action on the Mandatory Greenhouse Gas Reporting Rule (40 CFR part 98, subpart A.) We have published a direct final rule in the "Rules and Regulations" section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will withdraw the direct final rule and it will not take effect. We are not accepting comment on any other aspect of 40 CFR Part 98 other than comments on the specific changes explained in the direct final rule. We would address all relevant public comments in any subsequent final rule

based on this proposed rule. We are not requesting or entertaining comments on decisions made in the 2009 final rule. Comments received on issues resolved in the 2009 final rule will not be considered adverse comments on this direct final rule because they are outside the scope of the changes being made by this rule.

We do not intend to institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information, please see the information provided in the **ADDRESSES** section of this document.
