

Background

On February 28, 2003, Schulz, a producer and exporter of the subject merchandise in Malaysia, requested the Department to conduct an administrative review of its sales for the period February 1, 2002 through January 31, 2003. Schultz was the only interested party to request a review for this time period. On March 25, 2003, the Department published a notice of initiation of the antidumping administrative review on SSBWPF from Malaysia, in accordance with 19 CFR 351.221(c)(1)(i). *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 68 FR 14394 (March 25, 2003). On March 31, 2003, Schulz withdrew its request for review.

Rescission of Review

Pursuant to the Department's regulations, the Department will rescind an administrative review "if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." *See* 19 CFR 351.213(d)(1). Schultz, the only interested party to request an administrative review for this time period, withdrew its request for this review within the 90-day time limit; accordingly, we are rescinding the administrative review for the period February 1, 2002 through January 31, 2003, and will issue appropriate assessment instructions to the U.S. Customs Service.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation. This determination is issued in accordance with 19 CFR 351.213(d)(4) and section 777(i)(1) of the Tariff Act of 1930, as amended.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Oceanic and Atmospheric Administration's Coastal Ocean Program (COP) provides direct financial assistance through grants and cooperative agreements for research supporting the management of coastal ecosystems. In addition to standard government application requirements, applicants for financial assistance are required to submit a summary proposal budget form and a project summary form. Applicants are also requested to submit 20 copies of applications to expedite the review process. Recipients are required to file annual progress reports and a project final report using COP formats. All of these requirements are needed for better evaluation of proposals and monitoring of awards.

II. Method of Collection

Paper forms and documents are submitted to the COP. The option of

electronic submission is being explored. NOAA COP will participate in the government-wide E-Grants electronic application process once it has been completed. NOAA COP is also participating in the NOAA-wide Grants Online effort, which will allow COP staff the ability to accept electronic proposals, conduct the peer-review process electronically, and process awards for recipients. However, both of these electronic options are not yet available. It is anticipated that the E-grants electronic option to receive proposals will be made available throughout NOAA in late 2004.
