SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice that it is granting the renewal of recognition to TÜV SÜD America, Inc. as a NRTL under 29 CFR 1910.7.

OSHA recognition of a NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of

recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification. OSHA maintains an informational web page for each NRTL that details the scope of recognition available at <http://www.osha.gov/dts/otpcanrtl/index.html>.

OSHA processes applications submitted by an NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, App. A I.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA between nine months and one year before the expiration date of the current recognition. A renewal request includes a request for renewal and any additional information demonstrating their continued compliance with the terms of the recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL headquarters and any key sites within the past 18 to 24 months, it will schedule the necessary on-site assessment prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces the preliminary decision to grant or deny renewal in the **Federal Register** and solicits comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

TÜV SÜD America, Inc. (TUVAM) initially received OSHA recognition as a NRTL on January 25, 2002 (65 FR 26637), for a five-year period ending on January 25, 2007. TUVAM's most recent renewal was granted on January 30, 2014, for a five year period ending on January 20, 2019. TUVAM submitted a timely request for renewal, dated April 26, 2018 (OSHA–2007–0043–0029), and retains their recognition pending OSHA's final decision in this renewal process. The current addresses of TUVAM facilities recognized by OSHA and included as part of the renewal request are:

1. TUVAM, 10 Centennial Drive, Peabody, Massachusetts 01960;
2. TÜV SÜD America, 141 14th Street NW, New Brighton, Minnesota 55112;
3. TÜV SÜD America, Inc., 10040 Mesa Rim Road, San Diego, California 92121;
4. TÜV SÜD China, Shanghai Branch 3–13, No. 151 Heng Tong Road, Shanghai 200070, P.R. China.

6. TÜV SÜD Product Services GmbH, Ridlerstrasse 65 D–80339, Munich, Germany; and

OSHA published the preliminary notice announcing TUVAM's renewal application in the **Federal Register** on July 13, 2020 (85 FR 42016). II. Final Decision and Order

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, TUVAM must abide by the following conditions of recognition:

1. TUVAM must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in their operations as a NRTL, and provide details of the change(s);

2. TUVAM must meet all the terms of their recognition and comply with all OSHA policies pertaining to this recognition; and

3. TUVAM must continue to meet the requirements for recognition, including all previously published conditions on TUVAM's scope of recognition, in all areas for which it has recognition. Pursuant to the authority in 29 CFR 1910.7, OSHA hereby renews the recognition of TUVAM as a NRTL.
